

TRANSFER PATHWAYS

Associate of Arts

The Associate of Arts (AA) is a degree intended for transfer to a four-year institution. You will select a transfer pathway with the help of academic and general advisors. The graduation requirements for the Associate of Arts degree are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 credit hours of the degree at Three Rivers College.
- Successfully complete the following coursework:
 - 60 credit hours total minimum.
 - 42 credit hours minimum of general education (MOTRANSFER).
 - 15-20 credit hours of pathway courses.
 - 2 hours of lifetime wellness or physical education activity courses.
 - 1 credit hour capstone course.
- No more than 9 credit hours of career courses (non-transfer) may be used as electives.
- Pass the Missouri Higher Education Civics Achievement Examination.
- Meet all financial obligations to the College.

Transfer Pathways

To earn the Associate of Arts Degree, certain General Education requirements and pathway courses must be satisfactorily completed. Although AA students at Three Rivers College do not declare majors, you must select pathway courses which will best prepare you for transfer into a particular major field at a specific college or university.

The listings are pathways that meet the requirements for the Associate of Arts Degree and include courses generally recommended for certain majors at most of the state (public) universities. To ensure a seamless transfer, you must verify that the suggested elective courses in this guide meet the requirements for their intended major field of study at the specific college or university you plan to attend.

Be sure to inform your advisor where you plan to transfer to make sure the pathway is designed to meet your goals. You may only earn one Associate of Arts degree.

Associate of Science

The Associate of Science (AS) is a degree intended for transfer to a four-year occupational program. The AS degree pathways are designed to provide a seamless transfer of a selection of pathway courses to a specific university. The graduation requirements for the Associate of Science degree are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Successfully complete at least 15 credit hours of the degree at Three Rivers College.
- Successfully complete the indicated pathway courses.
- Pass the Missouri Higher Education Civics Achievement Examination.
- Meet all financial obligations to the College.

Pre-Optometry pathway

General Education Division

Degree Type: Associate of Science Degree—University Parallel Major

Contact: Michael DeAngelo mdeangelo@trcc.edu

Purpose: Transfer. The AS in Pre-Optometry is designed so that students in our service area can take the basic pre-optometry requirements through Three Rivers College. Students would then transfer to the University of Missouri St. Louis (UMSL) to complete their undergraduate requirements prior to taking the Optometry Admission Test (OAT) and admission into the Doctor of Optometry degree program at UMSL College of Optometry. The OAT consists of four tests: Survey of the Life Sciences (Biology, General Chemistry, and Organic Chemistry), Reading Comprehension, Physics, and Quantitative Reasoning.

General Education Division

Degree Type: Associate of Science

Contact: Dr. Amy Kopf akopf@trcc.edu

Purpose: Transfer. The AS in Pre-Pharmacy is designed so that students in our service area can take the basic pre-pharmacy requirements through Three Rivers College. Students would then transfer to UMKC to complete their undergraduate requirements prior to taking the Pharmacy Admissions Test (PCAT) and admission into the Doctor of Pharmacy degree program at UMKC's School of Pharmacy. The PCAT tests the following areas: Writing, Verbal Ability, Reading Comprehension, Biology (General Biology, Microbiology, Anatomy & Physiology), Chemistry (General, Organic), and Mathematics (Algebra, Calculus, Statistics).

⁽¹⁾Two semesters of A&P (BIOL 231 and BIOL 232) are equivalent to Human Anatomy at UMKC.

Note: The following courses required for University of Missouri Kansas City (UMKC) Pre-Pharmacy are not available at Three Rivers – Organic Chemistry I (with lab), Organic Chemistry II (with lab) and Cell Biology. The minimum UMKC GPA requirements are a cumulative 2.75 and science/math 2.5. To be a competitive applicant, students should strive for a 3.6 cumulative and 3.5 or higher science/math; simply meeting the minimum requirement does not guarantee admission.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Associate of Arts in Teaching

Transfer Pathways

The Associate of Arts in Teaching degree (AAT) is a Missouri specific, statewide, specialized degree intended for transfer to approved teacher education programs at Missouri four-year colleges. If you wish to pursue a four-year degree at a school not in Missouri, you should complete the Associate of Arts pathway.

The AAT provides an opportunity to seamlessly transfer into a Bachelor of Arts or Bachelor of Science in Education concentration at a participating four-year transfer institution in the state of Missouri. Any Missouri community college student who has earned an AAT degree from any Missouri community college is guaranteed consistent treatment by the four-year transfer institution in accordance with the Missouri Coordinating Board for Higher Education (CBHE) Credit Transfer Policy, Principles of Best Practice, and related addenda and clarifying comments.

Length of programs may vary depending on the major and the college or university you wish to transfer to. Students must meet with their advisor to make appropriate course selections.

Program Outcomes

- **Content Knowledge Aligned with Appropriate Instruction**
The teacher understands the central concepts, structures, and tools of inquiry of the discipline(s) and creates learning experiences that make aspects of subject matter meaningful and engaging for students.
- **Student Learning, Growth, and Development**
The teacher understands how students learn, develop, and differ in their approaches to learning. The teacher provides learning opportunities that are adapted to diverse learners and support the intellectual, social, and personal development of all students.
- **Curriculum Implementation**
The teacher recognizes the importance of long-range planning and curriculum development. The teacher develops, implements, and evaluates curriculum based upon student, district, and state standards data.
- **Critical Thinking**
The teacher uses a variety of instructional strategies and resources to encourage students' critical thinking, problem solving, and performance skills.
- **Positive Classroom Environment**
The teacher uses an understanding of individual/group motivation and behavior to create a learning environment that encourages active engagement in learning, positive social interaction, and self-motivation.
- **Effective Communication**
The teacher models effective verbal, nonverbal, and media communication techniques with students, colleagues, and families to foster active inquiry, collaboration, and supportive interaction in the classroom.
- **Student Assessment and Data Analysis**
The teacher understands and uses formative and summative assessment strategies to assess the learner's progress and uses both classroom and standardized assessment data to plan ongoing instruction. The teacher monitors the performance of each student and devises instruction to enable students to grow and develop, making adequate academic progress.
- **Professionalism**
The teacher is a reflective practitioner who continually assesses the effects of choices and actions on others. The teacher actively seeks out opportunities to grow professionally in order to improve learning for all students.
- **Professional Collaboration**
The teacher has effective working relationships with students, parents, school colleagues, and community members.
