Three Rivers College provides reasonable accommodations to qualified students with a disability according to Section 504 of the Rehabilitation Act and Title II of the American with Disabilities Act to ensure that there will be no discrimination on the basis of a disability. Accommodations are adjustments made for students with disabilities to allow the same educational experiences as their peers. The purpose of an accommodation is to attempt to level the educational learning field for student with disabilities.

Pursuant to the Rehabilitation Act of 1973 (Section 504) and the Title II Americans with Disabilities Act (ADA), Three Rivers College will provide reasonable and individualized accommodations for requesting students who provide the required documentation outlining their disabilities. Because each student's disability may differ in degree and impact, reasonable accommodations will be made on an individual basis.

Declaration of a student's disability is voluntary. Documentation to support the disability must be provided to the college at the time of the request in order for a student to receive services. Information pertaining to a student's disability is kept confidential. Information provided by a qualified professional will be used to assist with the determination and level of reasonable accommodations provided. It is the intent of the college to ensure equal opportunity while maintaining the integrity and quality of its programs.
