

THREE RIVERS COLLEGE

2019-2020 COLLEGE CATALOG

TRCC.EDU

Welcome to Three Rivers College, where our focus is your success

Thank you for choosing Three Rivers College, where our focus is your success.

At Three Rivers, you will discover a student-centered culture that includes faculty who know their students' names, staff who provide guidance on individual education plans, and tutors who provide enhanced instruction and academic support.

Whether you are just beginning your college career, coming back to finish a degree, training for a new job, seeking career advancement, or enhancing your skills, at Three Rivers you will find the opportunities you seek to learn and grow.

Three Rivers is prepared to meet the needs of all our students – from recent high school graduates to retirees; from valedictorians to those needing academic assistance; from students seeking transfer to a four-year program to those training for in-demand career/technical fields.

We help you succeed by providing open access to affordable, high-quality education in an environment where you matter as a person. We provide individual attention so you will not get lost in the crowd. If you have work and family obligations, we offer classes at convenient locations and times, as well as online courses. We have a range of services to support your success, including advising, tutoring, financial aid, library resources, career and transfer assistance, on-campus apartments, and bachelor's degree completion programs.

During your time at Three Rivers, seize the opportunity to enrich your college experience by getting involved with student organizations, participating in college activities, and attending athletic games and fine arts performances.

The success of Three Rivers shows in its graduates. Students from Three Rivers have transferred to colleges and universities across the country and experienced high levels of success. Graduates of our career/technical, nursing and allied health programs are finding good-paying jobs in in-demand fields.

Three Rivers alumni include physicians, dentists, nurses, and laboratory technicians. They are finding success in law enforcement, government, education, manufacturing, and agriculture. They lead corporations, run successful businesses, and coach sports teams. They are attorneys, fire fighters, network administrators, engineers, and scientists.

We invite you to become part of Three Rivers' continuing success story and join our community of students who are reaching their life goals through community college education. You will find that success does start at Three Rivers College.

Sincerely,

A handwritten signature in black ink that reads "Wesley A. Payne". The signature is written in a cursive style.

WESLEY A. PAYNE, Ph.D.

ABOUT US

The College

Three Rivers College is one of 12 public, two-year institutions established under the Missouri Junior College Act of 1961. The College serves a 15-county area of nearly 10,000 square miles which encompasses the Southeast Missouri counties of Bollinger, Butler, Cape Girardeau, Carter, Dunklin, Howell, Mississippi, New Madrid, Oregon, Pemiscot, Reynolds, Ripley, Scott, Stoddard, and Wayne.

The College taxing district is comprised of the following school districts: Poplar Bluff R-I, Neelyville R-IV, and Twin Rivers R-X in Butler County; Van Buren R-I and East Carter County R-II in Carter County; Doniphan R-I, Naylor R-II, Ripley County R-III, and Ripley County R-IV in Ripley County; and Clearwater R-I and Greenville R-II in Wayne County.

College History

Three Rivers College was founded April 5, 1966, when citizens of the Southeast Missouri counties of Butler, Carter, Ripley, and Wayne voted into existence the College District. The College opened in storefront facilities in downtown Poplar Bluff, Missouri, with 138 students in the summer of 1967. Today, Three Rivers enrolls thousands of students at locations throughout Southeast Missouri, including an 80-acre campus in Poplar Bluff; full-service locations in Cape Girardeau, Dexter, Kennett, and Sikeston; as well as many other locations, including Doniphan, Piedmont, Portageville, and Van Buren. Programs include college transfer, career-technical, transitional, and continuing education.

Vision Statement

Three Rivers College will be the preeminent, cutting-edge community of learners with a student-first focus, and will operate as a vibrant, dynamic catalyst for the creation of opportunities that foster learning and student success.

Mission Statement

Three Rivers College inspires, prepares, and empowers students to succeed through open access to high-quality learning opportunities that meet the needs of the communities we serve.

Commitments that inform the mission:

- Open access to educational programs to prepare students for transfer to a four-year baccalaureate institution, as well as programs of career and technical education to prepare students for entry or advancement in the global workforce.
- Comprehensive academic services, learning resources, basic skills development, and educational opportunities for students of diverse cultural, socioeconomic, and academic backgrounds.
- Support services and student activities to enhance individual growth and academic potential.
- Collaborative partnerships to develop specialized programs that meet the changing needs of business and industry, government, secondary schools, and other colleges and universities.
- Lifelong learning opportunities for individuals who wish to improve job performance, develop new skills, or pursue personal interests.
- Community services that support and encourage the economic, civic, and cultural vitality of the region.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Core Values

Commitment to Learning

We provide exemplary learning opportunities and maintain the highest standards through continuous improvement.

Hardworking

We are dedicated to working more diligently, smartly, creatively, and innovatively.

Honesty and Integrity

We honor our commitment to the College mission as we hold ourselves to the highest ethical standards in all operations.

Quality

We take decisive action to shape the future in order to fulfill our commitment to excellence.

Respect

We value the worth of individuals from all backgrounds and treat coworkers and members of the community with courtesy and dignity.

Strategic Plan 2016-2020

The strategic planning steering committee, made up of a diverse group of Three Rivers faculty, staff, administrators, and students, developed the mission statement for Three Rivers College. Next, the group decided on the following strategic themes needed to reach that mission, along with initiatives and strategies for each theme.

Theme: **Excellent Student Service**

Initiative: The College will continue to make student success the top priority as we provide open access to high-quality education at a reasonable cost. Therefore, we must continue to employ effective processes and develop better systems to serve our students efficiently.

- Strategies:
- Grow Academic Advisor Capacity.
 - Assess and Improve Advising and Registration Processes.
 - Expand Student Accounts Capacity.
 - Assess and Improve Financial Aid Processes.
 - Improve Communication to Students.
 - Refine Policies and Procedures for Student Services.
 - Clarify Curricular Requirements.
 - Better Utilize Student Feedback for Informed Decisions.

Theme: **High-Quality Instruction**

Initiative: The College will continue to shape its culture by making learning our first priority and the driving force behind all initiatives, decisions, and policy development.

- Strategies:
- Expand and Improve Policies, Processes, and Procedures.
 - Enhance Instructor Training and Support.
 - Build a Supportive Environment for Adjunct Instructors.
 - Align Salaries with Peer Institutions.
 - Attract and Retain High-Quality Candidates through Competitive Salaries.
 - Promote Quality Higher Education Instruction.
 - Maintain Learning Resources Appropriate to Curriculum.
 - Champion Innovative Teaching Strategies.
 - Promote a Culture of Continuous Learning and Improvement.

Theme: **Learning Environment**

Initiative: The College will create a dynamic, safe, and caring student-first physical learning environment that promotes open access to opportunities for all students of diverse backgrounds and ensures their preparation for success in a global world.

- Strategies:
- Maintain Facilities in Support of Learning.
 - Support a Comprehensive Maintenance Program to align with Master Plan.
 - Ensure a Sustainable and Flexible Technology Infrastructure.
 - Enhance Safety and Security.

Theme: **Resource Development**

Initiative: The College will seek alternative funding sources and utilize resources in a responsible manner.

- Strategies:
- Expand and Improve Scholarship Opportunities for Students.
 - Seek Targeted Alternate Funding Streams.
 - Foster a Culture of Data-Informed Decisions.
 - Create and Maintain Partnerships.
 - Seek Informed Cost Savings for Efficient Operations.
 - Develop and Implement Focused Fundraising Activities.

Theme: **Student Enrollment, Retention, and Transfer**

Initiative: The College will continue to develop and improve student retention initiatives that align with a supportive infrastructure to provide the best possible outcome for our students to set and achieve their goals. Program completion and job placement rates are a measure of our commitment to student success.

- Strategies:
- Increase Student Completion Rates.
 - Increase Fall to Fall Student Retention Rates.
 - Increase Student Transfer Rates.

- Improve Job Placement Rates.
- Focus Enrollment Initiatives for Targeted Programs.
- Build and Expand Relationships with Educational Partners.
- Develop Comprehensive Student Retention Initiatives.

Theme: **Team Member Development**

Initiative: The College will build a team of highly skilled and trained individuals leading to an improved student learning culture, excellent services, and more efficient operations.

- Strategies:
- Develop and Implement Training for Emerging Technologies.
 - Provide Professional Development Opportunities.
 - Support New Initiatives through Training.
 - Advocate Cross-training Opportunities.
 - Improve New Team Member Orientation Processes.
 - Provide Resources for Wellness and Support

Accreditation

Three Rivers College is accredited by the Higher Learning Commission, located at 230 South LaSalle Street, Suite 7-500, Chicago, Illinois 60604, 800-621-7440.

This recognition and accreditation assures that work completed satisfactorily at Three Rivers will be recognized at full value by other colleges, universities, and professional schools.

The Nursing program is accredited by the Accreditation Commission on Education in Nursing (ACEN). The Poplar Bluff program and the Sikeston LPN to RN Bridge program are fully approved by the Missouri State Board of Nursing.

The Medical Laboratory Technician program is accredited under the Missouri Health Professions Consortium MLT Program by the National Accrediting Agency for Clinical Laboratory Sciences.

The Emergency Medical Services-Paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professional. Three Rivers College is a Missouri Department of Health and Senior Services, Bureau of Emergency Medical Services accredited EMS training entity.

The MHPC OTA Program has been granted accreditation by the Accreditation Council for Occupational Therapy Education (ACOTE), the accrediting body of the American Occupational Therapy Association (AOTA).

All pre-professional teacher education courses are approved by the Missouri State Board of Education.

Go to www.trcc.edu/about/collegepolicy.php for more information.

ADMISSIONS

Three Rivers College is an open admission institution and accepts any person with a high school diploma or equivalent.

Equal Opportunity

All persons who meet the general admission requirements will be treated in identical fashion regardless of race, color, gender, sexual orientation, religion, age, disability, or national origin. This right also applies to participation on an equal basis in respect to all the curricular or non-curricular activities of the College.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Steps to Be Admitted

1. All students must submit a completed application found on the College website at www.trcc.edu/admissions/application.php
2. Submit official high school transcripts or GED/HiSET test results.
3. Submit official transcripts from all colleges attended.
4. Request ACT or SAT scores be sent to Three Rivers or make an appointment to take the ACCUPLACER test.
5. Schedule a Registration and Orientation for College Success (ROCS) online at www.trcc.edu/admissions/rocs.php or contact the location nearest you.

Pursuant to Missouri State Statute 174.130, Three Rivers will not knowingly admit any aliens unlawfully present in the United States. Proof of legal residency may be required at the time of application.

Denial of Access

The College may deny admission or continued attendance if it reasonably appears that the student would not be competent to profit from the curriculum offerings of the College, or would, by the student's presence or conduct, create a threat or potential danger to the college community, or if such denial of access is considered to be in the best interest of the College. Denial of access decisions may be appealed. Contact the Dean of Student Services at 573-840-9669 for more information concerning appeals.

Foreign High Schools

Students attending high school outside the U.S. must submit official records such as transcripts, diplomas, and/or standardized exam results equivalent to a U.S. high school diploma. High school records not issued in English must be accompanied by an official English translation.

Home Schools, Non-Accredited High Schools, or Non-Accredited Correspondence Schools

If you attended a home school, non-accredited, or correspondence high school, you may attend if you are at least 16 years old, submit transcripts verifying completion of an academic program, and take the ACCUPLACER or submit ACT scores.

Limited Enrollment Programs

The Nursing, Practical Nursing, Paramedic, Occupational Therapy Assistant, and Medical Laboratory Technology Programs are limited in enrollment. Additional information and program applications for Nursing and Allied Health Programs are found on the College website: www.trcc.edu/admissions/application.php.

Courses

You may enroll in courses only when prerequisites for the courses are met and provided space is available. Prerequisites are noted in the Course Description section of this catalog and on *myTRCC*.

Honors Program

You may join the Honors Program if you have one of the following:

- An ACT score of 26 or higher in Math, Writing, or Reading.
- An ACCUPLACER WritePlacer score of 7 or higher or Reading score of 290 or higher.
- An ACCUPLACER Advanced Algebra and Functions score of 265 or higher.

Dual Enrollment

Dual enrollment is the enrollment of high school students in college classes. These classes are taught by TRC instructors and may be located on the main campus, at off-campus sites, or online. If you complete dual enrollment classes, you will receive college credit but may not receive high school credit.

You must follow the same procedures and have the same enrollment qualifications as regular TRC students. Placement scores may be required to enroll in some classes. If qualified, you may take both dual credit and dual enrollment classes during the same semester. If you are interested in this option, you should check with your high school counselor and the Coordinator of Academic & Career Outreach Services at 573-840-9619.

Dual Credit

Admission is granted to students attending accredited high schools who want to participate in the dual credit program. Dual credit is defined as college courses taught on the high school campus by academically qualified high school instructors. Students who complete these courses are awarded both high school and college credit. This program is open to students who qualify under the state guidelines, meeting GPA and test score requirements. In addition, placement scores may be required in order to enroll in some of the classes. Students interested in this option should check with their high school counselor and the Coordinator of Academic & Career Outreach Services at 573-840-9619.

Course Placement

You must provide ACT scores or take the ACCUPLACER test to enroll in a course with a prerequisite of math, English or reading. Scores from the ACT or ACCUPLACER test are used to place you in the right English, math, and reading courses to ensure the best chance for success. You can take the ACCUPLACER test on designated dates throughout the year at Three Rivers. Your scores are valid for five years.

The following chart identifies the ACT and ACCUPLACER subtest scores used for placement in these courses.

Course	ACT*	ACCUPLACER
MATH 02-Transitional Math	0 to 17	200 to 279 (A) 200 to 210 (AAF)
ENGR 106-Technical Math I	9 to 17	263 to 300 (A) 200 to 210 (AAF)
MATH 153-Intermediate Algebra MATH 161-Mathematical Reasoning & Modeling MATH 162-Math for the Elem Teachers	18 to 21	211 to 236 (AAF)
MATH 163-College Algebra for Calculus	22 or above	237 to 262 (AAF)
MATH 164-Trigonometry	26 or above	263 to 275 (AAF)
MATH 171-Analytic Geometry & Calculus	28 or above	276 to 300 (AAF)
ENGL 02-Transitional College Writing	17 or below (ENGL)	4 or below (WP)
READ 01-Transitional College Reading I READ 02-Transitional College Reading II	14 or below (READ) 15 to 17 (READ)	200 to 230 (RS) 231 to 240 (RS)
ENGL 111-College Writing	18 or above (ENGL) <i>and</i> 18 or above (READ)	5 to 8 (WP) <i>and</i> 241 or above (RS)
(A) = Arithmetic, (AAF) = Advanced Algebra & Functions, (WP) = WritePlacer (essay), (T) = Trigonometry, (RS) = Reading Skills Test		
*ACT placement scores are based on sub-scores in the applicable subject area, not the composite score.		

STUDENT CLASSIFICATIONS

Students are classified as follows:

Full-Time Student

You are a full-time student if you are enrolled in 12 or more credits for Fall and Spring semester or 6 hours for Summer term.

Part-Time Student

You are a part-time student if you are enrolled in less than 12 credits for Fall and Spring semesters or less than 6 hours for Summer term.

Curricular Student

You are a curricular student if you are seeking a degree or certificate.

Non-Curricular Student

You are a non-curricular student if you are not seeking a degree or certificate. Non-curricular students are not eligible for federal financial aid and are classified as follows:

- Upgrading employment skills for present job.
- Developing skills for new job.
- Career exploration - The College will provide counseling to help students make decisions concerning career goals. Students are expected to declare other educational goals prior to completing 30 credit hours of course work.
- Personal satisfaction and general knowledge.
- Visiting - Visiting students are those who, while enrolled at a community college, maintain primary enrollment with other post-secondary institutions.
- Non-degree transfer - Non-degree transfer students are those enrolled at the College with the intent to transfer to other post-secondary institutions prior to completing graduation requirements.
- High school - High school students who are dual enrolled and home schooled students under the age of 18.
- General or curricular requirement pending (with College approval only) - This classification includes students who have not met all general or specific admission requirements as stated in the College catalog. Students should be enrolled in this category for one semester only.
- Dual Credit/Dual Enrollment - Students currently enrolled in high school or home school who have not completed the requirements of secondary school graduation.

- Auditing a course (with College approval only) - Under this classification, students enroll in courses without taking exams or receiving credit. Audits are permitted only if there is a sufficient number of students taking the class for credit.

Freshmen have fewer than 30 semester hours credit.

Sophomores have earned 30 or more semester hours of credit.

Transfer Student

You are a transfer student if you have attended another post-secondary institution before enrolling at TRC.

Continuing Student

You are a continuing student when you have not had a break in enrollment (excluding summer session) at TRC.

Returning Student

You are a returning student if you previously earned at least one hour of credit at TRC. If you have not been enrolled at TRC for a semester or more (excluding summer session), you may reactivate your files by updating your admission information. If you have attended another accredited institution since leaving TRC, you must submit official transcripts.

Concurrently Enrolled Student

You are a concurrently enrolled student if you are enrolled in TRC and another college during the same semester.

International Student

If you are a non-immigrant international student seeking I-20 admission, the following items are required in addition to the regular admission requirements (An international student checklist may be obtained in the Advising Center):

1. Be eligible for an F-1 visa.
2. Submit Affidavit of Support.
3. Submit a TOEFL (Test of English as a Foreign Language) of at least 500 on the paper-based test or 173 on the computer-based test.
4. Submit Admissions Application.
5. Proof of insurance.

If you are transferring from another college, you must be in good standing with a grade point average of at least 2.0 at

the time of transfer. All international students will be charged out-of-state tuition. Students with a valid permanent residence cards will be billed according to residency. Educational records from institutions outside the United States must be evaluated as described in the section on records.

Further information regarding international students can be obtained from the Advising Center at 573-840-9666

Pursuant to Missouri State Statute 174.130, Three Rivers will not knowingly admit any aliens unlawfully present in the

United States. Proof of legal residency may be required at the time of application.

Unclassified Student

If you have an advanced degree, you may register for Three Rivers' classes and will be unclassified. Three Rivers graduates enrolling in transfer courses will be unclassified students.

Go to www.trcc.edu/about/collegepolicy.php for more information.

REGISTRATION

Steps to Register

- Complete the Application for Admission using the online form on our website at www.trcc.edu/admissions/application.php.
- Complete your Free Application for Federal Student Aid (FASFA).
- Take the ACCUPLACER placement exam or submit your ACT or SAT scores.
- Submit high school and previous college transcripts.
- Sign up for a ROCS Session for orientation and register for classes (new students only).
- If you have not declared a major, visit an advisor to review program requirements, discuss academic plans, and select classes.
- Review program requirements in the College catalog and read course descriptions.
- Determine if a prerequisite or corequisite is necessary. See definition in Academic Information and Rules section of College catalog.
- Plan a tentative schedule that considers work and family obligations.
- Go online at www.trcc.edu and click on *myTRCC* to create a schedule, choose class times and locations, register, and pay for classes. If you are a new student, you will work with your initial advisor.
- Have your advisor approve your schedule.
- Register for courses.
- Consider your payment options. Once you are registered for courses, billing is generated. If you do not secure payment in the form of financial aid or scholarship prior to classes starting, you will be required to pay for the tuition, books, fees, etc. on your own. Please see Fees and Charges for payment options. For more information go to www.trcc.edu/financialaid/tuition.php.

Last Day to Register for Classes

The last day to register for classes can be found on the academic calendar and in the important dates section of this catalog. After the last day to register, you may only make limited schedule changes during the first week of classes with instructor permission. You will need to contact your advisor for schedule changes.

Course Schedule

The course schedule is located on Three Rivers' website at www.trcc.edu; click the link for *myTRCC* and then the "Search for Classes" link. No username or password is required to view the schedule.

How to Access *myTRCC* – The Student Self-Service Website

The student portal (*myTRCC*) is a convenient way for you to access your personal, academic, and financial information online. Through *myTRCC*, you can search the course catalog and semester course offerings, register and pay for classes, check your program progress, and access your schedule, grades, unofficial transcript, financial aid, account information, and multiple documents and forms.

The *myTRCC* system operates in an encrypted and secure environment. You must use your *myTRCC* username and password to access your personal information. It is important to not share your password with anyone. It is recommended you create a long password that you do not use elsewhere. *myTRCC* is accessed on the homepage of the website at www.trcc.edu. Go to <https://trcc.edu/loginhelp/> to learn how to login.

New Students

New Three Rivers students must register in person on the Poplar Bluff campus or at one of the College's external locations. New Three Rivers students gain access to *myTRCC* approximately two weeks after registration.

Current and Returning Students

You MUST meet with your advisor to select the correct courses that apply to your degree plan. Faculty advisors will assist you in planning courses to be taken in current and future semesters. Once your courses are approved, you may register through *myTRCC*.

Auditing a Course

Auditing a course is when you wish to enroll in a course to learn the material but not earn credit. If you are auditing a course, you will not be required to take examinations but will be expected to attend and participate in the learning process of the course. You may not change from an audit status to a credit status or a credit status to an audit status after the normal drop/add period.

Dropping a Course

Talk to your instructor before making the decision to drop a class.

A course may be dropped at any time prior to the date published in the academic calendar, which is the 75% date of the course. After this date you cannot drop a single course, but you may withdraw from all courses, unless granted permission for a late drop by the Chief Academic Officer.

Courses dropped during the 100% refund period will not be recorded on your transcript. Courses dropped after the 100% refund date will be recorded on your transcript with a “W” grade.

A course is dropped by completing a Withdrawal/Drop form at the Welcome Center, any external location, or on myTRCC. Failure to complete the proper procedure for dropping a class may result in a grade of “F” for the course.

- You will receive a 100% credit of tuition and fees if you drop a class prior to the last day of the 100% credit period. Specific dates can be found on the College website at <http://www.trcc.edu/studentaccounts/tuitionfees.php>.
- Specific deadlines for dropping courses are provided in the full academic calendar for the semester and may be found on the College website at <http://www.trcc.edu/academics/>.
- No credits or refunds will be made after the published deadline.
- All rental textbooks must be returned at the time you drop a course(s).
- You may drop classes by visiting the Advising Center, myTRCC, or an external location.
- You are responsible for paying all remaining unpaid charges including tuition, fees, College Store charges, and housing balances.

Withdrawal from College

A withdrawal from college is when you drop all courses taken during a semester. You are strongly encouraged to speak with your advisor and the Office of Financial Aid prior to withdrawing from the College. You may withdraw from the College up to and including the last day of class.

Prior to the last date to drop a course, you can withdraw online through myTRCC. After this date, you must contact the Welcome Center to withdraw.

- You will receive a 100% credit of tuition and fees if you withdraw from college prior to the last day of the 100% credit period. Specific dates can be found on the College website at <http://www.trcc.edu/studentaccounts/tuitionfees.php>.
- Specific deadlines for withdrawing are provided in the full academic calendar found on the College website at <http://www.trcc.edu/academics/>.
- No credits or refunds will be made after the published deadline.
- All rental textbooks must be returned at the time you withdraw from College.
- You may withdraw from College by visiting the Advising Center, myTRCC, or an external location.
- You are responsible for paying all remaining unpaid charges including tuition, fees, College Store charges, and housing balances.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Class Attendance

To be successful, you must attend class as scheduled. If for some reason you are unable to attend class, it is your responsibility to notify your instructor and arrange to make up work, if allowed. If you are going to be absent for more than two weeks, you should notify the Dean of Student Services immediately. Being absent from class can reduce your final course grade and result in your removal from the course.

Go to www.trcc.edu/about/collegepolicy.php for more information.

ADVANCED PLACEMENT

Advanced placement may be obtained through the use of standardized tests, Credit for Prior Learning, specific articulation agreements between the College and area high schools, and transferring coursework from other colleges. A maximum total of 30 credit hours of alternative credit may be used toward completion requirements, up to 50% of a program.

College Level Examination Program (CLEP)

The College Level Examination Program (CLEP) provides an opportunity to demonstrate acquired knowledge equivalent to college-level courses. A score at the 50th percentile or higher is required to receive credit for a CLEP subject examination. Students seeking information about the CLEP examinations may contact Three Rivers Testing Services at 573-840-9667. Scores will be submitted to the Office of the Registrar.

CLEP Subject Examinations	Three Rivers Course Equivalent	Hours

United States Government and Politics	3	GOVT 121: National and State Government	3
United States History	3	HIST 111: American History to 1877	3

AP tests received, but not shown in the table, will be evaluated on a case-by-case basis by faculty knowledgeable in the specific course to determine if an AP score of 4 or 5 warrants granting additional credits/or courses to the student.

Credit for Prior Learning

Credit is awarded on a case-by-case basis, depending on the student's potential for Credit for Prior Learning (CPL) and the alignment with the intended major. To be considered for CPL, you must be enrolled and have completed a minimum of 1 credit hour that is transcribed to your student record. Please review the Guide for Alternative Credit, available on the College website for additional information or details.

Go to www.trcc.edu/about/collegepolicy.php for more information.

For any Credit for Prior Learning questions contact Career Services at 573-840-9655.

Military Experience Evaluation

Current and former members of the U.S. Armed Forces, U.S. Reserves, and National Guard who have successfully completed basic training may be granted two hours of college credit for physical education. Veterans need to request an official military transcript be sent to TRC through the joint services transcript service at www.jst.doded.mil or The Community College at the Air Force (for Air Force only) at www.airuniversity.af.mil. Military training/education will be evaluated for possible credit from the joint services transcript service.

To have training/experience evaluated for Credit for Prior Learning you must complete the application for Alternative

College Credit and submit to the Career Services Office along with the application fee receipt (if applicable).

Go to www.trcc.edu/about/collegepolicy.php for more information.

Credit Transfer from Other Colleges

Three Rivers awards college credit in transfer for college-level courses completed at colleges and universities accredited by the following accrediting agencies: Middle States Commission on Higher Education, New England Association of Schools and Colleges, Higher Learning Commission, Northwest Commission on Colleges and Universities, Southern Association of Colleges and Schools, Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges, and Council on Occupational Education. Credit earned at other institutions will be evaluated on a case-by-case basis.

If you went to a high school outside of the U.S., you must submit official records such as transcripts, diplomas, and/or standardized exam results equivalent to a U.S. high school diploma. High school records not issued in English must be accompanied by an official English translation.

If you have completed college/university coursework at an institution outside of the U.S., you must have your transcripts/diplomas evaluated by AACRAO (www.ies.aacrao.org), members of NACES (www.naces.org), or other professional credential evaluation companies. You should obtain “course by course” evaluations. You are

responsible for paying any fees associated with the credential evaluation process. If you are coming from a foreign institution accredited by a U.S. regional accreditor, you do not need to have your credentials evaluated.

Similar transfer courses are equated to TRC courses. Non-equivalent transfer courses may be counted as electives. You must request that an official transcript from each institution attended be sent directly to the TRC Office of the Registrar. Only official transcripts will be evaluated. Allow two to four weeks for TRC to receive the transcript(s).

Only courses that will count toward a degree program at TRC will be transcribed. All courses transferred to TRC will calculate in the cumulative GPA.

Repeated courses from an incoming transcript will be noted on the TRC transcript the same as they are noted on the transcript from the incoming school. Students may view their transcripts from other institutions, but may not obtain a hard copy once they are submitted to TRC to become part of the permanent record.

The designated transfer articulation officer at TRC is the College Registrar. Requests to have transfer credit re-evaluated should be submitted to the registrar.

Go to www.trcc.edu/about/collegepolicy.php for more information.

COST AND FINANCIAL ASSISTANCE

Many types of federal and state institutional financial aid programs are available to help you pay for college. The Office of Financial Aid can be contacted at 573-840-9606 or financialaid@trcc.edu and is located on the 1st floor of the Westover Administrative Building room 103, if you have questions or need assistance.

Financial Aid

To be considered for financial assistance, most students must first submit a Free Application for Federal Student Aid (FAFSA) each award year. To complete the FAFSA, follow the steps below:

1. Apply for FSA ID at <https://fsaid.ed.gov>.
2. Complete the Free Application for Federal Student Aid (FAFSA) www.fafsa.gov. Remember no fee is charged to apply.
3. Make sure to select the correct FAFSA year. Summer semester at Three Rivers College is treated as a trailer semester to the academic year. Students starting in summer will need to submit a FAFSA for the current year, as well as the next year.
4. Be sure to add Three Rivers College school code **004713**.
5. Link taxes using the FAFSA's IRS Data Retrieval Tool (dependent students will also need to link parent tax information). Instructions for linking taxes are available on IRS Website: www.irsdataretrievaltool.com/irs-data-retrieval-tool-step-by-step-instructions.
6. Please contact the Financial Aid Office or external locations for assistance with completion of the FAFSA.

Financial Assistance Programs

- **Grants** - awarded based on financial need and generally do not have to be repaid as long as you remain in school and complete the semester satisfactorily.
- **Federal Work-Study** - awarded based on financial need and does not have to be repaid. You must apply for this assistance separately.
- **Loans** - must be repaid with interest.
- **State Aid** - awarded based on financial need or merit and generally does not have to be repaid as long as you remain in classes and satisfactorily complete the semester.
- **Scholarships** - awarded based on financial need, merit, or as a selective process and generally do not have to be repaid as long as you remain in school and complete the semester satisfactorily.

- **Veterans Benefits** - eligibility is determined by the U.S. Department of Veterans Administration (DVA) and generally do not have to be repaid as long as you remain in school and complete the semester satisfactorily.
- **Vocational Rehabilitation** - eligibility is determined by Vocational Rehabilitation and generally does not have to be repaid if courses are completed satisfactorily.
- **Outsourced Agencies** - eligibility is determined by agency and generally do not have to be repaid.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Federal Pell Grants

Federal Pell Grants are normally awarded if you have demonstrated financial need and have not earned a bachelor's or professional degree. The U.S. Department of Education determines eligibility by reviewing the FAFSA information, which produces an Expected Family Contribution (EFC) as indicated on the Student Aid Report (SAR).

The Pell Grant amount you receive is based on your financial need, the cost of attendance, whether you are attending full-time or part-time, and whether you attend school for a full academic year or less. You may not receive Pell Grant funds from more than one school at the same time. Your Lifetime Pell Limit is restricted to 600 percent (for example 12 semesters of full-time attendance) at all colleges. For more information on Pell Grants, visit the Federal Student Aid Website, www.studentaid.ed.gov/sa/types/grants-scholarships/pell or visit www.trcc.edu/financialaid/.

Federal Supplemental Educational Opportunity Grants (FSEOG)

FSEOG grants are normally awarded to students with the lowest Expected Family Contribution. Due to limited funding, not every eligible student will receive FSEOG. The annual award typically ranges from \$200-\$600 at Three Rivers. For more information on FSEOG grants, visit the Federal Student Aid Website, www.studentaid.ed.gov/sa/types/grants-scholarships/fseog.

Federal Work-Study Program (FWS)

The Federal Work-Study (FWS) Program provides campus employment for qualified students. Due to limited funding, not every eligible student can participate in the work-study program. College work-study award amounts vary based on student eligibility and the work assignment. Federal Work-

Study participants are paid on a bi-weekly basis. To be eligible for work-study employment, a student must have financial need, be enrolled in the current semester, and be in good academic standing.

Go to www.trcc.edu/financialaid/workstudy.php to view current positions. Applications are available at the Financial Aid Office. Additional information regarding the Federal Work-Study program can be found at www.studentaid.ed.gov/sa/types/work-study.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Loans

Three Rivers College is approved to participate in the Federal Direct Student Loan program which includes Subsidized Student Loans, Unsubsidized Student Loans, and Parent Plus Loans. **Student loans must be repaid.** For additional information on student loans, contact the Office of Financial Aid or go to www.trcc.edu/financialaid/loan.php for instructions on how to apply. Go to www.studentaid.ed.gov/sa/types/loans for additional information. Information regarding repayment is available at www.studentaid.ed.gov/sa/repay-loans.

Missouri A+ Scholarship

You are eligible to use the A+ Scholarship Program to cover the cost of tuition and common fees for eligible classes if you successfully complete Missouri's A+ Schools Program. The A+ award is reduced by the amount of available non-loan, federal financial assistance, such as the federal Pell Grant.

Go to <http://dhe.mo.gov/ppc/grants/aplusscholarship.php> or www.trcc.edu/financialaid/aplus.php for additional information.

Access Missouri

Access Missouri is a need-based program for Missouri residents. Eligibility is determined by your expected family contribution (EFC) as calculated through the Free Application for Federal Student Aid (FAFSA). Award amounts are determined by the State of Missouri. The Access Missouri Award will be reduced by the amount of A+ funding received. Go to <http://dhe.mo.gov/ppc/grants/accessmo.php> for additional information.

Bright Flight

Missouri Bright Flight is a merit-based program that encourages top-ranked high school seniors to attend approved Missouri post-secondary schools. Go to <http://dhe.mo.gov/ppc/grants/brightflight.php> for current information and criteria.

For information on other state grants and scholarships go to <http://dhe.mo.gov/ppc/grants>.

Scholarships

You will be considered for eligible scholarships as part of the admissions process.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Institutional Scholarships

Institutional scholarships are offered based on academic, service, and performance. Specific eligibility criteria and enrollment stipulations may apply based on the scholarship award. For more information on scholarships, contact the Office of Financial Aid or go to www.trcc.edu/forms/financialaid/institutionalscholarships.pdf.

Private/Endowment Scholarships

Private/Endowment Scholarships are awarded based on the criteria established by the donor. Scholarship information is available through the Office of Financial Aid or the Three Rivers College website, www.trcc.edu/financialaid/scholarships.php.

Outside Aid Reporting Requirement

If you receive outside funding while attending TRC, including but not limited to scholarships or grants, you must report the source and amount of such outside assistance. Federal regulations require the College to adjust a student's aid award so as not to exceed the student's need.

Veterans Information and Services

The Office of Financial Aid is responsible to certify all veterans benefits and provides services to students who are eligible to receive education assistance as administered through the U.S. Department of Veterans Affairs (DVA). Veterans, dependents, and spouses of veterans or members of the National Guard should contact the Office of Financial Aid to initiate their educational benefits, as well as federal and state tuition assistance. Monthly benefit rates are set by Department of Defense and the DVA and vary according to the student's benefits categories and enrollment.

VA Educational Benefits recipients are required to meet the same standard of progress as all students. In addition, veterans and their dependents are required to:

- Declare an approved educational program of study.
- Submit all high school transcripts, previous college transcripts, and military transcripts to the Office of the Registrar.

- Veterans and members of the National Guard should present a copy of their DD-214 (member 4 copies) or NOBE.
- Notify the Office of Financial Aid of any changes to enrollment or program of study.

For residency status information for active military, veterans, and their spouse or widows/widowers and any children, please visit <https://trcc.edu/forms/policiesregs/SP2215.pdf>.

Go to www.benefits.va.gov/gibill/index.asp or www.trcc.edu/financialaid/veterans.php for additional information.

Vocational Rehabilitation

In cooperation with the Division of Vocational Rehabilitation of the State Department of Education, Three Rivers provides educational experiences that assist individuals who have disabilities in living and working in a contemporary society. Counseling and academic support services are provided to vocational rehabilitation students while at Three Rivers. Go to www.dese.mo.gov/adult-learning-rehabilitation-services/vocational-rehabilitation for additional information.

Outsourced Agency Services

The Trade Adjustment Allowance Program (TAA) benefits individuals laid off or who had hours reduced because their employer was adversely affected by increased imports from other countries.

The Workforce Innovation Opportunity Act (WIOA) is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.

There are three types of WIOA students:

- **Dislocated Worker:** Individuals 18 years and older who have lost their employment due to a permanent layoff, plant closure, dismissal, or displacement as a homemaker.
- **Youth:** Individuals ages 14 through 21 who are a member of a household that receives public assistance, or who meet income eligibility criteria and who have a barrier to employment and need additional assistance to complete an educational program or to secure or retain employment.
- **Adults:** Individuals age 18 or older who are members of a household receiving public assistance or who meet income eligibility criteria.

Verification

Students who complete the FAFSA are randomly selected by the U.S. Department of Education (DOE) to complete an audit process called verification. If additional information is needed, the Office of Financial Aid will notify you via your email account. You can see what additional documents are needed through your myTRCC account. For additional information go to www.trcc.edu/financialaid/fafsaverification.php.

Financial Aid Offer

You can view your financial aid offer through your myTRCC account. The Office of Financial Aid will consider the financial aid offers accepted unless notified in writing by you.

Maintaining Financial Aid and Enrollment

While everyone achieves at different levels, satisfactory academic progress (SAP) is a requirement of continued attendance and financial aid eligibility. Go to www.trcc.edu/about/collegepolicy.php for more information on SR 2760 Financial Aid Satisfactory Academic Progress.

<p>To maintain federal satisfactory academic progress (SAP) for financial aid you must:</p> <ul style="list-style-type: none"> • Complete an eligible program in no more than 150% of the published length of the program. • Successfully complete 67% of attempted credit hours. • Maintain the required cumulative grade point average (GPA) listed below based on total hours attempted: <table border="1"> <thead> <tr> <th>Total Hours</th> <th>GPA Required*:</th> </tr> </thead> <tbody> <tr> <td>0 - 15</td> <td>1.50</td> </tr> <tr> <td>16 - 30</td> <td>1.70</td> </tr> <tr> <td>31 - 44</td> <td>1.90</td> </tr> <tr> <td>45+</td> <td>2.00</td> </tr> </tbody> </table> <p><i>*Transitional courses will be computed in GPA, and the credit hours attempted and completed. Courses with an I, CR, NP, and W grade are excluded from GPA.</i></p>	Total Hours	GPA Required*:	0 - 15	1.50	16 - 30	1.70	31 - 44	1.90	45+	2.00	<p>To maintain academic eligibility for Academics you must:</p> <ul style="list-style-type: none"> • Maintain the required cumulative grade point average (GPA) listed below based on total hours attempted: <table border="1"> <thead> <tr> <th>Total Hours</th> <th>GPA Required*:</th> </tr> </thead> <tbody> <tr> <td>0 - 15</td> <td>1.50</td> </tr> <tr> <td>16 - 30</td> <td>1.70</td> </tr> <tr> <td>31 - 44</td> <td>1.90</td> </tr> <tr> <td>45+</td> <td>2.00</td> </tr> </tbody> </table> <p><i>* Transitional courses will NOT be calculated in GPA. Credit hours for transitional courses will be calculated in the completed credit hours.</i></p>	Total Hours	GPA Required*:	0 - 15	1.50	16 - 30	1.70	31 - 44	1.90	45+	2.00

Total Hours	GPA Required*:																				
0 - 15	1.50																				
16 - 30	1.70																				
31 - 44	1.90																				
45+	2.00																				

Academic and Financial Aid Warning and Suspension

If you do not meet satisfactory performance, you will be placed on academic and/or financial aid warning. While on warning, you will be required to meet with an advisor to alter your educational plan and may be required to reduce the number of courses you are taking. You may continue to enroll and receive federal financial aid while on warning status.

Failure to meet satisfactory academic progress while on warning status will result in an Academic and/or Financial Aid suspension. While on suspension, you are not eligible to enroll and/or receive federal funding. You will be notified of being placed on warning status or suspension via your College student email account.

Academic and Financial Aid Suspension Override Request

You have the right to request an override of your suspension by completing the Suspension Override Request form. Suspension overrides will generally be considered only for extenuating circumstances. Decisions are based upon the extenuating circumstances, supporting documentation, and your academic history. Academic and financial aid overrides may be granted together or separately, and the approval of one does not automatically guarantee the approval of the other. If you are granted an academic suspension override and not a financial aid override, you will be allowed to enroll but will have to pay for courses without Title IV funding. If you are granted an override, you will be required to meet with an advisor to evaluate your educational plan. You may be required to reduce your course load, eliminate online coursework, or repeat failed coursework.

Forms are available at the Welcome Center, any external location, or on the College website at www.trcc.edu/forms/financialaid/suspensionoverride.pdf.

Academic and Financial Aid Probation

If the Academic Suspension Override is approved, you will be placed on academic probation and be able to enroll in coursework without sitting out a semester.

If the Financial Aid Suspension Override Request is approved, you will be placed on probation and continue to receive aid. Failure to meet satisfactory academic progress in any following semester will result in loss of financial aid.

Repeating Coursework

Federal funding will only pay for ONE repetition of a course where a passing grade was earned. Federal funding will pay to retake courses until a passing grade is earned.

Dropping Classes

Dropping classes can affect financial aid eligibility, prevent meeting satisfactory academic progress requirements, and result in a bill owed to the College. Before dropping courses, contact the Office of Financial Aid.

Return of Title IV (Owing Money Back)

Return of Title IV calculation is performed when you completely withdraw, drop, or otherwise fail to complete the semester or term.

You are expected to earn federal financial aid by attending classes through at least 60 percent of the semester or term. Failure to meet this guideline will result in being required to repay all or a portion of your financial aid. This policy applies to the following federal financial aid programs:

- Pell Grants
- Federal Supplemental Educational Opportunity Grants (FSEOG)
- Direct Unsubsidized Loans
- Direct Subsidized Loans
- Direct Parent PLUS Loans
- Iraq & Afghanistan Service Grant

Go to www.trcc.edu/forms/policiesregs/SR2750.pdf for more information.

Student Disclosure Information

You are responsible for obtaining, completing, and filing the proper financial aid application (e.g., FAFSA) each year, by the deadline. You have the right to seek and receive full information and counsel from the Director of Financial Aid in regard to any financial aid matter. You must report any of the following changes to the Office of the Registrar:

- Withdrawal from college.
- Transfer to another college.
- Name change.
- Address change or parents' address change.

If student loans have been received, Exit Counseling must be arranged with the Office of Financial Aid when you graduate, withdraw, or drop to half-time status. Failure to complete Exit Counseling will result in a hold placed on your record.

Financial Aid Code of Conduct

Any Three Rivers College officer, employee, or agent who has responsibilities with respect to student educational loans must comply with the Code of Conduct as outlined at www.trcc.edu/forms/financialaid/codeofconduct.pdf.

Consumer Information

Important information regarding (but not limited to) general statistics about the institution, financial assistance (including loans), athletic participation, annual security and fire safety report, student rights and responsibilities, financial aid code of conduct, and the Family Educational Rights and Privacy Act at Three Rivers College can be found at www.trcc.edu/forms/consumerdisclosures.pdf. Paper copies are available upon request.

Pursuant to Missouri HB 1606 (2018), information regarding the number of credit hours, program length, employment rate, wage data, and graduates employed in careers related to their program of study at Three Rivers College can be found at the following URL: <https://scorecard.mo.gov/scorecard/>. Search using School/Program “Three Rivers College” and choose the degree or credential type of interest.

Federal Student Aid Penalties for Drug Law Violations

Federal law provides that a student who has been convicted of an offense under any federal or state law involving the possession or sale of a controlled substance during a period of enrollment for which the student was receiving financial aid shall not be eligible to receive any federal or institutional grant, loan, or work assistance. If a student is convicted of a drug offense after receiving federal aid, they should notify the Office of Financial Aid immediately.

Additional information may be obtained at studentaid.ed.gov/sa/eligibility/criminal-convictions.

Residency of Students

Three Rivers College uses your residence to determine the appropriate tuition rate.

Persons residing within the public school districts of Clearwater R-1, Doniphan R-1, East Carter R-II, Greenville R-II, Naylor R-II, Neelyville R-IV, Poplar Bluff R-I, Ripley County R-III, Ripley County R-IV, Twin Rivers R-X, and Van Buren R-I pay local property taxes and are charged in-district tuition.

Persons residing elsewhere in Missouri are charged out-of-district tuition.

Persons residing in the counties of Fulton, Sharp, Randolph, Clay, Greene, Craighead, and Mississippi in the state of Arkansas; persons residing in the counties of Lake and Dyer in the state of Tennessee; persons residing in the counties of Ballard, Carlisle, Hickman, and Fulton in the state of

Kentucky; and persons residing in the counties of Union and Alexander in the state of Illinois are charged out-of-district tuition.

All others are charged out-of-state tuition.

In determining the residence of an individual, there should be sufficient proof of domicile within the College District for a period of 12 months. There must be sufficient proof of intent to make the College District a permanent home for an indefinite period with continuous residence in the College District during periods not enrolled as a student.

If a question arises concerning the residency status of the student, it shall be the responsibility of the student to prove residency within the College District. The student can petition the Office of the Registrar for a change of residency. The student needs to submit a completed Residency Evaluation form with the supporting evidence to the Office of the Registrar. Any change in the student’s residency status will not be retroactive.

The following documents can be used as supporting evidence:

- Ownership of home within the College District.
- Payment of personal/property taxes within the College District.
- Reside within the College District upon marriage to a resident and maintenance of common domicile within the College District.
- Proof of address within the College District for 12 months:
 - Driver’s license showing current address within the College District.
 - Voter Registration within the College District.
 - Lease/Rental agreement.
 - Utility bills.

The Residency Evaluation form along with all supporting documentation must be submitted to the Office of the Registrar no later than the following deadlines:

- Fall semester – September 1
- Spring semester – February 1
- Summer semester – June 1

Go to www.trcc.edu/about/collegepolicy.php for more information.

TUITION & FEES PER SEMESTER

Tuition and Fees

Three Rivers College District Residents:
Tuition, **\$96** per credit hour

Missouri Students, Not Residents of the District:
Tuition, **\$140** per credit hour

Out-of-State Students:
Tuition, **\$178** per credit hour

Common Fees:
\$41 per credit hour

Institutional Fees:
Calculator Rental Fee: \$30
Distance Learning Fee: \$20 per credit hour
Textbook Rental Fee: \$45+ per book
Transcript Fee: \$6

Institutional Fees are those fees necessary to cover the operational cost of providing specific services.

Distance Learning Fees are charged for every section taught on the web or over ITV.

Other fees may apply. Credit hour fees are multiplied by the number of credit hours per course and fixed fees are flat fees assigned to the respective courses. For more information visit <https://trcc.edu/financialaid/tuition.php>.

Senior citizens (age 60 and older) may enroll in credit courses on a space-available basis with a tuition waiver.

Tuition and fees subject to change.

Rivers Ridge Apartments

Pricing for residency in the on-campus Rivers Ridge Apartments:

- Fall semester—\$1,720
- Spring semester—\$1,720
- Summer term—\$948

Payment Information

You will receive a copy of your charges when registering. Charges can be retrieved at any time on your myTRCC account. Be sure to check myTRCC each time your schedule changes. Payment due dates can be found at www.trcc.edu/studentaccounts/tuitionfees.php.

Payment Options

The following are options for paying tuition:

1. Approved financial aid.
2. Full payment can be made with a credit/debit card through myTRCC under the Financial Information menu, at the Office of Student Accounts, at any College location, or via mail. When making payment by mail, please use a check or money order made payable to Three Rivers College. Be sure to include your full name and Three Rivers ID number on all checks and money orders. If you do not know your Three Rivers ID number, please call the Office of Student Accounts, 573-840-9662. Checks returned by the bank are charged a returned check fee. Both the check and the fee must be paid within 10 days or your registration may be canceled. Cash should NOT be sent by mail.
3. Contact Student Accounts to set up a payment plan for your balance, 573-840-9662.

Who Needs to Enroll in a Payment Plan?

If you are not paying in full or do not have enough financial aid to cover your entire bill, you must contact Student Accounts to set up a payment plan each semester.

If you have questions, please contact the Office of Student Accounts at 573-840-9662 or email studentaccounts@trcc.edu.

Failure to Pay

Failure to pay may result in the withholding of college services, submission to debt collection, and submission to the Missouri Debt Offset Program.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Refunds

For refunds of financial aid and overpayments, Three Rivers College has partnered with Bank Mobile, to offer faster delivery of refunds. Bank Mobile is the issuer of the Raider OneCard, which functions as your school identification, as well as a method to receive refunds. You may select your refund method by registering your Raider OneCard at www.raideronecard.com and selecting a preference.

Options for refunds are:

1. ACH deposit to a personal bank account.
2. Use of Raider OneCard as a pre-paid debit card.
3. Paper check mailed to the address on file.

Effective May 30, 2019, Bank Mobile will charge a monthly \$2.99 banking fee for Vibe Accounts (refunds issued to Raider OneCards). Transfers of refunds to a personal banking account or issuance of a check from Bank Mobile remains at no charge, so long as this method is selected as your preferred method of payment. Charges at your personal banking institution may still apply depending on your bank's policies, please contact your bank for these details.

If the balance was paid by a debit/credit card, the credit will be refunded to that card. If you do not have a Raider OneCard, a paper check will be mailed to the address on file. For more information regarding Student Refunds go to <https://trcc.edu/forms/policiesregs/FR3109.pdf>.

Go to www.trcc.edu/studentaccounts/raideronecard.php for more information about the Raider OneCard program.

Course Materials

You should check with your instructor or The College Store website to determine your required course materials.

To reduce the costs of attendance, the College has instituted a rental book program. When you enroll in the majority of courses that use a rental book or rental calculator, the fees are charged when you register for that course. You are responsible for picking up the required course materials from The College Store. You will need your printed class schedule and a picture ID to get materials from The College Store.

All rental items must be returned by the last day of finals of the semester for which they were rented. Failure to return a rental item will result in being charged for the replacement cost and a \$25 fine per rental item. Go to <http://bookstore.trcc.edu/home.aspx> for more information.

RECORDS

Right to Privacy and Review of Records

The Family Educational Rights and Privacy Act (FERPA) gives you the right to review your official college records, to request amendment to your records, to restrict your name from certain reports, to file appropriate FERPA complaints with the U.S. Department of Education, and to obtain TRC's FERPA policy statement. FERPA questions should be directed to the Office of the Dean of Student Services.

Directory information about you is available to the public. This information includes: name, address, telephone number, email address, date of birth, photo, major or field of study, dates of attendance, full-time or part-time enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, degree(s) or certificate(s) awarded (including dates), awards received, and most previous educational institution attended.

The College releases lists of students on the dean's list and names of graduates to newspapers. Names and addresses of TRC graduates or candidates for graduation will be released to four-year institutions and military recruiters upon request.

If you object to the release of directory information, simply complete a Request to Restrict Directory Information form, available on the website or in the Office of the Registrar. The request will remain in place until revoked in writing.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Transcripts

The College transcript is your official record. The Office of the Registrar is charged with the responsibility of posting, storing, and sending copies of transcripts to other institutions and agencies when authorized. You may order copies of transcripts through www.getmytranscript.com or an active *myTRCC* account.

Only you can request your academic and other educational records. Students may authorize someone else to review academic and other educational records. If you have an active *myTRCC* account, you may request a transcript through

myTRCC. If you do not have an active *myTRCC* account, you can order a transcript online via the National Student Clearinghouse at www.getmytranscript.com

The fee for each transcript is \$6. Fees are due at the time of the request via credit or debit card.

For additional information go to trcc.edu/academics/records.php.

Transferring to Other Colleges

Admission requirements vary among receiving colleges and universities. Courses taken for credit at Three Rivers will be accepted in transfer by other colleges, provided grades are satisfactory and courses taken are appropriate to the degree sought. To assure smooth transfer to a four-year institution, you should consult an academic advisor early regarding transferability of credit earned at Three Rivers. The Associate of Arts degree is designed as the statewide general studies transfer degree.

Although acceptance of credit is at the discretion of the transfer school, Three Rivers has articulation agreements facilitating transfer. Generally, college transfer program courses will satisfy various department, general education, elective, and degree requirements at receiving schools. Career and technical program courses may not transfer because they are designed for employment preparation rather than transfer.

It is your responsibility to follow the recommendations of the institution to which you intend to transfer upon completing work at Three Rivers.

Name and Address Changes

All name and address changes should be reported as soon as possible through *myTRCC* or with the Office of the Registrar.

Verification of Enrollment

You may request enrollment verification from the Office of the Registrar. Please allow two or three days for processing.

SUPPORT SERVICES

Academic Resource Commons (ARC)

Library Services

The Rutland Library is the information hub at Three Rivers College. The library provides access to a physical collection of more than 9,600 books, journals, graphic novels, and DVDs, computer stations for individual or group work, and a range of electronic devices including e-book readers, video cameras, digital voice recorders, and laptops. Millions of other items can be borrowed through the library's MOBIUS membership or interlibrary loan. Additionally, the library provides access to millions of journal articles 24/7 through online databases that can be accessed at www.trcc.edu/arc.

Tours of the library and individual assistance with research are provided to students and faculty upon request. There are online tutorials available at www.trcc.edu/arc. Myrtle Rutland Library allows Three Rivers College students, faculty, staff, and community members to borrow material. All borrowers must present a valid Three Rivers College or Missouri state-issued picture ID card in order to check out materials.

It is the policy of Three Rivers to adhere to the provisions of the United States Copyright Law (Title 17, United States Code, Sect. 101, et seq.). The College does not approve of any use or duplication of copyrighted materials not provided for by the copyright law, fair use guidelines, license agreement, or permission of copyright holder.

For more information, contact the Rutland Library at 573-840-9654, text 573-298-6105, or visit www.trcc.edu/arc.

Computer Resource Center

You have access to computers, software, and the Internet to assist in your studies at the College. You are also provided a College email account and personal online student account when you first enroll. The use of College computers, network, and email systems are subject to acceptable use as defined in ITP and ITR 8100 Acceptable Use, which can be found at www.trcc.edu/about/collegepolicy.php.

Computers for your use are available in the Academic Resource Commons, the Tutoring & Learning Center on the Poplar Bluff campus, and at external locations. Staff members are on duty to provide assistance at all times during posted hours of operation. Printing is available at a cost of 10 cents per page.

Tutoring and Learning Center

Professional tutors offer assistance in a variety of subject areas, including math, English, accounting, sciences, computer applications, and ACAD.

The Tutoring and Learning Center is located on the 2nd floor of the Academic Resource Commons (ARC). For more information, call 573-840-9638 or email tlc@trcc.edu.

Tutoring is also offered at our Dexter, Kennett, and Sikeston locations. Distance tutoring is available through Blackboard or by calling 573-840-9638 during regular office hours.

Advising

You will be assigned a faculty advisor and a staff advisor who will assist you in developing your educational goal, financial aid processes, and selecting specific courses each semester. If you change your program of study, you will be assigned the faculty member associated with that program. Your staff advisor will remain constant until graduation. If you wish to change your advisor, you may request the advisor change at the Welcome Center. Advisors also assist you in exploring educational and occupational opportunities, establishing goals, identifying strengths and interests, and resolving concerns and difficulties. Faculty advisors' office locations can be found in the faculty/staff directory at www.trcc.edu. Staff advisors can be found in the Advising Center located on the 1st floor of the Westover Administrative/Classroom Building or the front office of any full service external location. You can also contact the Advising Center by calling 573-840-9605.

To help you in planning your education, an online planning system has been adopted and is available through *myTRCC*. The Student Planning system will be used by you and your advisor to map out your program semester by semester and keep you on track. You must have approval of your advisor for each course prior to registering for the course for each semester.

Career Services

Career Services offers a wide variety of free services to help you with the career decision-making process. The staff advises and provides resources and the tools needed to research career paths and college majors that match your interests, abilities, and workplace values.

A career exploration course is offered online for 1 credit hour. Assessments, job opportunities via online occupational resources, successful interviewing techniques, resume and cover letter development, and college transfer information

are all available. Software programs are available that help you with many career exploration and employment services.

Student and Alumni may utilize an online job board that includes career advice documents and a resume builder. To take the first step toward career readiness, visit the Career Services Office located on the 1st floor of the Westover Administrative/Classroom Building, call at 573-840-9655, or email careers@trcc.edu to make an appointment with a career advisor. Visit the Career Service page of the College website to register for available free software programs.

Disability Services

Disability Services provides and coordinates accommodations if you are eligible and have a documented disability. To receive services, you must be willing to self-disclose and provide documentation of your disability from a qualified professional.

Disability support services can include help with registration, personal advising, classroom adaptations, alternative testing methods, books in alternative formats, volunteer note-takers, accessible parking, readers, and scribes. You are encouraged to help determine the most reasonable and appropriate accommodations needed to obtain your educational goals.

If you have a disability, contact the Coordinator of Disability Services before registering at 573-840-9608 or visit the Disability Services office located on the 1st floor of the Westover Administrative/Classroom Building. Early contact will allow the office to determine eligibility for accommodations, review appropriate disability documentation, and arrange for accommodations. Some accommodations may require more time to arrange for particular courses.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Parking

Free parking is provided to you as a student of the College. All vehicle(s) information must be provided at time of registration. It is your responsibility to update any vehicle changes.

Go to www.trcc.edu/campussafety/parking.php for more information.

Courtside Café

The Courtside Café, located in the Bess Student Center, is open Monday through Friday for breakfast and lunch during the Fall and Spring semesters. The lunch menu includes daily specials, salads, and sandwiches. The Café accepts cash, Visa/MasterCard, and Meal Plan and Reward Cards. You can get meals to go or eat in the seating area, which includes

booths, tables, couches, and a big screen TV. Call ahead for to-go orders at 573-840-9549 or extension 3655 on campus.

Campus Safety and Security

In cooperation with the Poplar Bluff Police Department, the campus is patrolled by a school resource officer (SRO). For all locations, dial 9-1-1 in case of an emergency.

The Annual Security & Fire Safety Report can be viewed at <http://www.trcc.edu/campussafety/>.

Testing Services

The Testing Services Department is located on the 1st floor of the Westover Administrative/Classroom Building and may be reached at 573-840-9667 and www.trcc.edu/testing. The services provided include the following:

Placement Tests

Placement testing is provided to assist students in enrolling in appropriate coursework that will offer the greatest chance of success.

HiSET (High School Equivalency Test)

A computer-based test administered at certified test centers across the state. Subject areas include English with an essay (typed), math, science, social studies, and reading. The entire exam must be completed within a 12-month period. There is no waiting period between dates. Test time is between 5 and 7 hours for the entire test (5 subtests). A valid Missouri photo ID is required to take the test and a 24-hour deadline prior to test date to register. For more information, practice tests, and to register, schedule, and pay for the exams, go to www.hiset.ets.org.

Health Sciences Entrance Exams

NLN (RN), TEAS (Medical Technology, Practical Nursing, and Paramedic), and HESI (LPN) entrance exams are offered throughout the year on specific dates. A minimum score is required to be eligible for a program in the health fields. Application deadlines vary for each program. A test fee and Three Rivers proctoring fee are required to complete the registration for these exams.

MoGEA

The MoGEA test was adopted by the State Board of Education for all candidates pursuing the Associate of Arts in Teaching (AAT) degree and requires students to demonstrate basic general education competencies before they are admitted to an educator preparation program. The student must register at www.mo.nesinc.com, pay the test fee, and schedule the exam at the above website before scheduling the test at Three Rivers and paying the proctoring fee, which is required before 4 p.m. the Wednesday before testing. Due to limited seating, early registration is strongly encouraged.

Technical Skills Assessment

The Technical Skills Assessment (TSA) exam is a program-specific assessment for Associate of Applied Science (AAS) degrees. This is a 3½-hour online exam that assesses knowledge gained from your degree program. It must be taken in the last semester before graduation. High scores receive a certificate usable to assist with employment in your field of study. You must apply for graduation before registering for this exam.

Certification Testing

Three Rivers is now an authorized testing center for professional and technology certification tests through ASE, Pearson Vue, Castle Worldwide, and NOCTI. Fees and testing times are dependent on the type of certification test.

Proctoring Services

By arrangement, Three Rivers provides proctoring for course exams through distance education courses for various universities and remote ACCUPLACER test for a fee of \$20 per exam.

The College Store

The College Store is located in the Bess Student Center on the campus of Three Rivers College in Poplar Bluff.

Website: www.bookstore.trcc.edu
 Email: collegestore@trcc.edu
 Phone: 573-840-9610
 Hours: 8:00 a.m. to 5:00 p.m. Monday-Friday
 Summer Hours: 7:00 a.m. to 6:00 p.m. Monday-Thursday
 Text: Text the word **book** to **313131** to receive important information available only for our texting customers.

You will need your printed class schedule and your Raider OneCard or a picture ID to pick up your textbooks. The external locations at Sikeston, Dexter, and Kennett stock textbooks for courses taught at those locations, as well as for web students in the surrounding areas. If you are taking a class online, visit The College Store website for your suggested pick up location. You can also order textbooks online during the textbook pickup period at The College Store website above.

Meal Plan Card

You can purchase a Meal Plan Card at The College Store with your financial aid, cash, credit card, or check. The card can be used to purchase groceries, gas, and meals at numerous merchants in Poplar Bluff, Sikeston, Dexter, and Kennett. At the end of the semester, we can refund any balance still remaining on your Meal Plan Card to your Three Rivers College account. For more information go to <http://bookstore.trcc.edu/home.aspx>.

Fitness Center

The Ben and Martha Bidewell Fitness Center, located in the Bess Student Center, offers 2,250 square feet of exercise space. You must be enrolled in an appropriate physical education course (for college credit or continuing education) and sign a waiver to use the facility.

University Center

The University Center is a partnership between Three Rivers College and the universities that provide bachelor's degree completion programs at the College. The completion programs offered by Central Methodist University, Hannibal-LaGrange University, and Southeast Missouri State University allow you to complete a bachelor's degree close to home.

You can take freshman and sophomore level courses at Three Rivers, complete an associate degree, and then complete a bachelor's degree in one of several degree programs through the university partners. For a complete list of Bachelor Completion programs visit www.trcc.edu/academics/bachelors.php.

The University Center is located in suite 204 of the Westover Administrative/Classroom Building.

The following programs are offered through the University Center

Central Methodist University	Hannibal-LaGrange University	Southeast Missouri State University
<u>Classroom</u>	<u>Classroom</u>	<u>Classroom (ITV)</u>

Educational Talent Search can be reached at 573-840-9532.

ACHIEVE

ACHIEVE is committed to helping eligible students to be successful in college, to graduate, and to complete a college degree. This is accomplished by providing direct, individualized support services to enhance each participant's college success.

Who Can Participate?

ACHIEVE is funded through the U.S. Department of Education and provides free services to eligible students. Eligibility is based on one or more of the following factors:

- **Low Income:** Taxable income that does not exceed levels set by the federal government regulation and/or
- **First Generation Student:** Neither parent graduated from a four-year college or university; or
- **Disabled:** Learning disability or physical disabilities (All disabilities must be documented.)

The ACHIEVE Office can be reached at 573-840-9650 and is located on the 2nd floor of the Academic Resource Commons.

Complaint Resolution

We are dedicated to providing fair and impartial resolution of your complaints as a student. It is our practice to resolve complaints at the lowest possible level through informal action. When complaints rise to the level that the resolution will require formal action, you will be given the opportunity to file an appeal.

In rare cases when all other forms of resolution have failed and you believe your status at the College has been adversely affected by an incorrect or inappropriate decision or behavior, you have the ability to file a grievance.

For further information on complaint resolution, please see SP and SR 2140 Student Appeals and SP and SR 2130 Student Grievance at www.trcc.edu/about/collegepolicy.php.

Lost and Found

Items found should be taken to the Welcome Center to await owner identification.

TRiO Programs

TRiO Programs are funded under Title IV of the federal Higher Education Act of 1965 and are designed to help students overcome class, social, and cultural barriers to higher education by providing information, advising, academic instruction, tutoring, assistance applying for financial aid, encouragement, and support.

Two TRiO programs are at Three Rivers: Educational Talent Search (ETS) and Student Support Services (ACHIEVE).

Educational Talent Search (ETS)

Three Rivers College's Educational Talent Search (ETS) is a TRiO program that provides education outreach and is funded through the U.S. Department of Education. Educational Talent Search is designed to motivate and support students in grades 6-12 who have the potential to succeed in college.

The Educational Talent Search program:

- Provides academic, career, and financial aid counseling to its participants.
- Encourages them to graduate from high school.
- Encourages them to continue on to the postsecondary school of their choice.

Three Rivers' ETS has many activities for participants throughout the school year, including monthly in-school workshops, college campus tours, and cultural enrichment trips. As students advance toward high school graduation, the focus is centered on preparing them to apply, enroll, and become successful in their postsecondary careers. Services provided by the program include goal setting, character building activities, and many more.

The Three Rivers College ETS Program works with the following districts: Campbell, Dexter R-XI, Doniphan R-1, East Carter County R-II, Greenville R-II, Naylor R-2, Neelyville R-4, Poplar Bluff R-1, Southern Reynolds County R-II, and Twin Rivers.

STUDENT LIFE

Activities

College activities are designed to assist you in developing culturally, socially, and educationally. The College schedules a variety of events throughout the year. Skating, films, concerts, exhibits, plays, and intercollegiate athletics may be included on the calendar of events. Students will be admitted for free to many College events and all home varsity games upon presentation of student ID cards.

Housing

Rivers Ridge Apartments, Three Rivers' student housing complex, is comprised of 46 four-bedroom apartments. All of the apartment units have private bedrooms, two full bathrooms, a living room area, and a full-service kitchen with stove, refrigerator, and dishwasher. Rivers Ridge has upgraded the housing package to include water, gas, trash and sewer service, high-speed Internet, electric, and basic cable television.

Rivers Ridge has many amenities including a volleyball court, pavilion with picnic tables and BBQ grills, clubhouse with a big screen TV, study room with computers, laundry room, and snack machines. The housing staff plans many exciting activities throughout the year to provide students with opportunities to live in a community environment conducive to meeting student residents' education and personal goals. For more information, call 573-840-9106 or go to www.trcc.edu/campuslife/housing.php.

Athletics

Three Rivers is the "Home of the Raiders." Intercollegiate sports for men include basketball, baseball, cheer, and rodeo. Women's varsity sports include basketball, softball, cheer, and rodeo. The College has achieved national and statewide recognition for each sport and many student athletes continue their athletic careers at four-year colleges and universities. Three Rivers has had more than 65 Academic All-Americans.

Raiders athletics have a triple focus of academic success, character development, and athletic success.

Rocky Raider (Mascot)

Three Rivers is proud of its mascot, Rocky Raider. Rocky is an integral part of our athletic and College culture and can frequently be seen participating in College activities on and off campus. Be sure to look for Rocky at athletic events, fundraisers, summer camps, and parades.

Cheerleaders

Men and women are recruited during spring to cheer for all men's and women's home basketball games. Cheerleaders practice during the summer and attend collegiate cheer camp. They participate in cheer clinics, local parades, pep rallies, raffles, and various fundraisers.

Men's Baseball

The Raiders baseball team has won multiple Region 16 titles with their best finish of 3rd place in the 1973 National Tournament. The baseball team has sent 90% of their eligible student athletes on to four-year institutions. There have been 60 Raider alumni play professional baseball with 4 of those players reaching the Major League level. The Raiders have had 7 NJCAA All Americans, 30 NJCAA Academic All-Americans and have been consistent in having success in the Region 16 tournament. Head Coach Stacey Burkey has over 600 victories.

Men's Basketball

The men's basketball team has brought special honor and recognition to the College. The Raiders have competed in the NJCAA tournament 17 times since 1971. The Raiders were National Champions in 1979 and 1992 and finished second in 1994 and 2010. Head Coach Gene Bess is the all-time "winningest" collegiate basketball coach and has been the Raiders Head Coach for 50 years. Coach Bess was recently inducted into the Missouri Sports Hall of Fame with the honor of "Legendary" status.

Women's Basketball

The women's basketball team has been to the NJCAA National Basketball Tournament 3 times and finished 5th in the nation during 2004. Local athletes have been a major part of the structure of the team since its inception. The academic standards and graduation rate are very high, and there have been 14 Academic All-Americans. Scholarships are awarded on a merit basis.

Women's Softball

The softball team participates in the NJCAA Region 16. In the 2017-2018 school year the team won the College's first regional championship and earned their first trip to the NJCAA World Series. The softball program has enjoyed great success on the field and in the classroom. There have been 37 student athletes named All-American since the inaugural 1988-1989 season. Scholarships are awarded on a merit basis.

Raider Rodeo

The Three Rivers College Rodeo team was established in 2011 and is a member of the National Intercollegiate Rodeo Association. Three Rivers has sent several rodeo team members to the College National Finals in Casper, WY. In 2016 the College purchased a 108-acre farm for the home of the rodeo team and a live experiment station for the Agriculture department. To be eligible to rodeo, a student must be a full-time student enrolled in 12 or more hours of classes and maintain a 2.0 GPA.

Campus Organizations

A variety of student organizations are available at Three Rivers. Activities are designed to assist you in developing culturally, socially, and educationally. Visit www.trcc.edu/campuslife/organizations.php for a list of and more information on campus organizations.

HEALTH AND SAFETY

Children on Campus

In order to maintain a safe and effective learning environment, unattended children are not allowed on campus, including a campus building, on campus grounds, or in a vehicle. Children must be under the direct supervision of a parent, legal guardian, or responsible adult at all times while on campus.

Drug Abuse/Prevention

The unlawful possession, use, or distribution of drugs and alcohol on college property is not allowed. Health risks associated with the use of illicit drugs and the abuse of alcohol range from temporary disorientation to permanent organ damage or death. Information concerning treatment programs is available at the Student Services Office.

The College will impose sanctions on students and employees, up to and including expulsion from college or termination of employment, and referral for prosecution for violations of the College standards of conduct. Legal sanctions under local, state, and federal law for unlawful possession, use, or distribution of illicit drugs and the abuse of alcohol extend up to seven years in prison and/or a \$10,000 fine for a Class A Felony.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Emergency Health Services

The Dean of Student Services should be notified if you need emergency health care. If you are seriously injured or become ill on campus, call 9-1-1 immediately. Whether or not it is an emergency, an incident report should be filed in all cases of injury and emergency with the School Resource Officer, 573-718-0108.

Emergency Phone Messages

In the event of an emergency, you will be contacted in class if at all possible. The caller will be asked the nature of the emergency in order for the College to determine if the call warrants a student being removed from class.

Emergency Plan

The College has posted emergency plans throughout its facilities and also on the Three Rivers website at www.trcc.edu/forms/police/emergencyactionplan.pdf. Further information concerning emergency plans and procedures is included in the Student Services section of this publication.

Emergency Procedures

In case of fire or upon the sounding of the audible evacuation warning, students and faculty should evacuate the buildings by way of the nearest exit or as instructed on the posted evacuation routes on each floor/room and immediately proceed to the designated assembly area.

In the event of severe weather or the sounding of the audible tornado warning, students and faculty should move to the innermost portion of the building on the lowest level away from windows. If time allows, the FEMA Safe Room is located within the Robert W. Plaster Free Enterprise Center.

In the event of violence occurring on campus or upon the sounding of the "lockdown" alarm, students and faculty should secure and shelter in place until notified by police or the sounding of an all clear notice.

For complete listing of emergency procedures, please visit www.trcc.edu/forms/police/emergencyactionplan.pdf.

Firearms

The possession of firearms and weapons is prohibited on all College premises and from College activities.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Food and Drink

Students are asked to observe the signs that indicate where food and drinks are allowed on campus.

Immunizations

The Missouri Department of Health has recommended that all incoming freshmen receive the measles vaccine. If you are planning to live in the Rivers Ridge Student Housing Complex, you are to have the meningococcal vaccine. Please contact the Department of Health in your county for more information.

Infectious and Contagious Diseases

If you become infected with any type of contagious disease, such as AIDS, H1N1, SARS, hepatitis, among others, you will not be excluded from enrollment or employment or restricted in your access to College services or facilities unless otherwise medically indicated or required by law.

The College complies with Section 504 of the Rehabilitation Act of 1973 and with the Americans with Disabilities Act,

making every effort to ensure that persons with disabilities admitted to the College as students are afforded all of the rights and privileges provided to them by this act. Persons who know or suspect that they are infected are expected to seek expert advice about their health circumstances and are obligated ethically and legally to conduct themselves responsibly in accordance with such knowledge for the protection of others.

Additionally, those who know they are infected are urged to share that information with the appropriate administrator so the College can respond appropriately to their needs. Such information will be disclosed to responsible College officials only on a strictly limited need-to-know basis unless the individual consents in writing to other releases of the information. The College will respond on an individual, case-by-case basis to shared information. The College's response will take into consideration the expressed desires and opinions of the person who is infected, the recommendations of the individual's physician, and the College's commitment to the protection, to the extent possible, of both the public health and the individual's rights. The response will include recommendations for reasonable accommodations and/or restrictions.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Title IX

Three Rivers College considers Title IX complaints egregious. Therefore, the College has established prompt and effective steps to immediately end any sexual misconduct in an effort to eliminate a hostile environment and shall make every effort to prevent its recurrence as appropriate. It is the intention of Three Rivers College to seek an immediate resolution through this Title IX process. All reports will be

investigated thoroughly, and there will be a resolution that may result in disciplinary action, as well as possible suspension or expulsion of student(s) as deemed appropriate. For further information, see SR 2120 Title IX for Students at www.trcc.edu/about/collegepolicy.php.

Go to www.trcc.edu/consumerinformation/titleix.php for more information.

Inclement Weather Procedure

In the event the College must close or classes be cancelled due to inclement weather, a notice will be placed on the College website and local radio and TV stations will be notified. Additionally, the College offers a service that delivers notification via text message. You are part of the alert messaging system. If you do not want to be part of the alert messaging system, reply to the text. Always use your own best judgment, as adults, concerning the safety of traveling to classes.

Posting/Distributing Materials on Campus

Students and organizations may post/distribute materials on campus after obtaining content and design approval from the Communications Department. External postings must get approval of content and design through the Dean of Student Services.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Smoking

Smoking is only allowed in designated/marked areas that are listed on the campus map.

ACADEMIC INFORMATION AND RULES

The College offers a number of programs that lead to transfer or potential employment. The information in this section will inform you about how the curriculum is structured, grades, and academic rules.

Semester Length

Each Fall and Spring semester is approximately 16 weeks in length. The Summer session consists of three separate and distinct sessions, two of which are four weeks in length and one of which is eight weeks in length. Winter session is a four-week online term.

Course Types

Traditional/Web-Enhanced

Traditional/Web-Enhanced Course is a type of course design where content is delivered in a “traditional” face-to-face classroom setting. This course type has a web component for accessing course materials such as syllabi, notes, PowerPoints, videos, etc. No replacement for face-to-face course time occurs.

Hybrid

Hybrid Course is a type of course design that combines traditional face-to-face classroom time with online components for accessing or uploading coursework. A course with 1%-79% of the face-to-face component replaced with an online component is considered a “hybrid” course.

Interactive Television (ITV)

Interactive Television (ITV) Course is a type of course design whereby content is delivered through television transmission. The broadcasts occur in real-time from one location and is synchronized with multiple classrooms across the service region to provide instruction at a specifically scheduled course time.

Online

Online Course is a type of course design with 80% or more of the content delivered online. An online course may have limited or no face-to-face classroom meetings; however, testing and other required meetings may occur in a traditional face-to-face setting.

Prerequisites and Corequisites

A prerequisite is a course you must successfully complete before enrolling in another course. A corequisite is a course you must enroll in at the same time as another course unless you have already completed the corequisite. Prerequisites and corequisites are listed in the course descriptions section.

Credit Hour

A credit hour is the unit of measure for college coursework. One credit hour is earned by attending a non-laboratory class for 50 minutes a week per semester. For laboratory, clinical, and internship courses, one credit hour/semester hour is granted for two or three hours of coursework per week.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Academic Load

The normal academic load in a Fall or Spring semester is 15 to 16 semester credit hours, exclusive of physical education and musical groups. If you have considerable responsibilities in addition to your college work, a reduced course load might be best. If you wish to take more than 21 credit hours during a Fall or Spring semester, permission must be granted by the chairperson of the department housing your program. For students with less than a 3.0 GPA, additional permission of the Chief Academic Officer is needed.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Grading System

The grades A, B, C, D, F, and CR are used to evaluate the quality of your work and are defined as follows:

Grade	Quality of Work	Points per Credit
A	Excellent	4
B	Above Average	3
C	Average	2
D	Below Average	1
F	Failing	0
CR	Credit, No Grade	

There are certain noncredit marks issued by instructors as follows:

Noncredit Grade	Explanation
W	Withdrawn
AUD	Audit
I	Incomplete
NP	No Pass

Grade Point Average

Your grade point average (GPA) is determined by multiplying the number of grade points for each grade received by the number of semester hours for that course. This total is divided by the total number of semester hours attempted excluding courses with W, CR, NP, or I grades.

The courses accepted by Three Rivers from other institutions for a transfer student are included in the cumulative grade point average.

Change of Grade

A grade that has been transcribed can be changed only if there has been an error on the part of the instructor, a clerical error, or after a successful student appeal.

Repeating Courses

You may retake a course in which you earned a “C” or lower and replace the original course grade in your GPA. After the first retake, all but the first attempt will count toward your GPA. Financial aid limits payments for repeated courses.

Reporting Grades

At the close of the semester, the complete grade reports will be available on the *myTRCC* online student system, provided that all financial obligations to the College have been met and all admission requirements are on file in the student’s record.

Incomplete Grades

If you are unable to complete the work of a course because of extenuating circumstances, you should speak to your instructor about an incomplete grade. Seventy-five percent (75%) of the coursework with a passing grade must be completed and the instructor must give permission for an incomplete grade to be issued. You have one regular semester (Fall or Spring) to complete the necessary work to the satisfaction of the instructor or the incomplete grade will be changed to an “F” grade.

Academic Honors

Dean’s List

If you were enrolled for 12 or more graded credit hours and earned a semester GPA of 3.5 or better, you will be listed on the Dean’s List for that semester.

Graduation Honors

If you complete your program with the following overall grade point averages, you will graduate with the following distinction:

- 3.5 – 3.69 will graduate with Cum Laude
- 3.7 – 3.89 will graduate with Magna Cum Laude
- 3.9 – 4.0 will graduate with Summa Cum Laude

For purposes of the commencement ceremony and graduation program, the cumulative grade point average from the preceding semester will be used to identify honor students. However, the final cumulative grade point average will be used to determine final honors status and will be noted on the official College transcript and diploma.

Academic Fresh Start

A student who has not attended an institution of higher learning for at least three (3) years, shall be enrolled in the Academic Fresh Start program upon re-enrollment. Academic Fresh Start shall be granted when the following conditions are met:

- Complete a minimum of twelve (12) hours of coursework for which a letter grade is earned over two (2) consecutive semesters.
- Achieve satisfactory academic progress standards as measured by the GPA of the twelve (12) credit hours of coursework enrolled in after entering the Academic Fresh Start Program.

Upon the granting of Academic Fresh Start, the student’s permanent record will note the date a Fresh Start was made, and the student’s grade point average and credit totals will be based only on work beginning with that date and work successfully completed previously. Academic Fresh Start will be granted only once. Students who do not successfully complete the process as described above shall not be deemed to have been granted an academic fresh start.

Academic Fresh Start is a Three Rivers procedure and may not be recognized by another college upon transfer.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Program Selection

You can choose from many programs to either prepare to transfer to a four-year college or to seek employment. To select a program, simply mark your choice on the application or speak to your advisor.

Change of Program

To change programs, complete a Change of Program of Study form. The change of program form can be obtained from

your faculty advisor, online, at the Welcome Center, or at any off campus location.

General Conduct

As a member of the learning community at Three Rivers, you are expected to conduct yourself with integrity, honesty, and observe the rules and regulations of the College. The College code of conduct and associated disciplinary procedures are available in the library, the Office of the Dean of Student Services, and at www.trcc.edu/forms/policiesregs/SR2610.pdf.

Late for Class

If the instructor does not appear within 10 minutes after the time scheduled for the beginning of class, please contact the Dean of Instruction at 573-840-9621, who will notify you if the class is to be dismissed.

Military Active Duty

If you are called to active duty status during a semester, present a copy of the active duty orders to the Dean of Student Services office on the 1st floor of the Westover Administration Building. If you have not completed 75% of the coursework, you will be withdrawn with 100% tuition and fees credited. If you have completed 75% or more of the coursework, a grade will be issued based on the work completed, or you will be given an incomplete grade and allowed to finish the coursework.

If you are called to duty for a period of two weeks or less, you should notify both your instructor and the Dean of Student Services. Your absence will be considered excused, and you will be allowed to make up any missed work.

Go to www.trcc.edu/about/collegepolicy.php for more information.

Electronic Devices

Electronic devices, including, but not limited to, laptop/netbook computers, cellular devices, e-readers, and MP3 players will be turned off within the learning environment. Exceptions include the use of such devices for medical emergencies or contacts that must be maintained due to work requirements. In such cases the student must advise the instructor, and the device must be in "silent mode." The instructor may make adjustments to this regulation for specific usage in their unique learning environments. The usage of such electronic devices in relation to approved ADA accommodations is exempt from this regulation.

Photo and Videotape

The College takes photos and video throughout the year that often include students in classrooms, study areas, residence halls, athletic events, and so forth. By enrolling, you consent to the use of these photographs and video publications, both printed and electronic, for publicity.

DEGREES, CERTIFICATES, AND GRADUATION REQUIREMENTS

Degrees and Certificates

Three Rivers College offers programs that lead to transfer and potential employment. The Associate of Arts (AA), the Associate of Science (AS), the Associate of Arts in Teaching (AAT) and their related certificates are designed to prepare you for transfer to a four-year institution. The Associate of Applied Science (AAS) and related certificates are designed to prepare you for employment.

The requirements for each degree as shown in this catalog are in effect from the first semester of enrollment and for five years after. To graduate, you may use any catalog in effect during a year in which you were enrolled that is no older than five years.

If you have already earned a degree, you can qualify for a second degree by taking a minimum of 15 hours at Three Rivers beyond the first degree and meeting all of the degree requirements of the second degree. You may only be awarded one AA degree, but you can be awarded an AAT or multiple AS and AAS degrees.

Outcomes Assessment

Three Rivers is committed to maintaining the quality of its educational programs. Three Rivers regularly assesses student achievement, both in general academic skills and abilities and within selected majors. Anyone completing certificates, AA, AS, AAT, and/or AAS degree requirements participates in outcomes assessment.

Graduation Upon Program Completion

Once you have completed the requirements for a program, the credential will automatically be awarded. You are encouraged to complete the application for graduation at www.trcc.edu/academics/graduation.php. Diplomas/Certificates will be issued following the Fall and Spring semester in which you complete the graduation requirements.

Graduation Ceremony

The graduation ceremony is held at the end of the Spring semester. The ceremony is designed as a celebration of your success, and you are highly encouraged to attend commencement and celebrate with your fellow learners.

Graduation Requirements

Associate of Arts Degree

The Associate of Arts (AA) is for transfer to a four-year institution. You will select a transfer pathway with the help of faculty and professional staff advisors. The graduation requirements for the Associate of Arts degree are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 credit hours of the degree at Three Rivers College.
- Complete a program of study as outlined, which includes:
 - 60 credit hours total minimum
 - 42 credit hours minimum of general education (MOTRANSFER)
 - 15-20 credit hours of program courses
 - 2 hours of lifetime wellness or physical education activity courses
 - 1 credit hour capstone course
- 9 credit hours of career courses (non-transfer) may be used as electives.
- Meet all financial obligations to the College.

Associate of Arts in Teaching Degree

The Associate of Arts in Teaching degree (AAT) is a statewide, specialized degree intended for transfer to approved teacher education programs at Missouri four-year colleges. The graduation requirements for the Associate of Arts in Teaching degree are as follows:

- Have a cumulative grade point average of 2.75 or higher.
- Complete at least 15 credit hours of the degree at Three Rivers College.
- Complete all the courses that appear in the selected program of study. Three Rivers College offers an Associate of Arts in Teaching in elementary education, middle school education, secondary education, and music education.
- Pass the MoGEA.
- Meet all financial obligations to the College.

Associate of Science Degree

The Associate of Science (AS) is a specialized degree intended for transfer into a four-year occupational program. The

graduation requirements for the Associate of Science degree are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 credit hours of the degree at Three Rivers College.
- Complete all the courses in the selected program of study.
- Meet all financial obligations to the College.

Associate of Applied Science Degree

The Associate of Applied Science degree is designed to prepare you for potential employment after graduation. The requirements for the degree are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 credit hours at Three Rivers College.
- Complete all courses in curriculum.
- Meet all financial obligations to the College.

Certificate in General Academic Studies

The Certificate in General Academic Studies is a highly individualized curriculum that will allow you to broaden your education in an area of your choosing. The requirements for this certificate are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 semester hours of credit at Three Rivers College.
- Acquire 62 credit hours or more.
- Complete the following:
 - 6 hours of college writing
 - 3 hours of American history (HIST 111 or 112 required)
 - 6 hours of art, music, or literature (credit for music groups will not meet this requirement)
 - 3 hours of social science (PSYC 111 or SOCI 111)
- Meet all financial obligations to the College.

One-Year Certificate

Three Rivers offers curricula leading to one-year certificates upon completion of required courses. The requirements for the certificate are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 credit hours at Three Rivers College.
- Complete all courses in the prescribed certificate.
- Meet all financial obligations to the College.

The Department of Education requires colleges to disclose information for financial aid eligible programs of study that prepare students for gainful employment in a recognized occupation. For additional information, please visit www.trcc.edu/financialaid/ge.php or contact the Office of Financial Aid.

Short-Term Certificate

Three Rivers offers short-term certificates upon completion of required courses. The requirements for the short-term certificates are as follows:

- Have a cumulative grade point average of 2.0 or higher.
- Complete at least 15 credit hours at Three Rivers College.
- Complete all courses in the prescribed certificate.
- Meet all financial obligations to the College.

Certificate of Academic Distinction

The Certificate of Academic Distinction allows you to receive recognition for coursework completed at the honors level, including HNRS courses and courses completed with an honors contract, if you are not in an AA program of study.

Core Curriculum Transfer (CORE 42) General Education (Gen Ed) Program

A minimum of forty-two general education (Gen Ed) hours must be selected according to the following guidelines. The Three Rivers College CORE 42 block of general education (Gen Ed) credit is consistent with the statewide general education transfer curriculum and is part of the Associate of Arts degree. Students must select course offerings from each general education component indicated below and meet the minimum hours required in each component.

I. Written and Oral Communication (total hours: 9)

1. ENGL 111 College Writing
2. ENGL 112 Advanced College Writing (*ENGL 111 prerequisite with C or better*)
3. SCOM 110 Public Speaking

II. Fine Arts and Humanities (total hours: 9) Required to be from two different disciplines

A. Fine Arts: (One course from the following)

1. ARTS 123 History and Appreciation of Art
2. MUSC 123 History and Appreciation of Music
3. MUSC 141 Theory I, Harmony (*Intended Music majors only*)
4. THEA 120 History and Appreciation of Theatre
5. THEA 122 History and Appreciation of Film

B. Humanities: (Two courses from the following)

1. ENGL 210 Introduction to Literature
2. ENGL 221 World Literature to 1600
3. ENGL 222 World Literature since 1600
4. ENGL 231 English Literature to 1798
5. ENGL 232 English Literature since 1798
6. ENGL 241 American Literature to 1870
7. ENGL 242 American Literature since 1870
8. MUSC 221 Music Literature I
9. MUSC 222 Music Literature II
10. PHIL 200 Introduction to Philosophy
11. PHIL 233 Ethics
12. PHIL 243 Religions of the World
13. SPAN 101 Elementary Spanish I
14. SPAN 102 Elementary Spanish II

III. Life and Physical Sciences (minimum total hours: 7)

Two courses required, one from life sciences and one from physical sciences; one of the two courses must have a laboratory component.

Life Science

1. BIOL 100 Survey of Biology
2. BIOL 101 General Biology*
3. BIOL 102 Environmental Science*
4. BIOL 110 Human Biology
5. BIOL 190 Biology for Majors*
6. BIOL 231 Anatomy and Physiology I*

Physical Science

1. CHEM 111 Introductory Chemistry*
2. CHEM 121 General Chemistry I*
3. PHYS 100 Survey of Physics
4. PHYS 101 Physical Science *
5. PHYS 211 General Physics I*

*Laboratory Component

IV. Mathematics (total hours: 3) (One course from the following)

1. MATH 161 Mathematical Reasoning and Modeling
2. MATH 163 College Algebra for Calculus

V. Social and Behavioral Sciences (total hours: 9)

A. Take two courses below.

1. GOVT 121 National and State Government
2. HIST 111 American History to 1877 - *OR* -
HIST 112 American History since 1877

B. Social Sciences: (One course from the following)

1. ECON 211 Principles of Macroeconomics
2. ECON 212 Principles of Microeconomics
3. GOVT 233 International Relations
4. HIST 111 American History to 1877
5. HIST 112 American History since 1877
6. HIST 121 World Civilization to the Renaissance
7. HIST 122 World Civilization since the Renaissance
8. PSYC 111 General Psychology
9. PSYC 243 Human Development Across the Life Span
10. SOCI 111 General Sociology

VI. Other (2-5 additional hours from courses listed above)

Intended Music majors may take one hour from the following:

1. MUSC 1011 Three Rivers Symphonic Band
2. MUSC 1021 Three Rivers Jazz and Pep Band
3. MUSC 1031 Three Rivers Chorus

Degrees and Certificates Listing

Accounting	One-Year Certificate.....	75
Accounting Technology.....	AAS.....	74
Administration of Justice	AS	106
Agriculture	Transfer Pathway	49
Agriculture Systems		
Agribusiness Option.....	AAS	86
Art	Transfer Pathway	50
Behavioral Health Support.....	AAS	154
Biological Sciences	Transfer Pathway	51
Business Administration	Transfer Pathway	52
Business Management.....	AAS	76
Career and Technical Studies.....	AAS	120
Chemistry.....	Transfer Pathway	53
Civil Engineering Technician	One-Year Certificate	123
Communication.....	Transfer Pathway	54
Construction Engineering Technology	AAS	122
Construction Management Specialist.....	One-Year Certificate	123
Criminal Justice		
Corrections Option	AAS	107
Law Enforcement Option.....	AAS	109
P.O.S.T. Academy Option.....	AAS	111
Criminal Justice Technology Specialist.....	One-Year Certificate	112
Criminal Justice – P.O.S.T. Academy	One-Year Certificate	112
Criminal Justice	Short-Term Certificate.....	112
Early Childhood Development	AAS	102
Early Childhood Development	Short-Term Certificate.....	103
Electrical Process Technician	One-Year Certificate	126
Electrical Technology	One-Year Certificate	133
Elementary Education.....	Transfer Pathway	94
Elementary Education.....	AAT	95
Emergency Medical Services.....	Short-Term Certificate.....	117
English.....	Transfer Pathway	55
Environmental Health	AS.....	136
Environmental Health and Safety Technology.....	AAS	130
Environmental Health and Safety Technology.....	One-Year Certificate	131
Environmental/Occupational Safety and Health Technology.....	Short-Term Certificate.....	131
Fire Science	AAS.....	113
Fire Science	One-Year Certificate	114
Forestry.....	AS	87
Forestry Technology		
Geographical Information Systems Option	AAS	88
Surveying Option	AAS	89
Forensic Science.....	Transfer Pathway	56
General Education.....	Transfer Pathway	57
Global Studies	Short-Term Certificate	155
Green Diesel.....	One-Year Certificate.....	133
Green Diesel Technology	Short-Term Certificate.....	133
Health Sciences	AS.....	137
Heating, Ventilation, Air Conditioning/Refrigeration	One-Year Certificate	134
History.....	Transfer Pathway	58
Hospitality and Tourism	One-Year Certificate	77

Industrial Technology		
Electrical Technician	Short-Term Certificate.....	127
Industrial Technician.....	Short-Term Certificate.....	127
Quality Control Technician	Short-Term Certificate.....	127
Information Technology Specialist.....	AAS	78
Information Technology Specialist.....	One-Year Certificate	79
Maintenance Welding.....	One-Year Certificate	129
Management and Supervision	One-Year Certificate	77
Marketing and Merchandising.....	One-Year Certificate	77
Mathematics	Transfer Pathway	59
Medical Billing and Coding.....	AAS	80
Medical Billing and Coding.....	One-Year Certificate	81
Medical Laboratory Technician.....	AAS	138
Mid-Level Education	Transfer Pathway	96
Middle School Education	AAT	97
Music.....	Transfer Pathway	60
Music Education-Instrumental.....	AAT	100
Music Education-Vocal.....	AAT	101
Nursing.....	AAS	140
Occupational Therapy Assistant	AAS	144
Office Administration.....	AAS	82
Office Assistant	One-Year Certificate	83
Paramedic	AAS.....	115
Paramedic	One-Year Certificate	117
Paraprofessional Educator.....	AAS	104
Physical Sciences.....	Transfer Pathway	61
Plumbing Technology.....	One-Year Certificate	134
Political Science.....	Transfer Pathway	62
Power Plant Technician.....	One-Year Certificate	126
Practical Nurse	One-Year Certificate	145
Pre-Dental Hygiene	One-Year Certificate	150
Pre-Engineering	AS.....	132
Pre-Health Medicine	AS.....	147
Pre-Journalism	Transfer Pathway	63
Pre-Law	Transfer Pathway	64
Pre-Medical Laboratory Technology.....	One-Year Certificate	150
Pre-Medicine.....	One-Year Certificate	151
Pre-Nursing	One-Year Certificate	151
Pre-Occupational Therapy Assistant.....	One-Year Certificate	152
Pre-Optometry.....	AS.....	148
Pre-Pharmacy.....	AS.....	149
Pre-Sports Medicine	Transfer Pathway	65
Process and Controls Engineering Technology	AAS	125
Psychology	Transfer Pathway	66
Religious Studies	Transfer Pathway	67
Sales	One-Year Certificate.....	77
Secondary Education	Transfer Pathway	98
Secondary Education	AAT	99
Social Work	Transfer Pathway	68-70
Sociology	Transfer Pathway	71
Spanish.....	Transfer Pathway	72
Surveying.....	Short-Term Certificate	124
Technical Graphics Specialist	One-Year Certificate	124
Welding Engineering Technology	AAS	128
Welding Fabrication Specialist.....	One-Year Certificate	129

Associates of Arts

Transfer Pathways

Transfer Pathways are a recommended sequence of required general education and prerequisite courses needed to complete an Associate of Arts (A.A.) Degree. Students must meet with their advisor to make appropriate course selections. The Transfer Pathways listed below are for the current academic year. Students seeking the A.A. Degree must select the pathway courses for transfer to a particular baccalaureate degree major that aligns with the requirements for a specific college or university. Length of program may vary depending on the major, as well as the college or university to which the student plans to transfer.

The choice of transfer pathway and selection of courses are the student's responsibility. Therefore, students must verify that the suggested courses in this guide meet the requirements for their intended major field of study at the specific college or university that they plan to attend once completing an Associate of Arts (A.A.) Degree at Three Rivers College. If you do not see the transfer pathway you are interested in pursuing, please contact your advisor. The following suggested transfer pathways meet the requirements for the Associate of Arts Degree for academic majors at most state (public) universities:

Agriculture	Music
Art	Physical Sciences
Biological Sciences	Political Science
Business Administration (Accounting)	Pre-Journalism
Chemistry	Pre-Law
Communication	Pre-Sports Medicine
Education (see Education section)	Psychology
English	Religious Studies
Forensic Science	Social Work
General Education	Sociology
History	Spanish
Mathematics	

The pathways listed above are not exhaustive. If you do not see a specific pathway or know you will be transferring out of state, inform your advisor of your desired pathway and/or desired institution for transfer to ensure we can maximize your experience.

College-Wide Outcomes

- **Communication Fluency**
The student will effectively communicate ideas that are clear and coherent.
- **Critical Thinking**
The student will analyze evidence and assumptions to formulate informed judgments and solutions.
- **Cultural Awareness**
The student will identify and analyze one's own culture, the culture of others, and examine the relationship and interactions among different cultures.
- **Information Literacy**
The student will access and use information from multiple sources while evaluating their accuracy and credibility.

Agriculture

melissadavis@trcc.edu

FIRST YEAR

Fall Semester			Hours
AGRI	120	Plant Science	4
AGRI	130	Animal Science	4
ENGL	111	College Writing	3
MATH	161	Mathematical Reasoning and Modeling – or -	3
MATH	163	College Algebra for Calculus	
SCOM	110	Public Speaking	3
TOTAL HOURS			17

SECOND YEAR

Fall Semester			Hours
CHEM	111	Introductory Chemistry – or - General Chemistry I - or - Physical Science	5
CHEM	121		
PHYS	101		
HIST	111	American History to 1877 - or - American History since 1877	3
HIST	112		
AGRI		Agriculture Elective	3
		Humanities Gen Ed course	3
TOTAL HOURS			14

Spring Semester			Hours
AGRI	110	Soils & Soil Fertility	4
BIOL	101	General Biology -or- Environmental Science	5
BIOL	102		
ENGL	112	Advanced College Writing	3
GOVT	121	National and State Government	3
TOTAL HOURS			15

Spring Semester			Hours
CPST	290	General Education Capstone	1
HPER	110	Lifetime Wellness –or- Two P. E. Activity	2
HPER			
		Fine Arts Gen Ed course	3
		General Education course	3
		Humanities Gen Ed course	3
		Social and Behavioral Sciences Gen Ed course	3
TOTAL HOURS			15

Agriculture Electives

AGRI	115	Introduction to Precision Agriculture	3
AGRI	172	Integrated Pest Management	3
AGRI	232	Advanced Animal Science	3
AGRI	234	Equine Science	3
AGRI	240	Agricultural Economics and Marketing	3
AGRI	270	Agriculture Systems Management	3

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Electives should be selected from courses that are transfer eligible. Students are urged to consult the course requirements of the college or university to which transfer is contemplated.

Art

Program Outcomes

- Perform financial accounting and management functions using report format and procedures.
- Communicate business information effectively within a business environment.
- Demonstrate knowledge of accounting systems for service, merchandising, and manufacturing companies operating as sole proprietorships, partnerships, or enterprises.
- Utilize current income tax resources to prepare personal tax returns.
- Use technology to solve complex business issues, report, and display these solutions in an appropriate manner.
- Demonstrate knowledge of accounting as it relates to payroll.

Accounting (One-Year Certificate)

Certificate Type: One-Year

Contact: Julie Becker jbecker@trcc.edu

Purpose: The Certificate of Accounting provides a basic knowledge of accounting principles combined with computer skills necessary for advancement in the field of accounting. The Certificate of Accounting will apply toward the Associate of Applied Science Degree in Accounting Technology. It could also be beneficial for persons with an Associate of Applied Science Degree in Office Administration, Medical Billing and Coding or Business Management. It also provides the additional courses beyond the Associate of Arts in Business Administration required by Central Methodist University as part of the Bachelor's in Accountancy.

Business Management (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dr. Martha Kirkman mkirkman@trcc.edu

Purpose: Career and Technical Education. The Business Management courses are designed to provide a two-year intensified business program. This program focuses on developing managerial skills needed for positions in the fields of marketing and management. Included in the Business Management program is an internship to provide specialized on-the-job work experience in the career for which the student is training. Students enrolled in the Business Management program will have the opportunity to join Collegiate DECA.

FIRST YEAR

Fall Semester			Hours	
BMGT	105	Career Management	3	
BUAD	120	Introduction to Business	3

Students needing additional information are advised to contact the Business Management Department directly. Faculty advisors will provide program information and enrollment assistance.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Program Outcomes

- Apply analytical and critical thinking skills with direct application to business environments.
- Demonstrate effective oral, written, and persuasive business communication.
- Summarize human relations and diversity in professional and business environments.
- Apply ethical and moral values to general business principles and practices.
- Demonstrate proper use of technology and computer software applications as they apply to business management.
- Analyze and interpret a business financial statement.

Hospitality & Tourism (One-Year Certificate)

Certificate Type: One-Year

Contact: Dr. Martha Kirkman mkirkman@trcc.edu

Purpose: Career and Technical Education. The Hospitality and Tourism certificate program prepares students for employment in the travel and hospitality industry. The courses include instruction in the different aspects of travel and theories and principles concerning the operation of hotels and resorts.

Courses			Hours
ACCT	211	Principles of Accounting I - or -	3
ACCT	216	Business Accounting	
BLAW	221	Legal and Ethical Environment of Business	3
BMGT	107	Hospitality and Tourism	3
BMGT	108	Human Resource Management	3
BMGT	235	Customer Service Management	3
MKTG	115	Principles of Marketing	3
MKTG	118	Retail Merchandising	3
IST	100	Computer Applications	3
TOTAL HOURS			24

Marketing & Merchandising (One-Year Certificate)

Certificate Type: One-Year

Contact: Dr. Martha Kirkman mkirkman@trcc.edu

Purpose: Career and Technical Education. The Marketing & Merchandising Certificate program provides the knowledge and skills necessary to prepare individuals to plan and satisfy long-term organizational objectives, such as profitability. This will be accomplished by coordinating and focusing all activities on identifying and satisfying customer needs and wants.

Courses			Hours
ACCT	211	Principles of Accounting I - or -	3
ACCT	216	Business Accounting	
BLAW	221	Legal and Ethical Environment of Business	3
BMGT	108	Human Resource Management	3
BMGT	235	Customer Service Management	3

MKTG	118	Retail Merchandising	3
MKTG	119	Advertising	3
IST	100	Computer Applications	3
TOTAL HOURS			24

Management & Supervision (One-Year Certificate)

Certificate Type: One-Year

Contact: Dr. Martha Kirkman mkirkman@trcc.edu

Purpose: Career and Technical Education. The Management and Supervision Certificate program provides the knowledge and skills necessary for effective supervisory performance. It is designed so currently employed persons can further their education and development of leadership qualities. Persons seeking the certificate to obtain an entry-level position will have a functional academic background that will fit many areas of business. Persons interested in this program should enjoy working with people and accomplishing organizational objectives.

Courses			Hours
ACCT	211	Principles of Accounting I - or -	3
ACCT	216	Business Accounting	
BLAW	221	Legal and Ethical Environment of Business	3
BMGT	108	Human Resource Management	3
BMGT	215	Supervisory Development	3
BMGT	235	Customer Service Management	3
BMGT	239	Entrepreneurship	3

MKTG	115	Principles of Marketing	3
TOTAL HOURS			24

Sales (One-Year Certificate)

Certificate Type: One-Year

Contact: Martha Kirkman mkirkman@trcc.edu

Purpose: Career and Technical Education. The Sales Certificate program prepares students for sales positions in organizations that market industrial, technical, and consumer goods and services. Students learn to apply practical techniques of selling in a range of situations, act as intermediaries between the customers and suppliers, and comprehend the complex interrelationship between the salesperson and the other components of a business. Persons interested in entering the sales field and those currently employed in sales will benefit from the knowledge and skills received in the coursework provided in this certificate program.

Medical Billing and Coding (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Julie Becker jbecker@trcc.edu

Purpose: Career and Technical Education. The Medical Billing and Coding program prepares students with the knowledge of ICD and CPT coding to assign accurate codes for diagnosis, procedures, and other services. Students will also learn various clerical and administrative functions that relate to medical facilities. This program prepares the graduate to meet the challenges in today's health care billing and coding systems through the application of practical and theoretical general education, hands-on skill development, and a coordinated internship project.

FIRST YEAR

Fall Semester			Hours

Associate of Arts in Teaching

Transfer Pathways

Similar to the Associate of Arts degree, the Associate of Arts in Teaching has Transfer Pathways. The A.A.T. provides an opportunity to complete a Bachelor of Arts or Bachelor of Science in Education concentration at a participating four-year transfer institution in the state of Missouri. Any Missouri community college student who has earned an A.A.T. degree from any Missouri community college is guaranteed consistent treatment by the four-year transfer institution in accordance with the Missouri Coordinating Board for Higher Education (CBHE) Credit Transfer Policy, Principles of Best Practice, and related addenda and clarifying comments.

The Transfer Pathways listed below are for the current academic year. Students seeking the A.A.T. Degree must select the pathway courses for transfer to a particular baccalaureate degree major that aligns with the requirements for a specific college or university. Length of program may vary depending on the major as well as the college or university to which the student plans to transfer. These pathways are a recommended sequence of required general education and prerequisite courses needed to complete an Associate of Arts in Teaching (A.A.T.) Degree. Students must meet with their advisor to make appropriate course selections.

Elementary Education

Mid-Level Education

Middle School Education

Secondary Education

Music Education

Early Childhood Development – AAS Degree and Short-Term Certificate

Paraprofessional Educator – AAS Degree

Program Outcomes

- **Content Knowledge Aligned with Appropriate Instruction**
The teacher understands the central concepts, structures, and tools of inquiry of the discipline(s) and creates learning experiences that make aspects of subject matter meaningful and engaging for students.
- **Student Learning, Growth, and Development**
The teacher understands how students learn, develop, and differ in their approaches to learning. The teacher provides learning opportunities that are adapted to diverse learners and support the intellectual, social, and personal development of all students.
- **Curriculum Implementation**
The teacher recognizes the importance of long-range planning and curriculum development. The teacher develops, implements, and evaluates curriculum based upon student, district, and state standards data.
- **Critical Thinking**
The teacher uses a variety of instructional strategies and resources to encourage students' critical thinking, problem solving, and performance skills.
- **Positive Classroom Environment**
The teacher uses an understanding of individual/group motivation and behavior to create a learning environment that encourages active engagement in learning, positive social interaction, and self-motivation.
- **Effective Communication**
The teacher models effective verbal, nonverbal, and media communication techniques with students, colleagues, and families to foster active inquiry, collaboration, and supportive interaction in the classroom.

- **Student Assessment and Data Analysis**

The teacher understands and uses formative and summative assessment strategies to assess the learner’s progress and uses both classroom and standardized assessment data to plan ongoing instruction. The teacher monitors the performance of each student and devises instruction to enable students to grow and develop, making adequate academic progress.

- **Professionalism**

The teacher is a reflective practitioner who continually assesses the effects of choices and actions on others. The teacher actively seeks out opportunities to grow professionally in order to improve learning for all students.

- **Professional Collaboration**

The teacher has effective working relationships with students, parents, school colleagues, and community members.

Elementary Education – Arkansas State University

Contact: Dr. Faye Sanders asanders@trcc.edu

Purpose: For transfer to Arkansas State University – Grades K-6. This two-plus-two program is designed for students to enter Arkansas State University in their Junior Year.

ENGL 111-College Writing
 ENGL 112-Advanced College Writing
 EDUC 201-Teaching Profession with Field Experience
 MATH 163-College Algebra for Calculus
 SCOM 110-Public Speaking

Graduation Requirement: Cumulative 2.70 GPA

Recommended University Parallel Courses

GEOG 101 Cultural Geography 3 cr/hr

Background Check

Criminal Record Background Check required for EDUC 201 & EDUC 260

Students are encouraged to meet with an ASU advisor on the campus of ASU early in their coursework.

Teacher Education students should be aware that forty-five (45) hours of classroom observation/engagement is required in the following courses: EDUC 201-Teaching Profession with Field Experience (30 hours) and EDUC 260-Education of the Exceptional Learner (15 hours).

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

A list of general education courses can be found on the Core Curriculum Transfer (CORE42) General Education Program page.

SECOND YEAR

Fall Semester				Hours
EDUC	210	Educational Psychology	3	
EDUC	270	Educational Technology	3	
ENGL	221	World Literature to 1600	3	
GOVT	121	National and State Government	3	
HIST	121	World Civilization to the Renaissance - or –	3	
HIST	122	World Civilization since the Renaissance		
MATH	163	College Algebra for Calculus	3	
TOTAL HOURS			18	

Spring Semester				Hours
CPST	290	General Education Capstone	1	
EDUC	230	Foundations of Education in a Diverse Society	3	
EDUC	260	Education of the Exceptional Learner	3	
ENGL	222	World Literature since 1600	3	
HPER	110	Lifetime Wellness	2	
		General Education Science course	3-5	
TOTAL HOURS			15-17	

General Education Science Courses:

BIOL 100-Survey of Biology
 BIOL 102-Environmental Science
 BIOL 110-Human Biology
 BIOL 231-Anatomy & Physiology I
 CHEM 111-Introductory Chemistry
 CHEM 121-Genearl Chemistry
 PHYS 211-General Physics

Students should complete the following ASU courses prior to admission to AUS:

MATH 2123-Math for Elementary Teachers II at ASU Newport (online)
 HIST 3083-History of Arkansas online – Summer option

Elementary Education

PSYC	111	General Psychology	3	
PSYC	243	Human Development Across the Lifespan	3	

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Program Outcomes

- Promoting child development and learning.
- Building family and community relationships.
- Observing, documenting, and assessing to support young children and families.
- Using developmentally effective approaches.
- Using content knowledge to build meaningful curriculum.
- Becoming a professional.
- Early childhood field experiences.

Early Childhood Development (Short-Term Certificate)

Certificate Type: Short-Term

Contact: Heather Cornman hcornman@trcc.edu

Purpose: Career and Technical Education. The Early Childhood Development short-term certificate is designed to prepare the student to apply for the national CDA Credential obtained from the Council for Professional Recognition. The CDA certificate prepares the student for immediate work in the field. The Council for Professional Recognition requires 120 hours of professional classroom instruction and 48 hours of work experience in a licensed child care setting. Completion of the Short-Term Certificate will meet the 120 hours of education requirement and 60 hours of the work experience requirement. The CDA Credential is awarded by the Council for Profession Recognition after all requirements have been met, not by Three Rivers College. All CDA requirements can be found at www.cdacouncil.org.

Courses			Hours	
ECD	126	Child, Health, Safety, and Nutrition	3	
ECD	202	Survey of Early Childhood Development and Education	3	
ECD	205	Preschool CDA ⁽¹⁾ –or–	5	
ECD	208	Infant/Toddler CDA ⁽¹⁾		
TOTAL HOURS			11	

⁽¹⁾Course requires a clear Missouri Highway Patrol criminal background screening and a current First Aid/CPR certification.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Paraprofessional Educator (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dr. Faye Sanders asanders@trcc.edu

Purpose: Career and Technical Education. The Paraprofessional Educator program prepares students for paraprofessional positions in public elementary, middle, and high schools; preschools; and private schools. Paraprofessional educators work alongside the regular classroom teacher helping students with their needs. They often work extensively with special needs children.

FIRST YEAR

⁽¹⁾These courses require skills and written examinations by the Missouri Division of Fire Safety to obtain state certification. Students must meet all state requirements prior to taking certification tests. There is a \$200 course fee attached to FIRE 115 and a \$25 fee attached to FIRE 118. Prior to participating in any hands-on activities in FIRE 115, students must submit a physical consent and release form to the instructor. In addition, submission of a Criminal Record background check maybe required.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Program Outcomes

- Demonstrate proficiency in firefighting skills as listed in the National Fire Protection Association’s (NFPA) Current standard 1001.
- Demonstrate knowledge necessary to respond to a given hazardous materials incident.
- Demonstrate knowledge of personal safety, accountability, fitness, and performance standards by designing, presenting, and analyzing a written Standard Operating Guideline/Standard operating procedure (SOG/SOP) for Emergency Response using current Missouri state laws and National Fire Protection Association (NFPA) guidelines.
- Apply knowledge of Hostile Fire Events in structure fires and recognize the conditions that lead up to them.
- Identify and demonstrate the basic components that provide the basis for Firefighting and Emergency Services Occupations.
- Explain laws, ordinances, and practices related to fire prevention, protection, suppression, mitigation, and alarm systems.

Paramedic (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Tami Cunningham tcunningham@trcc.edu

Purpose: Career and Technical Education. This program aims to prepare competent entry-level Emergency Medical Technician-Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to provide safe and effective pre-hospital emergency care for sick and injured adults and children. Both general education and paramedic courses are included in the program of study. Clinical internship experiences are planned in local healthcare facilities under direct guidance of experienced preceptors.

Admission Criteria: To become an eligible applicant, individuals must:

- Have a program application on file in the Emergency Medical Services Office by May 1. (Find application at www.trcc.edu/admissions/application.php.)
- Be a Missouri licensed EMT.
- Have current Basic Life Support for Healthcare Providers status.
- Place into College Writing and Mathematical Reasoning and Modeling on the ACT or ACCUPLACER placement tests (scores are valid for 5 years).
- Complete the Test of Essential Academic Skills (TEAS) with a 50% or higher.
- Satisfactorily complete a confidential medical history, physical examination, negative preadmission drug screen, and clear criminal background check after acceptance in the program.

The Three Rivers College Paramedic Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of Committee on Accreditation of Educational Programs for the Emergency Medical Services Professionals (www.coaemsp.org).

Selection of students occurs during the Spring semester with Paramedic courses beginning in August. Students must meet certain criteria for internship practice in agencies, including, but not limited to, random or for-cause drug screenings.

TOTAL CREDIT HOURS: 63

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Graduates of the AAS degree program are eligible to take the National Registry Advanced Level practical and written examinations for Paramedic licensure. There are questions on the Missouri licensure application related to the conviction of any crime (traffic violations, drugs, and/or alcohol, etc.) Affirmative answers may result in the applicant being denied licensure by the Department of Health and Senior Services Bureau of EMS.

NOTE: Other fees are associated with the Paramedic program in addition to regular college tuition and fees.

Program Outcomes

- Provide a safe, supportive, and effective environment for each pre-hospital encounter.
- Manage emergency situations using sound judgment and protocol/procedures to respond in an efficient manner.
- Demonstrate knowledge of the legal aspect of EMS (ex. HIPAA), and local policy limits, to all patient encounters while recognizing and accepting personal responsibility for one's actions, or lack of action, in the practice of emergency medicine.
- Communicate in a professional manner with all members of the healthcare team.
- Utilize knowledge of normal/abnormal anatomy and physiology and pharmacology in pre-hospital emergency care.

Paramedic (One-Year Certificate)

Certificate Type: One-Year

Contact: Tami Cunningham tcunningham@trcc.edu

Purpose: Career-Technical Education. This program aims to prepare competent entry-level Emergency Medical Technician-Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to provide safe and effective pre-hospital emergency care for sick and injured adults and children. Both general education and paramedic courses are included in the program of study. Clinical internship experiences are planned in local healthcare facilities under direct guidance of experienced preceptors.

The Three Rivers College Paramedic Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of Committee on Accreditation of Educational Programs for the Emergency Medical Services Professionals (www.coaemsp.org).

Admission Criteria: To become an eligible applicant, individuals must:

- Have a program application on file in the EMS Coordinator's Office by May 1. (Find application at www.trcc.edu/admissions/application.php.)
- Be a Missouri licensed EMT.
- Have current Basic Life Support for Healthcare Providers status.
- Place into College Writing and Mathematical Reasoning and Modeling on the ACT or ACCUPLACER placement tests (ACT scores are valid for 5 years).
- Complete the Test of Essential Academic Skills (TEAS) with a 50% or higher.
- Satisfactorily complete a confidential medical history, physical examination, negative pre-admission drug screen, and clear criminal background check after acceptance in the program.

Selection of students occurs during the spring semester with Paramedic courses beginning in August. Students must meet certain criteria for internship practice in agencies, including, but not limited to, random or for-cause drug screenings.

Summer Semester			Hours
BIOL	231	Anatomy & Physiology I	4
TOTAL HOURS			4

Fall Semester			Hours
EMDS	201	EMS II	12

EMDS	208	EMS Internship III	6
TOTAL HOURS			8

General Education credit hours: 4

EMS Education credit hours: 38

TOTAL CREDIT HOURS: 42

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

*Graduates of the Paramedic One-Year Certificate are eligible to take the National Registry Advanced Level practical and written examinations for Paramedic licensure. There are questions on the Missouri licensure application related to the conviction of any crime (traffic violations, drugs, and/or alcohol, etc.) Affirmative answers may result in the applicant being denied licensure by the Department of Health and Senior Services Bureau of EMS. **NOTE:** Other fees are associated with the Paramedic program in addition to regular college tuition and fees.*

Emergency Medical Services (Short-Term Certificate)

Certificate Type: Short-Term

Contact: Tami Cunningham tcunningham@trcc.edu

Purpose: Career and Technical Education. This course prepares entry-level EMT for employment in the region. For further information about any of the EMS courses, contact the Program Director at 573-840-9672.

Three Rivers College is a Missouri Department of Health and Senior Services, Bureau of Emergency Medical Services accredited EMS training entity.

NOTE: In addition to college tuition and fees, EMT students will be charged \$61.50 per academic year for student malpractice insurance and \$140 for EMDS course fees. Students are responsible for purchase of uniform.

Emergency Medical Technician

The EMT-Basic course (EMDS 105) is a nine-credit-hour course offered each fall and spring semester. Tuberculin (PPD) skin test and criminal background check are required for clinical experience. Graduates are eligible to take the National Registry EMT-Basic practical and written examinations for licensure in Missouri. There are questions on the licensure application related to the conviction of any crime (traffic violations, drug and/or alcohol, etc.). Affirmative answers may result in the applicant being denied licensure by the Missouri Department of Health and Senior Services, Bureau of EMS.

Career and Technical Studies (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dr. Dan Lauder dlauder@trcc.edu

Purpose: Allow students who have completed a two-year program at an area technical career center to receive free college credit for that work applied toward an Associate of Applied Science degree. Three Rivers College's Career and Technical Studies Program allows high school and adult students at technical career centers in Southeast Missouri to earn credits toward an Associate of Applied Science Degree at no cost.

Students who complete a two-year program from a technical career center and are admitted to Three Rivers' Career and Technical Studies Program will receive 36 hours of credit toward an AAS degree after meeting the criteria listed below. Students then need only complete a total of 30-32 hours of required courses at Three Rivers to earn an Associate of Applied Science degree. This is a savings of over \$5,000 to students enrolling in this program. The courses include a General Education block and a Technology Core block from various TRC career programs.

To be admitted to the Career and Technical Studies Program, the student must meet the following criteria:

Scholastic attainment/achievement

- Must have attained an overall career center high school grade point average of "B Minus" or above.
- Must have attained a 95% attendance record for the applicable program or obtain the technical career center director's recommendation for a waiver.
- Must obtain a positive recommendation from the technical career center director (for all students) and the "home" high school principal (for high school students only).
- Must have completed a minimum of 80% of the applicable CTE program core competencies (for all students) or if student has graduated early from their high school they must provide signed verification from their Area Technical/Career Center that they have completed all their High School academic requirements.
- Must apply for admission to Three Rivers College and meet admission criteria based on year of entry completing first articulated course at career center.
- Must provide an official transcript from career center showing a grade of "B" or better in program for which articulated credit is requested.

Following is a list of Programs of Study that will be accepted into Three Rivers' Career and Technical Studies degree program, along with the technical career centers where each is offered. Please note that program offerings are subject to change due to enrollment. For information on these programs, contact the technical career center where it is offered.

Construction Engineering Technology (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dr. Dan Lauder dlauder@trcc.edu

Purpose: Career and Technical Education. This option in the Engineering Technology program focuses on computer-aided drafting, surveying, construction management, and other civil- and construction-related areas. This degree option prepares students for entry-level employment and provides a foundation for future advancement in civil engineering, construction, or surveying, as well as entry into a university-level technology program. The option includes an internship for on-the-job training with area companies.

FIRST YEAR

Fall Semester			Hours	
CIVL	117	Construction Print Reading	3

Civil Engineering Technician (One-Year Certificate)

Certificate Type: One-Year

Contact: Dr. Dan Lauder dlauder@trcc.edu

Purpose: Career and Technical Education. This program focuses on fundamental marketable skills in the surveying field. It prepares students for entry-level positions in the civil and construction industry. Completion of the certificate satisfies the educational requirements portion of the Land Surveyor-In-Training (LSIT) program as set forth by the State of Missouri. All of the courses will apply toward an Associate of Applied Science degree in Engineering Technology – Construction Management and Civil Applications Option.

CURRICULUM				Hours	
CIVL	116	Surveying I		3	
CIVL	216	Surveying II		3

WELD	259	Advanced FCAW (Flex Core Arc Welding)	4	
TOTAL HOURS			14	

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Program Outcomes

- Recognize appropriate safety measures to apply in the welding environment.
- Operate and prepare in cutting and preparation of metal.
- Interpret as well as illustrate the terminology in welding prints and codes.
- Create and weld in various weld positions.
- Examine and identify discontinuities and defects in the weld as well as identification of metal.
- Operate machines and recognize when proper maintenance should be done.

Maintenance Welding (One-Year Certificate)

Certificate Type: One-Year

Contact: Derek Joplin djoplin@trcc.edu

Purpose: Career and Technical Education. This program gives the student a welding certificate they can present with their resume to employers. This certificate alone will not be considered as an industry welding certification but as proof of course completion. This certificate can be built upon in the seeking of industry certification. It can aid the student in securing employment in the manufacturing workplace in a maintenance setting.

Courses			Hours

Welding Fabrication Specialist (One-Year Certificate)

Certificate Type: One-Year

Contact: Derek Joplin djoplin@trcc.edu

Purpose: Career and Technical Education. This program builds knowledge and skills in operating welding equipment and performing basic welding operations. Students will receive hands-on instruction in cutting processes; gas metal arc, gas tungsten arc, and shielded metal arc welding; shop safety; fabrication; oxy/acetylene fusion welding; quality assurance; and using blueprints. This certificate could be built upon in seeking industry certification, and the skills developed will prepare the student for such certification. The student can choose to take any course in steps that can be stacked one at a time or in multiples. The certificate could aid the student in securing employment in the manufacturing workplace.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Environmental Health and Safety Technology (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dr. Dan Lauder dlauder@trcc.edu

Purpose: Career and Technical Education. The Environmental Health and Safety Technology program prepares students for positions in occupational safety and health or environmental technology. Health and safety specialists work with federal, state, and local environmental and occupational regulatory programs. They address compliance issues, workers' compensation, monitoring, training, and recordkeeping in addition to many other requirements. Environmental technology addresses water, wastewater, air, solid waste, hazardous waste, and other environmental programs.

FIRST YEAR

Fall Semester			Hours
ENGL	111	College Writing	3
ENGR MATH	106 103/153	Technical Math I ⁽¹⁾ –or– Intermediate Algebra (or higher level Math course)	3-4
SCOM	110	Public Speaking	3
BIOL BIOL BIOL	101 102 231	General Biology –or– Environmental Science –or– Anatomy & Physiology I	4-5
GIS	120	Introduction to Geographic Information Systems	3

⁽¹⁾Students planning to transfer to a four-year institution should substitute MATH 163, MATH 164, or MATH 171.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Program Outcomes

- Describe environmental and occupational safety laws and regulations.
- Identify appropriate control or abatement options.
- Identify environmental and occupational safety hazards and security issues.
- Interpret environmental and occupational safety laws and regulations.
- Apply laws and regulations.

Environmental Health and Safety Technology (One-Year Certificate)

Certificate Type: One-Year

Contact: Dr. Dan Lauder dlauder@trcc.edu

Purpose: Career and Technical Education. The EHS Technology Certificate program prepares students for positions that oversee, administer, monitor, and ensure compliance with federal, state, and/or local environmental and occupational safety and health regulatory programs.

TOTAL HOURS				16

NOTE: Engineering departments at four-year universities and colleges vary greatly in the specific humanity, social and behavioral science, and fine art requirements. These class requirements also may vary from one engineering discipline to another within a college. It is up to the student in conjunction with their advisor to select appropriate general education courses that maximize transferability at the institution they plan to attend.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Electrical Technology (One-Year Certificate)

Certificate Type: One-Year

Contact: Jim Dow jdow@trcc.edu

Purpose: Career and Technical Education. The Electrical Technology program prepares students for entry level employment as an electrician. Students will acquire knowledge and skills required to work in residential, commercial, and industrial electricity. The National Electrical Code (NEC), along with local regulations, will be referenced throughout the program.

Fall Semester			Hours
ELEC	105	Introduction to Electrical Technology	3

Environmental Health (AS)

Degree Type: Associate of Science Degree—University Parallel Major

Contact: Dr. Dan Lauder dlauder@trcc.edu

Purpose: Transfer program with Missouri Southern State University (MSSU) toward completion of a Bachelor of Science degree in Environmental Health and Safety. Students will take the first 79 credit hours toward the Bachelor of Science at Three Rivers College, fulfilling all general education, math, science, and elective requirements. The last 45 hours will be taken at Missouri Southern State University through distance learning or at the MSSU campus. The purpose of the degree program is to provide students with the knowledge, skills, and certifications necessary to work as an environmental health and safety professional. Career opportunities include professional positions with public health departments, environmental protection agencies, environmental consultants, and occupational health and safety divisions of industry. This transfer program through Missouri Southern State University is fully accredited by the National Environmental Health Science and Protection Accreditation Council (EHAC).

Medical Laboratory Technician (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dionne Thompson dthompson@trcc.edu

Purpose: Career and Technical Education. In keeping with the mission of the Missouri Health Professions Consortium (MHPC), the Medical Laboratory Technician program was developed to meet the increasing demand for highly competent medical laboratory technicians in rural and underserved areas of Missouri. The purpose of this associate degree program is to prepare selected individuals to provide accurate and reliable diagnostic testing results to the citizens of Missouri. We educate and prepare laboratory generalists, to have the knowledge, skills, and professional behaviors that are necessary to be eligible to apply for the national certification examination as well as meet employer expectations in the community service area.

Program Prerequisites:

- Admission into the Missouri Health Professions Consortium (MHPC) Medical Laboratory Technician (MLT) program.
- Successful completion of required general education pre-requisite courses with a grade of C or higher.
- Minimum cumulative grade point average of 2.5 or higher.
- Successful completion of each course during each semester required in the MHPC MLT program with a grade of C or higher.
- Students must achieve a minimum grade of "C" or higher grade in general education coursework.
- Students must have a TEAS score in the 50th percentile or higher.

TOTAL HOURS			6	

The MHPC Medical Laboratory Technician (MLT) Program is coordinated through Moberly Area Community College and is offered through the following community colleges: Mineral Area College (MAC), Moberly Area Community College (MACC), North Central Missouri College (NCMC), State Fair Community College (SFCC), and Three Rivers College (TRC). The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Rd., Suite 720, Rosmont, IL 60018, 773-714-8880.

The MHPC MLT Program curriculum includes virtual classroom instruction (3-5 days/week, fall & spring semesters), on-campus laboratory instruction in Mexico or Poplar Bluff as designated (maximum three separate times, fall & spring semesters each), and an off-campus clinical rotation component (3-5 days/week, fall, spring and summer). Tuition and fees are set at \$288 per credit hour for the 2018-2019 school year. Please see our application packet for more information regarding additional fees associated with the program.

After all classes and clinical requirements are completed within the MHPC MLT Program, students graduate from their home campus and are eligible to take the national certification examination. The MHPC MLT Program is full-time only, with courses offered in a specific sequence.

Each summer, an average of thirty students are selected to begin the program in the fall. The professional year of the program (MLT coursework) is designed to be completed within 12 months beginning in August and ending the following August.

Enrollment in the MHPC MLT program is selective and an informational packet with application materials is available online (www.macc.edu/application-packet-mhpc-mlt). Students must complete all general education coursework PRIOR to entry into the professional level program. However, students can complete coursework in the semester prior to the start of the program; under these circumstances, program admission would be contingent upon successful completion of general education prerequisite coursework and maintenance of the required 2.5 GPA. Transcript evidence of satisfactory completion of general education/prerequisite coursework must be received with the application packet. Only students meeting all admission criteria and submitting completed application packets within the established time frame will be considered. The Application Committee meetings are conducted the summer before the start of the professional year. Admission decisions of the Application Committee are final. Applicants will receive a letter regarding admissions status following committee review.

Application Deadline: May 15

For more program information, please visit: www.macc.edu/mhpc-mlt.

Nursing (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Kim Shackelford kshackelford@trcc.edu

LPN-RN Bridge Contact: Michelle Hall nhall@trcc.edu

Purpose: Career and Technical Education. The purpose of this nursing program is to prepare students to achieve an Associate of Applied Science degree, to apply for licensure by examination* as a registered nurse, and to use the nursing process in providing safe and effective nursing care for clients in structured primary or secondary care settings.

Both general education and nursing education courses are included in the program of study; clinical laboratory experiences are planned in local health care facilities under the direct guidance of the Nursing faculty. Students enrolled in the nursing program have the same privileges and responsibilities accorded all students of the College.

The Poplar Bluff Associate Degree Nursing Program and the Sikeston LPN-RN Bridge program are fully approved by the Missouri State Board of Nursing 573-751- 0681: www.pr.mo.gov. The program is accredited by the

Accreditation Commission for Education in Nursing (ACEN)

3343 Peachtree Road, Suite 850

Atlanta, GA 30326

404-975-5000

www.acenursing.org.

NOTE: Nursing students are required to have two physical examinations, one as part of the admission process and the second prior to the beginning of second-year classes. Students must meet certain health criteria for clinical practice in agencies, including, but not limited to, random or for-cause drug screening. Students are required to be certified at the BLS for Healthcare Providers (BLS-HCP) level. Proof of successful completion of the BLS-HCP course must be in the form of an official CPR card document issued by an authorized AHA or Red Cross Training Center. Cards issued by private companies that state the course was “taught in accordance with AHA (or Red Cross) guidelines” are not sufficient evidence of course completion and will not satisfy this requirement.

*The requirements for licensure, as set forth in the Missouri Statutes 335 RSMo 2015 the Nurse Practice Act, include being of good moral character, completion of the high school course of study or the equivalent, successful completion of the basic professional nursing curriculum in an approved school of nursing (however, successful completion does not guarantee eligibility to take the licensure examination). *Non-English speaking candidates are required to submit evidence of proficiency in the English language. There are also questions related to adjudication of any crime other than traffic violations, including unlawful use or possession of controlled substances or alcoholic beverages to an extent that one is impaired, fraud, dishonesty, acts of violence, bribery, deception, misconduct, insanity, incompetence, and placement on employee disqualification lists by a state or federal agency. Affirmative answers may result in the applicant being denied access to the licensure examination by the State Board of Nursing. For further information, consult the department chair.

**The requirements for nursing licensure are set forth in Missouri Statutes 335.066 and 335.046.1, a paper copy of which is available from the Three Rivers Nursing Program Department. An electronic copy can be found at www.trcc.edu.*

Admission Criteria

All candidates must meet the regular admission requirements as stated in the current catalog:

To become an eligible nursing applicant, each individual must have the following on file in the admissions office no later than **March 1 for the Poplar Bluff day program and Evening LPN-RN Bridge program, May 1 for the Poplar Bluff evening program, December 1 for the Sikeston and Poplar Bluff Day LPN-RN Bridge program**

- Completed college application;
- ACCUPLACER, ACT, or SAT scores (current within 5 years) for placement in math and English courses;
- Final high school transcript or high school equivalency certificate;
- Transcripts of all previous university/college/technical schools; and
- Completed current nursing application.

Both the College application and the nursing application can be found at www.trcc.edu/admissions/application.php. Hand delivered applications must be received in the Poplar Bluff or Sikeston Nursing Office by 4 p.m. on the appropriate deadline date or the next Three Rivers College business day if the deadline falls on either a weekend or a holiday. Applications received by mail or other traceable means must be postmarked by midnight on the appropriate deadline dates.

The Nursing Admissions Committee uses the following minimum requirements for the initial screening of applicants:

1. Cumulative Grade Point Average (GPA) of 2.00, or if current high school student, with no college GPA, rank in the upper one third of their high school graduating class.
2. Satisfactory performance on the NLN Pre-Admission Examination-RN (minimum 110 composite score). NLN scores must be current within two years of application deadline. Students can register at www.ondemand.questionmark.com/400030/ext/nlntesting/user. Examination must be completed by application deadline.

In the event that two or more applicants receive the same composite percentile score, the applicants will be ranked according to the NLN verbal ability category score, and then, if necessary, by the NLN science category score, and finally math category score. Selection as an alternate does not guarantee admission into the program or placement into the following year's selection process. Selected alternates remain eligible by completion of pre-nursing courses with a maintained cumulative GPA of 2.00. Alternates will replace students in the ranked order as space becomes available and will be notified by letter. If not granted admission, the alternate must reapply.

Transfer Requests must be received in writing by May 1 for fall courses and by December 1 for spring courses for credential evaluation. Contact the Nursing Department for transfer packets and instructions. Readmission requests must be received in writing by the finals week of the current semester from which the student has failed or withdrawn.

Applicants will be notified of their admission status by letter. Individuals selected are required to have a physical examination, preadmission drug screen, and criminal background check prior to starting their first nursing course. Final admission is contingent upon submission of a satisfactory confidential medical history and examination, negative drug screen, a negative criminal background check, and completion of pre-nursing courses with a cumulative GPA of 2.00 or higher (see curriculum guide).

LPN-RN Bridge applicants must meet the same admission criteria as other nursing applicants. To qualify, the selected student must additionally:

- Have an active, unencumbered license as a Licensed Practical Nurse with privileges to practice in the state of Missouri. (Applicants that have an authorization to test for the NCLEX-PN may apply pending successful completion of the licensure exam).
- Demonstrate satisfactory performance on the screening assessment. Scores on screening assessment must be current within two years of deadline.

In addition to the College tuition and fees, nursing students will be charged \$15 per academic year for malpractice insurance, \$175 per credit hour clinical fee for courses with clinical components, and \$50 per credit hour fee for nursing courses to cover the cost of lab supplies, computerized testing, photos, school pins, and the NCLEX live review, and \$25 per credit hour simulation lab fee for all nursing courses with a clinical component to cover the cost of maintenance, consumables, and software updates.

Progression and Retention Criteria

1. Students must maintain a cumulative GPA of 2.0 throughout their enrollment in the nursing program. Students must also comply with college policies regarding probation and suspension, as outlined in the Three Rivers College Catalog.
2. In order to progress in the nursing sequence:
 - a. Students must achieve satisfactory clinical performance, satisfactory skills lab performance, and a minimum grade of "C" for each nursing course in order to progress to the next nursing course.
 - b. Students failing to achieve satisfactory clinical performance or skills laboratory performance will receive a course grade of "F" regardless of the grade in the theory portion of the course.
 - c. A student can fail or withdraw from a nursing course one time. A student can only be readmitted to the nursing program one time. A student who fails or withdraws from more than one nursing course (whether in the same semester or different semesters) is ineligible for readmission.
 - d. Students must achieve a minimum grade of "B" in nursing related courses, including Anatomy and Physiology I and II and Mathematical Reasoning and Modeling.
 - e. Supporting general education courses must be taken in the sequence listed in the student's program option (refer to curriculum outlines) if not completed before acceptance into the nursing program.

Program Outcomes

- Develop personal responsibility for professionalism, education, and scope of practice.
- Choose effective communication strategies while collaborating with patients, significant support person, and interdisciplinary members of the healthcare team.
- Evaluate critical thinking and clinical decision making to provide safe, patient-centered care.
- Apply evidence-based practice while recognizing the role of quality improvement in the healthcare system.

Occupational Therapy Assistant (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Dr. Staci Foster stacifoster@trcc.edu

Purpose: The Occupational Therapy Assistant program is a one-plus-one degree program which prepares students to practice as Certified Occupational Therapy Assistants (COTA) after meeting certification and state licensure standards. Three Rivers College is one of five colleges in the Missouri Health Professions Consortium (MHPC) currently selected to offer the program coordinated through the University of Missouri. Three Rivers offers and enrolls students in the general education coursework; sophomore level (professional level) coursework typically originates from a classroom in Columbia, MO, and is conveyed to Three Rivers' students via interactive television and internet based technology. Through the combination of general education, professional level coursework, classroom and laboratory practice, and clinical fieldwork experiences, students will learn the profession of occupational therapy assistant. Travel to other campuses for laboratory practice will be required. The professional year does not run on a traditional academic cycle. Classes will begin the Monday after New Year's Day and will run through the end of the fall semester. Completion of professional coursework takes one full calendar year.

FIRST YEAR

Spring Semester

			Hours

SOCI	111	General Sociology	3	
TOTAL HOURS			16	

Accreditation

The MHPC OTA Program has been granted accreditation by the Accreditation Council for Occupational Therapy Education (ACOTE), the accrediting body of the American Occupational Therapy Association (AOTA). Following successful completion of coursework and passing of the certification exam, individuals will be a Certified Occupational Therapy Assistant (COTA). Even with successful coursework completion students may be prohibited from sitting for the NBCOT Certification Exam if they have a felony conviction. In Missouri, state licensure is required in order to practice and acquisition of a license is contingent upon passing the NBCOT Certification Exam. Prospective or currently enrolled students that have a disciplinary record with law enforcement, or their current or previous academic setting(s) are encouraged to utilize the Early Determination review process available at www.nbcot.org. For more information regarding accreditation, please contact: ACOTE, c/o Accreditation Department, American Occupational Therapy Association (AOTA), 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449, phone: 301-652-2682, TDD: 800-377-8555. www.acoteonline.org accred@aota.org

Admission Process

Enrollment in the MHPC Occupational Therapy Assistant program is selective and an informational packet with application materials is available online (www.trcc.edu/admissions/application.php) or at the Three Rivers campus. Students must complete all general education coursework PRIOR to entry into the professional level program. However, students can complete coursework in the semester prior to the start of the program; under these circumstances, program admission would be contingent upon successful completion of general education prerequisite coursework and maintenance of the required 2.5 GPA. Transcript evidence of satisfactory completion of general education/prerequisite coursework must be received with the application packet. Three Rivers may not be able to offer admission to all qualified applicants. Only students meeting all admission criteria and submitting completed application packets within the established time frame will be considered. The Selection Committee meetings are conducted the summer before the start of the professional year. Admission decisions of the Selection Committee are final. Applicants will receive a letter regarding admissions status following committee review. **Application Deadline: May 31.**

Transfer Options

This degree will articulate to a Bachelor of Health Science (BHS) degree at the University of Missouri-Columbia (UMC). While a bachelor's degree is not required to practice as an OTA, 60 credit hours will transfer to UMC if graduates wish to pursue their additional degree.

Total Hours: 79 credit hours

Practical Nurse (One-Year Certificate)

Certificate Type: One Year

Contact: Poplar Bluff Option – Larissa Brown larissabrown@trcc.edu

Sikeston Option – Amanda Taegtmeier ataegtmeier@trcc.edu

Purpose: Career and Technical Education. The purpose of the Practical Nursing program at Three Rivers College is to prepare students to achieve a one-year certificate in Practical Nursing and be successful in obtaining licensure as a Licensed Practical Nurse. The Practical Nursing program instills knowledge, skills, and professional values to prepare individuals to enter the workforce and provide safe, effective nursing care for clients in a variety of healthcare settings.

Nursing education courses are included in the program of study; clinical laboratory experiences are planned in local healthcare facilities under the direct guidance of the nursing faculty. Students enrolled in the nursing program have the same privileges and responsibilities afforded all students of the College.

Three Rivers College's Practical Nursing program is fully approved by the Missouri State Board of Nursing: 573-751-0681,

www.pr.mo.gov.

Note: Nursing students are required to have a physical examination. Students must meet certain health criteria for clinical practice in agencies, including, but not limited to, random or for-cause drug screening. CPR certification valid through the academic year is required of all students. Nursing students are also required to submit a criminal background check and negative pre-admission drug screen.

Admission Process

1. Must be 18 years of age (at the start of the program)
2. Minimum GPA 2.0 (high school or college, most current will be used)
3. High school diploma, or equivalency certificate
4. Minimum TEAS Composite Percentage Score of 58%
5. Complete a short questionnaire

Class will be selected using the following formula:

- TEAS Composite Percentage Score = 40%
- TEAS Reading Comprehension Score = 50%
- Short Questionnaire = 10%

In addition to the College tuition and fees, nursing students will be charged \$15 per academic year for malpractice insurance, \$85 per course fee, and \$85 per credit hour clinical fee for nursing courses to cover the cost of lab supplies, computerized testing, photos, school pin, and the NCLEX live review.

NOTE: Nursing students are required to have two physical examinations, one as part of the admission process and the second prior to the beginning of second-year classes. Students must meet certain health criteria for clinical practice in agencies, including, but not limited to, random or for-cause drug screening. Students are required to be certified at the BLS for Healthcare Providers (BLS-HCP) level. Proof of successful completion of the BLS-HCP course must be in the form of an official CPR card document issued by an authorized AHA or Red Cross Training Center. Cards issued by private companies that state the course was "taught in accordance with AHA (or Red Cross) guidelines" are not sufficient evidence of course completion and will not satisfy this requirement.

*The requirements for licensure, as set forth in the Missouri Statutes 335 RSMo 2015 the Nurse Practice Act, include being of good moral character, completion of the high school course of study or the equivalent, successful completion of the basic professional nursing curriculum in an approved school of nursing (however, successful completion does not guarantee eligibility to take the licensure examination). *Non-English speaking candidates are required to submit evidence of proficiency in the English language. There are also questions related to adjudication of any crime other than traffic violations, including unlawful use or possession of controlled substances or alcoholic beverages to an extent that one is impaired, fraud, dishonesty, acts of violence, bribery, deception, misconduct, insanity, incompetence, and placement on employee disqualification lists by a state or federal agency. Affirmative answers may result in the applicant being denied access to the licensure examination by the State Board of Nursing. For further information, consult the department chair.

*The requirements for nursing licensure are set forth in Missouri Statutes 335.066 and 335.046.1, a paper copy of which is available from the Three Rivers Nursing Program Department. An electronic copy can be found at www.trcc.edu.

First Block			Hours	
PNRS	105	Personal and Vocational Concepts	3	
PNRS	107	Body Structure and Function*	5.5	
PNRS	115	Fundamentals of Nursing	12.25	
PNRS	117	Intravenous Therapy	.75

PNRS	118	Medical Surgical Nursing I	7	
PNRS	126	Pharmacology	4	
TOTAL HOURS			14	

*Option for PNRS 107 (Must Complete Both)			Hours	
BIOL	231	Anatomy and Physiology I**	4	
BIOL	232	Anatomy and Physiology II**	4	
TOTAL HOURS			8	

**These courses require an "A" or "B" for progression in the Practical Nursing Program.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Program Outcomes

- Utilize the nursing process to provide safe client care within a healthcare team.
- Interpret clients' diverse backgrounds across the lifespan to provide individualized nursing care.
- Use effective communication as a member of the healthcare team.
- Demonstrate safe, effective nursing care within the scope of practice for the practical nurse while maintaining legal/ethical standards.
- Discover strategies to promote personal success.
- Apply basic knowledge of mathematics; anatomy and physiology; and human growth and development to the practical nurse role.

Pre-Health Medicine (AS)

Degree Type: Associate of Science Degree—University Parallel Major

Contact: Dr. Kimberly Wiseman kwiseman@trcc.edu

Purpose: Transfer. The Associate of Science degree, Pre-Health Medicine concentration, includes the courses needed to prepare the student for the University of Missouri-Columbia's BS in Biology, Veterinary, and Medical programs.

FIRST YEAR

Fall Semester			Hours
BIOL	231	Anatomy and Physiology I	4
ENGL	111	College Writing	3
GOVT	121	National and State Government	3
MATH	163	College Algebra for Calculus	3
MATH	164	Trigonometry	3
TOTAL HOURS			16

Spring Semester			Hours
BIOL	232	Anatomy and Physiology II - or -	4
BIOL	253	Microbiology	
CHEM	121	General Chemistry I	5
ENGL	112	Advanced College Writing	3
MATH	171	Analytic Geometry and Calculus I	5
TOTAL HOURS			17

SECOND YEAR

Fall Semester			Hours
CHEM	240	Basic Organic Chemistry	5
PHYS	211	General Physics I	5
PSYC	111	General Psychology	3
SOCI	111	General Sociology	3
TOTAL HOURS			16

Spring Semester			Hours
BIOL	190	Biology for Majors	5
CHEM	122	General Chemistry II	5
PHYS	212	General Physics II	5
TOTAL HOURS			15

For those pursuing the BS in Biology at the University of Missouri-Columbia, 12-13 credit hours of the same foreign language or high school equivalent is recommended.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Pre-Optometry (AS)

Degree Type: Associate of Science Degree—University Parallel Major

Contact: Michael DeAngelo mdeangelo@trcc.edu

Purpose: Transfer. The AS in Pre-Optometry is designed so that students in our service area can take the basic pre-optometry requirements through Three Rivers College. Students would then transfer to the University of Missouri St. Louis (UMSL) to complete their undergraduate requirements prior to taking the Optometry Admission Test (OAT) and admission into the Doctor of Optometry degree program at UMSL College of Optometry. The OAT consists of four tests: Survey of the Life Sciences (Biology, General Chemistry, and Organic Chemistry), Reading Comprehension, Physics, and Quantitative Reasoning.

FIRST YEAR

Fall Semester			Hours	
ENGL	111	College Writing	3	
CHEM	121	General Chemistry I	5	
MATH	223	Probability and Statistics	3

GOVT	121	National and State Government	3	
PHYS	212	General Physics II	5	
BMGT	239	Entrepreneurship -or-	3	
ACCT	211	Principles of Accounting -or-		
BUAD	120	Introduction to Business		
TOTAL HOURS			15	

NOTE: The following course is required by the University of Missouri St. Louis (UMSL) School of Optometry – Organic Chemistry I (with lab). It is strongly recommended that students take Biochemistry and Cell Biology prior to taking the OAT.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Pre-Pharmacy (AS)

Degree Type: Associate of Science

Contact: Dr. Amy Kopf akopf@trcc.edu

Purpose: The AS in Pre-Pharmacy is designed so that students in our service area can take the basic pre-pharmacy requirements through Three Rivers College. Students would then transfer to UMKC to complete their undergraduate requirements prior to taking the Pharmacy Admissions Test (PCAT) and admission into the Doctor of Pharmacy degree program at UMKC's School of Pharmacy. The PCAT tests the following areas; Writing, Verbal Ability, Reading Comprehension, Biology (General Biology, Microbiology, Anatomy & Physiology), Chemistry (General, Organic), and Mathematics (Algebra, Calculus, Statistics).

FIRST YEAR

Fall Semester			Hours	
ENGL	111	College Writing	3	
SCOM	110	Public Speaking	3	
CHEM	121	General Chemistry I	5	
GOVT	121	National and State Government	3

Recommended Electives

CHEM	240	Basic Organic Chemistry	5	
------	-----	-------------------------	---	--

⁽¹⁾Two semesters of A&P (BIOL 231 and BIOL 232) are equivalent to Human Anatomy at UMKC.

Note: The following courses required for University of Missouri Kansas City (UMKC) Pre-Pharmacy are not available at Three Rivers – Organic Chemistry I (with lab), Organic Chemistry II (with lab) and Cell Biology. The minimum UMKC GPA requirements are a cumulative 2.75 and science/math 2.5. To be a competitive applicant, students should strive for a 3.6 cumulative and 3.5 or higher science/math; simply meeting the minimum requirement does not guarantee admission.

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

Pre-Dental Hygiene (One-Year Certificate)

Certificate Type: One-Year

Contact: Dr. Kathy Prejean kprejean@trcc.edu

Purpose: Career and Technical Education. This certificate provides the courses needed to prepare the student for Missouri Southern State University's Dental Hygiene Program.

Fall Semester				Hours
BIOL	231	Anatomy and Physiology I	4	
ENGL	111	College Writing	3	
IST	100	Computer Applications	3

154 Behavioral Health Support

155 Global Studies

Behavioral Health Support (AAS)

Degree Type: Associate of Applied Science Degree

Contact: Lori Hoggard lhoggard@trcc.edu

Purpose: Career and Technical Education. The Behavioral Health Support curriculum is designed to prepare students for entry-level positions in state, county, and local human service agencies. Graduates will incorporate the learned skills and attributes in order to collaborate with mental health professionals and interact with clients with behavioral and mental health diagnoses.

FIRST YEAR

Spring Semester			Hours	
BHS	206	Introduction to Behavioral Health Support	3	
BHS	208	Legal and Ethical Issues	3	
ENGL	111	College Writing	3	
PSYC	111	General Psychology	3	
SCOM	110	Public Speaking	3	
SOCI	111	General Sociology	3	
TOTAL HOURS			18	

Summer Semester			Hours	
BHS	215	Wellness Coaching	3	
BHS	216	Systems of Care	3	
ENGL	112	Advanced College Writing	3	
IST	100	Computer Applications	3	
TOTAL HOURS			12	

SECOND YEAR

Fall Semester			Hours	
BHS	225	Substance Use Disorders	3	
BHS	227	Diagnosis of Identified Populations	3	
BHS	229	Conflict Resolution	3	
BHS	295	Behavioral Health Support Clinical Practicum I	3	
PSYC	243	Human Development Across the Lifespan	3	
TOTAL HOURS			15	

Spring Semester			Hours	
BHS	236	Evidence Based Treatment	3	
BHS	296	Behavioral Health Support Clinical Practicum II	4	
GOVT	121	National and State Government	3	
PSYC	255	Abnormal Psychology	3	
SWRK	221	Interviewing Skills for Generalist Practice	3	
TOTAL HOURS			16	

Background Check

Criminal background check required for BHS 295 and BHS 296

Health Screening

Tuberculosis Screening required for BHS 295 and BHS 296

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

A list of general education courses can be found on the Core Curriculum Transfer (CORE42) General Education Program page.

Global Studies (Short-Term Certificate)

Certificate Type: Short-Term

Contact: Andrew Rivetti arivetti@trcc.edu

Purpose: The Global Studies certificate is designed to accompany an Associate Degree to provide students who wish to expand their global cultural experiences and better prepare themselves to compete in a global economy.

Courses		Hours	
GLBL	120	Seminar in Global Studies	1
SPAN		Spanish Course	3
GEOG	101	Cultural Geography	3
		Choose from courses below (No more than 2 courses with the same course prefix)	9-11
AGRI	190	World Foods and Society (3)	
ARTS	123	History and Appreciation of Art (3)	
BIOL	102	Environmental Science (5)	
ENGL	221	World Literature to 1600 (3)	
ENGL	222	World Literature since 1600 (3)	
ENGL	223	Classical Mythology (3)

SPAN	102	Elementary Spanish II (3)	
SPAN	201	Intermediate Spanish I (3)	
SPAN	202	Intermediate Spanish II (3)	
THEA	120	History and Appreciation of Theatre (3)	
TOTAL HOURS			16-18

Please see individual course descriptions for prerequisites, corequisites, and/or other requirements.

COURSE DESCRIPTIONS

Course Descriptions

Course Information

Course Credits

The credit for each course is indicated after the title in the course description. One credit is equivalent to one collegiate semester-hour credit. Each credit given for a course is based on approximately three hours of study in that course weekly. This may consist of lectures, out-of-class study, or combinations thereof as follows:

- One hour of lecture plus an average of two hours of out-of-class study.
- Two hours of laboratory study plus an average of one hour of out-of-class study.
- Three hours of laboratory study with no regular out-of-class study.
- One to 10 credits with variable hours for general usage courses: e.g., Coordinated Internship, Occupational Work Experience, Seminar, Supervised Study, Cooperative Education, Special Problems, etc.

Course Hours

The educational programs combine the teaching of theoretical concepts in “Lecture” with an application of principles and practical training in “Laboratory” under faculty supervision. The teaching of theoretical concepts in lectures, seminars, discussions, and other similar classes is identified as “Lecture” and the application of principles and practical training in laboratories, shop, clinical training, supervised work experiences, and other similar classes is identified as “Laboratory.” The depiction of “Lecture” and “Laboratory” time each week is for a course conducted over a full Fall or Spring semester. Courses taught over shorter time periods will meet more each week and some courses will vary each week. All courses will meet the required times in total.

The number of lecture hours in class each week (including lecture, seminar, and discussion hours) and/or the number of laboratory hours in class each week (including laboratory, shop, supervised study, and coordinated internship) are indicated for each course in the course description. The numbers of lecture and laboratory hours in class each week are also called “contact” hours because it is time spent under the direct supervision of a faculty member. The contact hours for a course shall be the total of the lecture and laboratory hours. In addition to the lecture and laboratory hours in class each week as listed in the course description, each student also must spend some time on out-of-class assignments through his own direction. Usually each credit hour per course requires an average of two hours of out-of-class preparation each week for lecture and 0 to 5 hours for laboratory.

Course Prerequisites

If a prerequisite is required before enrolling in a course, the prerequisites will be identified by the College in the course description. Courses in special sequences (usually identified by a Roman numeral I, II, etc.) usually require that a prior course or equivalent be completed before enrolling in the advanced course in the sequence. Faculty should be familiar with courses that are exceptions to this procedure. When a corequisite is required for a course, usually the corequisites must be taken at the same time. The prerequisite or equivalent must be completed satisfactorily before enrolling in a course unless special permission is obtained from the instructional department.

Course Numbering System

Three Rivers College uses a uniform course numbering system with two- or three-digit course numbers:

Courses numbered 01-10 are Transitional courses. Credits earned in these courses are not applicable toward associate degree programs; however, upon approval of the Chief Academic Officer, some transitional courses may provide credit applicable to associate of applied science or certificate programs. Students may re-register for those courses in subsequent semesters as necessary until the course objectives are completed.

Courses numbered 100-199 are generally freshman courses applicable toward associate degree and certificate programs.

Courses numbered 200-299 are generally sophomore courses applicable toward associate degree and certificate programs.

Courses ending with the digits 0-4 are primarily for transfer to a four-year college or university. Courses ending with the digits 5-9 are primarily for entry into the job market upon completion of the associate of applied science degree or as part of a specialized associate of science degree that is intended for transfer into a pre-professional program or is a coherent self-sufficient component of a four-year occupational program. It is up to each baccalaureate degree-granting institution to determine what courses it will or will not accept for transfer.

Course Offerings

Designations at the end of course descriptions identify the semesters in which the courses are offered. (“F” means Fall semester, “SP” means Spring semester, “S” means Summer). Some courses are offered on a variable schedule or on demand.

Course Prefixes

ACAD	Academic
ACCT	Accounting
ADJU	Administration of Justice
AGPR	Agriculture (Precision)
AGRI	Agriculture
ALHE	Allied Health
ARTS	Art
BHS	Behavioral Health Support

THEA	Theater Arts
WELD	Welding

Academic

ACAD 101 – Academic Life Strategies (3 cr.)

This course aids the student with successful performance in college by understanding his or her personal learning style, effective study environments, and personality strengths, as well as the awareness of multiple and emotional intelligence. Students also learn about advising, college policies and procedures, setting goals, managing time, memorizing information, reading textbooks for maximum learning, taking effective notes from lectures and books, maximizing exam scores, thinking critically, listening effectively, and communicating well both orally, in writing, and with technology. Lecture 3 hours per week. F, SP

Accounting

ACCT 211 - Principles of Accounting I (3 cr.)

Prerequisite(s): MATH 02 or placement into MATH 153/MATH 161 or higher.

This course is a study of generally accepted accounting principles as they apply to corporations. Concepts covered include the accounting cycle, financial statements, corporate financing, and the elements of internal control. Lecture 3 hours per week. F, SP

ACCT 212 - Principles of Accounting II (3 cr.)

Prerequisite(s): Completion of ACCT 211 with a minimum letter grade of C.

This course is a continuation of financial accounting subjects, including the Statement of Cash Flows and Financial Statement Analysis. It also covers the study of managerial accounting, including job-order costing and process costing, management reporting, budgeting, performance analysis, pricing, and capital investment decisions. Lecture 3 hours per week. F, SP

ACCT 216 – Business Accounting (3 cr.)

Prerequisite(s): MATH 02 or placement into MATH 153/MATH 161 or higher.

This course is an introduction to financial and managerial accounting topics as needed for students seeking an AAS in Business Management or Office Administration. Topics include the accounting cycle, financial statements, merchandising, internal control, financial statement analysis, cost management systems, cost-volume-profit analysis, variable costing, budgeting, and capital investment decisions. Lecture 3 hours per week. F, SP

ACCT 218 – Payroll Accounting (3 cr.)

Prerequisite(s): ACCT 211 with a minimum letter grade of C.

This course introduces the subject of payroll by presenting the federal and state rules and regulations governing employment, compensation, and payroll taxes. It takes the student step-by-step through the entire payroll process – from timekeeping, computation of gross earnings, and determining federal income tax and other payroll tax withholdings; to preparing and distributing the payroll; to recording or accounting for wages, tax liabilities, and payment or deposits. Students will also learn to use a 10-key calculator in this course. Lecture 3 hours per week. F

ACCT 219 - Accounting Management Software (3 cr.)

Prerequisite(s): IST 100 and ACCT 211 or ACCT 216, both courses with a minimum letter grade of C.

This course is a study and use of a commercial computerized accounting program. Students use a computerized accounting program to complete a business cycle for a service, merchandising, and manufacturing company. Using the accounting program, they also prepare payroll and employee records. Students create reports and graphs from the end of the period data. Lecture 3 hours per week. SP

ACCT 225 - Intermediate Accounting I (3 cr.)

Prerequisite(s): ACCT 212 with a minimum letter grade of C.

Financial accounting theory applications for accounting standards and the accounting process of corporations are reviewed and practiced. Accounting for the balance sheet, income statement, and the statement of cash flows is discussed, demonstrated, and applied. Emphasis is placed on the use of financial statement analysis in decision making. Accounting for cash and receivables, inventory valuation, fixed assets, natural resources, and intangibles is examined and applied. Lecture 3 hours per week. F

ACCT 226 - Intermediate Accounting II (3 cr.)

Prerequisite(s): ACCT 212 with a minimum letter grade of C.

The course involves financial accounting theory and procedures concerning long-term liabilities, stockholders' equity, revenue recognition, statement of changes in financial position, investments, income taxes, compensation, leases, and additional issues. Lecture 3 hours per week. SP

ACCT 227 – Financial Analysis and Budgeting (3 cr.)

Prerequisite(s): IST 100 and ACCT 212 or ACCT 216, both courses with a minimum letter grade of C.

This course emphasizes preparation of the three primary financial statements and supporting statements in the budgeting process, as well as analysis of financial statements for decision-making purposes. Lecture 3 hours per week. SP

ACCT 237 - Income Tax Accounting (3 cr.)

Prerequisite(s): ACCT 211 with a minimum letter grade of C.

This course includes a study of the history, theory, and principles of federal taxation with an emphasis on current tax laws and their application to individual taxpayers. Lecture 3 hours per week. F

ACCT 258 - Cost Accounting (3 cr.)

Prerequisite(s): ACCT 212 with a minimum letter grade of C.

This course is a study of the costs of production and the application of those costs to the process cost system. Course includes a complete preparation of a master and flexible budget for managerial decision-making, analysis of current operations, and planning. Lecture 3 hours per week. SP

ACCT 296 – Certified Bookkeeper Review (3 cr.)

Prerequisite(s): Minimum of 48 hours in Accounting Technology and instructor consent.

This course is a capstone for the Accounting program and prepares students for the Certified Bookkeeper Exam, leading to a national certification in bookkeeping through the American Institute of Professional Bookkeepers (AIPB). This certification is a practical way to demonstrate a high level of skill and experience to advance in an accounting career. Taking the Certified Bookkeeper national exam is optional and is not a requirement to pass this course. Lecture 3 hours per week. SP

Administration of Justice

ADJU 100 - Introduction to Law Enforcement (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Introduction to Law Enforcement provides an overview of history, roles, tasks, and styles of policing. This course introduces students to the fundamental principles of social control and the basic legal restrictions on law enforcement. Lecture 3 hours per week. F, SP, S

ADJU 102 – Introduction to Criminal Justice (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Introduction to Criminal Justice examines the various aspects of the criminal justice system including the police, courts, corrections, legal and ethical considerations, and theories of crime prevention. Lecture 3 hours per week. SP

ADJU 103 – Introduction to Corrections (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Introduction to Corrections provides an overview of the history, administration, and practices within the correctional system. Students will examine concepts of punishment, incarceration, community supervision, programs, and issues related to corrections. Lecture 3 hours per week. F

ADJU 104 – Introduction to Criminal Courts (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Introduction to Criminal Courts focuses on the organization and structure of various court systems within the U.S. The role of the prosecutor, defense attorney, judge, and jury will be reviewed as well as the procedures involved with the trial process. Lecture 3 hours per week. SP

ADJU 113 – Criminal Law (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course examines the legal principles and Constitutional restrictions on federal and state criminal law. Students differentiate between various criminal offenses and explain the elements required of each law. Both model penal code and Missouri statutes are reviewed. Lecture 3 hours per week. F, SP, S

ADJU 114 – Constitutional Law (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course examines the legal restrictions established by the U.S. Constitution. Supreme Court decisions impacting law enforcement and criminal procedures are reviewed. Lecture 3 hours per week. F, SP

ADJU 147 – Juvenile Procedures (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course provides an overview of the organization, structure, and legal aspects of the juvenile justice system. The history of juvenile law, sociological theories, and treatment strategies will be reviewed. Introduction to the juvenile system in Missouri is included. Lecture 3 hours per week. SP

ADJU 213 – Court Procedures (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course explains the structure and hierarchy of the federal and state court systems. Each step of the trial process and landmark court decisions related to criminal procedures are reviewed. Lecture 3 hours per week. SP

ADJU 223 – Community Policing and Homeland Security (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course identifies the various policing strategies used throughout the history of the United States, with special emphasis on community policing and homeland security. This course begins by explaining how policing has evolved and what factors have impacted the various eras of policing. The philosophy of community policing and the role of police in homeland security is described in detail. Lecture 3 hours per week. F, SP

ADJU 233 – Criminal Investigation (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course reviews the basic procedures, laws, and court cases related to criminal investigations. The specific techniques used to investigate a variety of crimes is discussed. Lecture 3 hours per week. F, SP

ADJU 243 – Police Administration (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course identifies theories of management, the role of police managers, and the impact management has upon employees. A discussion of legal issues, the creation of a department budget, and scheduling employees are covered. Lecture 3 hours per week. SP

Agriculture

AGRI 110 – Soils & Soil Fertility (4 cr.)

This course is a study of the basics of soil development, classifications, management, fertility, testing, and origin as related to plant growth. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. SP

AGRI 115 – Introduction to Precision Agriculture (3 cr.)

This introductory course is an overview of practices, technology, and other topics associated with Precision Agriculture. The course gives an overview of the practice of remote sensing, soil sampling, vehicle navigation guidance, yield monitoring, site specific crop management, variable rate technology methods of applying agrichemicals, site specific fertilizer management, integrated pest management, and information management tools to improve farm productivity. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F

AGRI 120 – Plant Science (4 cr.)

This course involves the study of scientific principles of plant anatomy, morphology, physiology, genetics, reproduction, and evolution. Emphasis is placed on agronomic, horticulture, and forestry crops. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F

AGRI 122 – Natural Resources Management (3 cr.)

The application of skills and practices needed in the proper management of natural resources to provide maximum use of those resources while protecting them and the environment. Resources studied include soils, water, forestry, and wildlife. Lecture 3 hours per week. F

AGRI 130 – Animal Science (3 cr.)

A general overview of cattle, sheep, swine, and horse industries. Topics include zoological classification, breed identification, selection fundamentals, digestive systems, and disease prevention. Lecture 3 hours/Laboratory 2 hours per week/Total 5 hours per week. F

AGRI 172 – Integrated Pest Management (3 cr.)

This course is the study of the management systems in agriculture used to prevent animal and plant pest populations from causing economic injury. Specific topics include pesticide history, chemical and biological controls, safety, machinery calibrations, and regulations. Lecture 3 hours per week. SP

AGRI 190 – World Foods & Society (3 cr.)

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

Students examine the many facets of world food production and distribution and its relations to societal advancements in developed and developing nations. Analyzing ethical issues and recognizing conflicts in a variety of contexts, students study multiple human perspectives, understand the impacts and values on the individual and on society, and learn to make informed decisions through identifying personal values. Lecture 3 hours per week. F, SP, S

AGRI 194 – Career Portfolio Development (1 cr.)

A course designed to prepare students to enter the agriculture or forestry industries. Specific topics include development of short- and long-term career goals, researching career occupations, creating professional application materials, and developing strategies for accomplishing ones goals. Lecture 1 hour per week. F

AGRI 232 – Advanced Animal Science (3 cr.)

Prerequisite(s): AGRI 130 or instructor consent.

This course studies livestock nutritional requirements, reproductive cycles, and performance record evaluations. Emphasis is placed on ration formulations, selection tools, and reproductive evaluations of beef, swine, sheep, and horses. Lecture 3 hours per week. SP

AGRI 234 – Equine Science (3 cr.)

This course is a general overview of the equine industry. Topics include history and development, breeds, selection fundamentals, health, nutritional and reproductive management strategies, and behavior characteristics. Lecture 3 hours per week. SP

AGRI 240 – Agricultural Economics and Marketing (3 cr.)

This course is an introduction to the principles of agriculture economics. Topics include an overview of macroeconomics and microeconomic systems, policies affecting the money supply, business types, competition, supply and demand, futures marketing, and world trade as they relate to agriculture production. Lecture 3 hours per week. F

AGRI 260 – General Horticulture (3 cr.)

This course is a survey of the general field of horticulture; the growth and fruiting habits of horticultural plants; principles and practices of propagation and landscaping; and planting, care, and culture of fruit, vegetables, and ornamental crops. Lecture 3 hours per week. F

AGRI 270 – Agriculture Systems Management (3 cr.)

This course is an introduction to mechanical and engineering principles and their applications in agriculture. Topics include engine operations, machinery calibrations, electrical and HVAC systems, land descriptions, water runoff, and waste management. Lecture 3 hours per week. SP

AGRI 297 – Agriculture Internship (6 cr.)

This course is supervised on-the-job training in selected agricultural business coordinated by college personnel. Student spends 240 clock hours on the job during the entire semester. Variable hours per week. SP

Allied Health

ALHE 125 – Medical Terminology (1 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course provides a comprehensive study of medical terminology utilizing a body system approach. The student learns to construct and define medical terms by identifying their word parts. Lecture 1 hour per week. F, SP, S

Art

ARTS 110 - Introduction to Art (3 cr.)

This is an introductory studio course to the field of fine art. The student works with composition in a variety of media. Art processes and techniques in both two- and three-dimensional works are examined. The documentation of work in digital media and development of a portfolio is covered. The student is responsible for materials required for this course. Lecture 1 hour/Laboratory 4 hours/Total 5 hours per week. F, SP, S

ARTS 123 - History and Appreciation of Art (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This is an introductory course emphasizing the appreciation of the visual arts through the study of the art and architecture of various geographical areas and cultures throughout history from antiquity through contemporary artists. A select number of significant artists, artistic movements, and cultures are covered. The course examines how art reflects and influences cultures throughout history. Lecture 3 hours per week. F, SP, S

ARTS 131 - Drawing I (2 cr.)

This is an introductory course providing studio instruction in drawing. Students work in graphite, charcoal, pastels, and other drawing media. Composition, subject matter, rendering, proportion, and perspective are explored. The documentation of work in digital media and development of a portfolio are covered. The student is responsible for materials required for this course. The student is provided an individual studio space. Laboratory 4 hours per week. F, SP, S

ARTS 132 - Drawing II (2 cr.)

Prerequisite(s): ARTS 131.

This is an advanced course providing studio instruction in drawing focusing on the specific interests of the student. The student works in a drawing media of his/her choice, concentrating on a thematic, in-depth development of studio work. Laboratory 4 hours per week. F, SP, S

ARTS 141 - Color and Design I (2 cr.)

This is an introductory studio course to the field of fine art. The student examines the visual element color in both practical application and theory. The interaction of color, color mixing, color impact, digital media, and composition is covered. The student is responsible for materials required for this course. Laboratory 4 hours per week. F, SP, S

ARTS 213 - Water Color (3 cr.)

This is an introductory studio course in watercolor painting. The student explores handling and control of watercolor processes. A variety of materials related to watercolor painting is covered, including paper, water media, and brushes. Composition and subject matter is examined. The development of a portfolio and documentation of work in digital media is covered. Students are responsible for materials required for this course. The student is provided an individual studio space. Laboratory 6 hours per week. F

ARTS 233 - Painting I (3 cr.)

This is an introductory studio course in acrylic painting. The student explores handling and control of acrylic painting processes and techniques. A variety of materials related to painting will be covered, including canvas, stretcher frame construction, paint media, and brushes. Composition and subject matter is examined. The documentation of work in digital media and development of a portfolio are covered. The student is responsible for

materials required for this course. The student is provided an individual studio space, easel, and table. Laboratory 6 hours per week. SP

ARTS 243 - Painting II (3 cr.)

Prerequisite(s): ARTS 233.

This is an advanced course providing studio instruction in acrylic painting, focusing on the specific interest of the student. The student works with acrylic painting processes and techniques, concentrating on a thematic, in-depth development of studio work. Composition and subject matter is examined. The documentation of work in digital media and development of a portfolio are covered. The student is responsible for materials required for this course. The student is provided an individual studio space, easel, and table. Laboratory 6 hours per week. F, SP

ARTS 260 – Studio Art Experience I (1 cr.)

This course provides a studio experience for those students wishing to continue studio art interests beyond art courses already completed. The course is also ideal for non-degree-seeking students who wish to pursue personal studio art interests. Students choose one area of concentration for the course – either painting, drawing, or watercolor – and arrange with the instructor to meet with other students enrolled in a course focusing on that area of concentration. A maximum of 4 credits may count toward the Associate of Arts degree. Laboratory 2 hours per week. F, SP

ARTS 261 – Studio Art Experience II (1 cr.)

This course provides a studio experience for those students wishing to continue studio art interests beyond art courses already completed. The course is also ideal for non-degree-seeking students who wish to pursue personal studio art interests. Students choose one area of concentration for the course – either painting, drawing, or watercolor – and arrange with the instructor to meet with other students enrolled in a course focusing on that area of concentration. A maximum of 4 credits may count toward the Associate of Arts degree. Laboratory 2 hours per week. F, SP

ARTS 262 – Studio Art Experience III (1 cr.)

This course provides a studio experience for those students wishing to continue studio art interests beyond art courses already completed. The course is also ideal for non-degree-seeking students who wish to pursue personal studio art interests. Students choose one area of concentration for the course – either painting, drawing, or watercolor – and arrange with the instructor to meet with other students enrolled in a course focusing on that area of concentration. A maximum of 4 credits may count toward the Associate of Arts degree. Laboratory 2 hours per week. F

ARTS 263 – Studio Art Experience IV (1 cr.)

This course provides a studio experience for those students wishing to continue studio art interests beyond art courses already completed. The course is also ideal for non-degree-seeking students who wish to pursue personal studio art interests. Students choose one area of concentration for the course – either painting, drawing, or watercolor – and arrange with the instructor to meet with other students enrolled in a course focusing on that area of concentration. A maximum of 4 credits may count toward the Associate of Arts degree. Laboratory 2 hours per week. SP

ARTS 294 - Special Topics in Art (1-3 cr.)

Prerequisite(s): Permission of the Instructor.

A variable content course consisting of lectures, demonstrations, studio projects, and/or field trips in variable areas of study in the field of Fine Art, Studio Art, or Art History. Variable hours.

Behavioral Health Support

BHS 206 – Introduction to Behavioral Health Support (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course introduces students with the many roles and functions of behavioral health support workers. Emphasis is placed on the following: history of mental health agencies, current practices of the agencies where behavioral support workers are employed, skills and dispositions needed by behavioral health workers, and common clinical encounters facilitated by behavioral health workers. Lecture 3 hours per week. SP

BHS 208 – Legal and Ethical Issues (3 cr.)

Corequisite(s): BHS 206.

The course examines laws and regulations in Missouri. Topics include ethical standards, personal and professional boundaries, and common legal matters facing individuals with mental health issues. Lectures 3 hours per week. SP

BHS 215 – Wellness Coaching (3 cr.)

Prerequisite(s): BHS 206.

This course introduces students to the process of wellness coaching. Students will learn a set of techniques designed to help future clients achieve and maintain optimal emotional, financial, social, spiritual, occupational, physical, intellectual, and environmental wellness. Lecture 3 hours per week. S

BHS 216 – Systems of Care/Support (3 cr.)

Prerequisite(s): BHS 206.

This course focuses on identifying and building relationships with community resources. Students will learn to identify, coordinate and link community resources with client needs. Students will gain knowledge or services offered by public and private providers as well as funding sources. Students will also learn about how one's culture can impact the receiving and seeking of various services. At the end of the course, students will have a resource portfolio. Lecture 3 hours per week. S

BHS 225 – Substance Use Disorders (3 cr.)

Prerequisite(s): BHS 206.

This course will provide an introduction of chemical abuse and dependency, including the cycle of addiction and recovery. Comprehensive substance abuse treatment and rehabilitation models in a variety of settings will be examined. Lecture 3 hours per week. F

BHS 227 – Diagnosis of Identified Populations (3 cr.)

Prerequisite(s): BHS 206.

This course will provide a comprehensive overview of common mental health disorders, how symptoms manifest in everyday life, and the risk and protective factors related to these disorders. In addition, students will learn about the instruments used by licensed mental health professionals when making diagnoses. Lecture 3 hours per week. F

BHS 229 – Conflict Resolution (3 cr.)

Prerequisite(s): BHS 206.

This course focuses on providing students with conflict resolution skills to be used in their work as behavioral health support workers. Both interpersonal and intrapersonal conflict will be discussed as well as theories concepts, and models of mental health crisis intervention. Lecture 3 hours per week. F

BHS 236 – Evidence-Based Treatments (3 cr.)

Prerequisite(s): BHS 206.

This course exposes future behavioral health support workers to commonly used mental health prevention and intervention approaches. A special emphasis is given to those evidence based treatment approaches most commonly used by community behavioral health agencies and substances abuse facilities. Lectures 3 hours per week. SP

BHS 295 – Behavioral Health Support Clinical Practicum I (3 cr.)

Prerequisite(s): BHS 206.

In this course, students participate with social service agencies in order to learn the structure and function of public service agencies. Students will engage in supervised behavioral health activities in a social service agency that serves individuals, families, and communities. The practicum experience provides students the opportunity to integrate and apply theory into their practice. Students must complete 135 hours of practical work experience. F

BHS 296 – Behavioral Health Support Clinical Practicum II (4 cr.)

Prerequisite(s): BHS 295.

The course offer continued applied experience in an agency setting. Students will engage in supervised behavioral health activities in a social service agency that serves individuals, families, and communities. The practicum experience provides students the opportunity to integrate and apply theory into their practice. Students must complete 180 hours of practical work experience. SP

Biology

BIOL 100 - Survey of Biology (3 cr.)

MOTR BIOL 100

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course is a survey of the basic concepts of life science with emphasis on the human cell, tissues, and organ system functions and the relationship between humans and the environment. Lecture 3 hours per week. F, SP, S

BIOL 101 - General Biology (5 cr.)

MOTR BIOL 100L

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111 and MATH 02 or placement of MATH 153/161 or higher.

This general education course utilizes scientific inquiry to evaluate bio-ethical and environmental issues. The relationship between living beings and the physical environment is explored through studies in cell biology, genetics, evolution, plant and animal classification, and ecology. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F, W, SP, S

BIOL 102 - Environmental Science (5 cr.)

MOTR BIOL 100LEV

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course examines the relationship between man and the environment through studies of ecological principles, human overpopulation, resource depletion, and pollution. The course is recommended for non-science majors to fulfill the General Education requirement for a laboratory science or may be used to fulfill the valuing component of the General Education requirement. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F

BIOL 110 - Human Biology (3 cr.)

MOTR LIFS 100

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course emphasizes cell, tissue, and organ system function. Discussions focus on a system approach to human health and disease throughout the world. Students explore how biological processes, interacting with psychological and social factors, contribute to human health and disease. This course is designed for non-science majors. Lecture 3 hours per week. F, SP, S

BIOL 113 - Introduction to Process Science for Elementary and Middle School Teachers (1 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course provides elementary and middle school teacher candidates with a working knowledge of the discipline of science, the nature of scientific knowledge, and the process of scientific investigation. Laboratory 1 hour per week. F

BIOL 190 - Biology for Majors (5 cr.)

MOTR BIOL 150L

Prerequisite(s): High school chemistry or CHEM 111 and ENGL 111.

A course designed for biology majors and pre-professionals covering cell structure and function, the molecular basis of genetics, cellular energy systems, taxonomy, evolution, ecosystems, and ecology. Laboratories will include group projects, case studies, and laboratories related to current topics in biology. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. SP

BIOL 211 - General Botany (5 cr.)

Prerequisite(s): BIOL 190 or instructor consent and ENG 111.

This course is a study of the science of plants, including the structure, function, genetics, reproduction, and evolution within the plant kingdom. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. SP

BIOL 221 - General Zoology (5 cr.)

Prerequisite(s): BIOL 190 or instructor consent and ENG 111.

This course is a study of the science of animals, including the structure, function, genetics, reproduction, and evolution within the animal kingdom. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F

BIOL 231 - Anatomy and Physiology I (4 cr.)

MOTR LIFS 100LAP

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111 and MATH 02 or placement of MATH 153/MATH 161 or higher.

This course is a study of the relationship between the structure and function of the human body encompassing the cell, tissues, integumentary system, skeletal system, muscular system, and nervous system. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP, S

BIOL 232 - Anatomy and Physiology II (4 cr.)

Prerequisite(s): BIOL 231 and ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

A study of the relationship between the structure and function of the human body. Systems studied include the circulatory, respiratory, reproductive, renal, digestive, immune/lymphatic, and endocrine. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP, S

BIOL 253 - Microbiology (4 cr.)

Prerequisite(s): ENGL 111, BIOL 101 with a minimum letter grade of C or BIOL 190 with a minimum letter grade of C or BIOL 231 with a minimum letter grade of C.

This course is a study of microorganisms with the main focus on human health and infectious diseases. The areas of study presented include bacteria, fungi, viruses, and parasites that involve microbial structure, growth and nutrition, bacterial metabolism, genetics, and a presentation of infectious diseases by anatomical systems. Bioethical issues involving microorganisms in human and animal health are emphasized. This course is designed for healthcare students and includes the basic role of the human immune system in fighting disease. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP

Business Administration

BUAD 120 - Introduction to Business (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of the various functions of management such as planning, organizing, leading, and controlling. Emphasis is also placed on sole proprietorships and partnerships and the ethical and socially responsible practices necessary for successful members of the business community. Lecture 3 hours per week. F, SP

BUAD 221 - Fundamentals of Management (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course focuses on the various schools of management thought as they have evolved. Emphasis is placed on basic management functions and their relationship to conflict, leadership, change, and ethical behavior. Lecture 3 hours per week. F, SP

BUAD 230 - Business Statistics (3 cr.)

Prerequisite(s): MATH 163 or MATH 161 with a minimum letter grade of C or placement of MATH 164.

This course is an introduction to the basic concepts of statistics including descriptive measures of location and dispersion, elementary probability distributions, estimation, hypothesis testing, correlation, analysis of variance, and linear regression. In various units of the course, the student utilizes computer statistical software to facilitate the analysis of data. Lecture 3 hours per week. F, SP, S

Business Education

BUED 103 - Business English (3 cr.)

This course focuses on the language skills necessary for competency in the modern office. Lecture 3 hours per week. F

BUED 203 - Business Communications (3 cr.)

Prerequisite(s): ENGL 111 and IST 100.

This course focuses on the principles and practices necessary for effective business communication. Students practice solving business problems through effective business letters, reports, and group activities. Lecture 3 hours per week. F, SP

Business Law

BLAW 221 - Legal and Ethical Environment of Business (3 cr.)

This course is a presentation of the basic principles of law as they relate to business. It emphasizes the background of law and the moral and ethical issues created when the law is applied in society. Additional topics include crime, torts, contracts, personal property, consumer protection, and environmental, constitutional, and international law. Lecture 3 hours per week. F, SP

Business Management

BMGT 105 - Career Management (3 cr.)

This course should be completed in the first Fall semester the student attends Three Rivers College. It introduces students to job search techniques by applying organization and time management skills. Students learn to compose cover letters and resumes using success strategies developed in the semester. Students will discuss interviewing styles and techniques. Students are required to attend meetings for the Marketing Management Association (Collegiate DECA), of which students are members. Lecture 3 hours per week. F

BMGT 107 - Hospitality and Tourism (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of the hospitality and tourism industry. Concepts covered include rail, sea, air, and automobile travel, as well as the operations of the hotel and resort industries. Lecture 3 hours per week. SP

BMGT 108 - Human Resource Management (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of the business organization emphasizing the interaction among workers and between workers and managers. Concepts covered include management/employee concerns such as pay-for-performance, effective teaming, employee benefits, reducing employee stress, employee rights, and designing selection criteria. Lecture 3 hours per week. F

BMGT 215 - Supervisory Development (3 cr.)

This course is a study of the principles of supervision. The key challenges facing supervisors, including social, demographic, economic, technological, and global challenges, are covered in detail. In addition students are introduced to the managerial functions of planning, organizing, staffing, leading, and controlling and how these functions are applied in supervisory roles. Lecture 6 hours per week. Course completed in 7 1/2 weeks. SP

BMGT 235 - Customer Service Management (3 cr.)

This course introduces students to the importance of delivering excellent customer service. Emphasis is placed on building, maintaining, and increasing an organization's customer base. This course provides the guidelines and best practices for providing excellent customer service to enable employees to build, maintain, and increase a loyal customer base. Lecture 3 hours per week. F

BMGT 239 - Entrepreneurship (3 cr.)

This course introduces students to academic skills, management concepts, and practices that are important for entrepreneur needs. Students develop

and apply their attitudes, abilities, and goals for entrepreneurial opportunities. Students learn how to compose a business plan. Lecture 3 hours per week. SP

Capstone

CPST 290 - General Education Capstone (1 cr.)

Prerequisite(s): Completion of 36 hours of credit in General Education.

This course is the culminating experience in the 42-hour General Education program at TRC. Students participate in multiple assessments designed to provide evaluation of student learning and of the General Education program. This class should be taken during the student's final semester at Three Rivers, following the completion of a minimum of 36 hours of General Education coursework. Contact the Registrar for eligibility. Lecture 1 hour per week. F, W, SP, S

Chemistry

CHEM 111 - Introductory Chemistry (5 cr.)

MOTR CHEM 100L

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111 and MATH 02 or placement of MATH 153.

This course covers basic terminology and principles of chemistry. Topics include chemical equations, mole concept, gas laws, atomic theory, chemical bonding, acid-base theory, solutions, and stoichiometry. Laboratory experiences reinforce the chemical principles presented in class. The course is recommended for non-science majors, Nursing students, and health-related professionals. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F, SP, S

CHEM 121 - General Chemistry I (5 cr.)

MOTR CHEM 150L

Prerequisite(s): CHEM 111 or MATH 163 with a minimum letter grade of C or placement of MATH 164.

This course uses basic chemical principles in order to solve chemical problems. Topics include the atomic theory, stoichiometry, thermochemistry, chemical bonding, kinetic molecular theory, gas laws, solutions, and electrolytes. Laboratory work appropriate to these topics is also covered in the course. The course is recommended for science and engineering majors, Medical Laboratory Technology students and other health-related professionals. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F, SP

CHEM 122 - General Chemistry II (5 cr.)

Prerequisite(s): CHEM 121 with a minimum letter grade of C.

A continuation of CHEM 121. This course includes chemical kinetics, chemical equilibria, ionic equilibria, thermodynamics, electrochemistry, oxidation-reduction, and a survey of groups on the periodic table. Laboratory work appropriate to these topics, including qualitative analysis, also is covered. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. SP

CHEM 240 - Basic Organic Chemistry (5 cr.)

Prerequisite(s): CHEM 121 with a minimum letter grade of C or CHEM 111 with a minimum letter grade of B.

This course is an introduction to the nomenclature and reactions of organic chemistry. Topics discussed include the hydrocarbon families, halogenated hydrocarbons, alcohols, aldehydes, ketones, carboxylic acids, amines, amino acids, and various topics selected from biochemistry. Laboratory work pertaining to these topics is covered during the semester. This course is recommended for science majors needing organic chemistry, medical laboratory technicians, and others in allied health medical professions. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F (alternate years)

Civil and Construction

CIVL 116 - Surveying I (3 cr.)

Corequisite(s): ENGR 107 or higher

This course focuses on the theory and practice of plane surveying. Students participate in extensive fieldwork using steel tape, level, and Total Station surveying equipment. The course provides a study of the surveying industry with a basic but practical approach to surveying. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. SP

CIVL 117 - Construction Print Reading (3 cr.)

This course provides instruction and practice in the use of working drawings and applications from the print to the work. The course topics include relationship of views and details, interpretation of dimension, transposing scale, tolerance, electrical symbols, sections, materials list, architectural plans, room schedules, and plot plans. Lecture 3 hours per week. F

CIVL 118 - Materials and Methods I (3 cr.)

This course focuses on the study of the materials and methods used in building construction. It includes coverage of real-world applications to the design and construction of buildings. Basic construction systems are introduced and related to a variety of applications. Lecture 3 hours per week. F

CIVL 215 - Building Design (4 cr.)

Prerequisite(s): ENGR 110 or instructor consent.

This course is an introduction to building design examining residential and light commercial. Structural and mechanical elements of buildings are considered. Student design presentations comprise a significant portion of coursework. Lecture 2 hours/Laboratory 4 hours/Total 6 hours per week. SP

CIVL 216 - Surveying II (3 cr.)

Prerequisite(s): CIVL 116.

This course focuses on the theory and practice of land and construction surveying using modern instrumentation and electronic surveying equipment, such as Total Stations, Data Collectors, and Global Positioning Systems. Application of computer to calculate traverse closures, areas, topographical information, and horizontal and vertical curve information. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F

CIVL 219 - Estimating I (3 cr.)

This course is primarily concerned with the proper practices and procedures necessary to prepare a reliable construction estimate. The methods covered address preparing material estimates for both residential and light commercial construction projects. Estimation of labor costs for construction projects also is addressed. Lecture 3 hours per week. SP

CIVL 225 - Construction Management (3 cr.)

This course focuses on information that is necessary for managing the construction process and leading personnel effectively. The project management topics focus on cost estimation, planning/scheduling, procurement, risk management, construction monitoring, and close out. The personnel topics include leadership, motivation, communication, time management, change, diversity, and adversity. Lecture 3 hours per week. F

CIVL 226 - Legal Principles of Surveying (3 cr.)

Prerequisite(s): CIVL 116 or instructor consent.

This course introduces the student to the history of boundaries; U.S. Public Land systems; ownership, transfer, and description of real property; rules of easements; riparian boundaries; writing and interpreting descriptions; analysis of evidence and procedures for boundary locations; Missouri survey law; and the role of the surveyor. Lecture 3 hours per week. SP

CIVL 227 - Materials and Methods II (3 cr.)

Prerequisite(s): CIVL 118.

This course provides continued instruction in building materials and methods used in construction. Material applications and detailing in structural and non-structural building components are explored in more depth and detail. Lecture 3 hours per week. SP

CIVL 228 - Civil Drafting (3 cr.)

Prerequisite(s): ENGR 110 or instructor consent

This course is a study of the materials, procedures, and processes utilized in the civil drafting and surveying fields. These include surveying techniques, plotting techniques, survey maps, contour maps, and volume and area calculating techniques. Lecture 1 hour/Laboratory 4 hours/Total 5 hours per week. F

CIVL 229 – Estimating II (3 cr.)

Prerequisite(s): CIVL 219

This course focuses on estimating techniques, including analyzing plans to perform quantity takeoffs and unit pricing. Coursework reinforces proper practices and procedures necessary to prepare a reliable construction estimate. The methods covered address preparing material estimates for both residential and light commercial construction projects. Lecture 3 hours per week. SP

CIVL 235 – Construction Planning and Scheduling (3 cr.)

This course addresses methods of organizing work items associated with a construction project into a logical sequence of optimizing efficiency and profitability. Manual and computerized scheduling methods are used in developing project schedules for both real and simulated projects. The course focuses on construction project planning and scheduling principles and practices used by contractors to control time and cost. Lecture 3 hours per week. SP

CIVL 236 - Computers in Surveying (4 cr.)

Prerequisite(s): CIVL 116 or instructor consent.

This course is a study and application of various surveying software programs with emphasis on coordinate geometry, survey adjustments, file transfer, editing raw and coordinate files, horizontal and vertical curves, surface modeling, road layout, applicable drafting techniques, and printing and plotting. Lecture 4 hours per week. F

CIVL 248 - Water and Wastewater Systems (3 cr.)

The course covers the fundamental principles in water processing and distribution, wastewater collection and treatment, sludge processing, and water reuse. Important aspects of chemistry, biology, hydraulics, and hydrology are covered to prepare students to address water supply, wastewater disposal, and water quality. Lecture 3 hours per week. SP

Corrections

CRJC 105 – Corrections Systems and Practices (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course reviews the history of corrections and the ideologies of punishment and rehabilitation in both residential and community-based settings. Current issues in corrections, including intermediate sanctions, the death penalty, offender rights, and juvenile offenders are examined. Lecture 3 hours per week. F

CRJC 129 - Probation and Parole (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course reviews the history of punishment and the development of community-based supervision. The specific techniques used to conduct a pre-sentence investigations, manage a caseload, and conduct fieldwork are examined. Lecture 3 hours per week. SP

Criminal Justice

CRJU 115 - Ethics in Criminal Justice (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course includes a discussion of professionalism, ethics, character, misconduct, and corruption within law enforcement. Students examine ethical concepts, review case studies, and participate in discussions concerning ethical dilemmas and discretionary decisions often faced by law enforcement officers. Lecture 3 hours per week.

CRJU 128 - Forensic Science and Criminalistics (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course reviews specific principles used by investigators from the scene of the crime to the laboratory analysis of physical evidence. Students demonstrate the techniques of forensic science and the ability to physically collect and preserve evidence from a crime scene. Lecture 3 hours per week. F

CRJU 138 - Patrol Procedures (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Patrol Procedures provides an in-depth study of the procedures and techniques of police patrol. This course interprets the legal and professional framework of policing. Topics include patrol methods, communication, traffic stops, DWI enforcement, crimes in progress, building searches, preliminary investigations, interviews/interrogations, arrests, officer safety, riot control, and report writing. Lecture 3 hours per week. F

CRJU 148 - Vice and Narcotics (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course reviews the history of vice and narcotics laws and the various impacts these activities have on society. Upon completion of the course, students are able to categorize psychoactive drugs and describe the effects various drugs have on the human body. Lecture 3 hours per week. F

CRJU 158 - Traffic Law and Accident Investigation (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Traffic Law and Accident Investigation reviews Missouri traffic laws and the techniques used in law enforcement. Students learn to examine collision scenes and gather evidence for the purpose of determining the sequence of events. Mathematical and scientific principles are utilized to calculate vehicle speed and prepare a diagram. Students also learn to complete accident reports. Lecture 3 hours per week. SP

CRJU 185 – Basic Handgun Shooting I (3 cr.)

This course provides an introduction to the safe operation of handguns. Rules of gun safety, handgun operation, ballistics, and fundamentals of shooting are reviewed. Students develop basic handgun shooting skills with the aid of a shooting simulator. Lecture 3 hours per week. SP

CRJU 205 - Officer Safety (3 cr.)

Prerequisite(s): Completion of at least 9 hours of credit in ADJU or CRJU courses.

This course provides a forensic analysis of actual cases of officer-involved shootings and violent encounters. Each case is reviewed in-depth with a focus on tactical considerations and the proper mind-set to prevent or effectively respond to such an encounter. This course provides examples of officer safety, security, and survival tactics. Lecture 3 hours per week. F

CRJU 295 – Law Enforcement Academy I (12 hr.)

This course provides basic training in law enforcement and corrections approved by Peace Officer Standards and Training (P.O.S.T.). Topics covered include those required under Missouri Revised Statutes (Sect. 590.100). Lecture 12 hours per week. F, SP

CRJU 296 – Law Enforcement Academy II (12 hr.)

Prerequisite(s): CRJU 295

This course provides basic training in law enforcement and corrections approved by Peace Officer Standards and Training (P.O.S.T.). Topics covered include those required under Missouri Revised Statutes (Sect. 590.100). Lecture 12 hours per week. F, SP

Early Childhood Development

ECD 126 - Child Health, Safety, and Nutrition (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is designed to emphasize health, safety, and nutrition with young children. Includes preparing safe environments, adequate nutrition, disease prevention, and space regulations. Proper hand washing, good hygiene, and childhood obesity are also addressed. Hybrid blended course. Lecture 3 hours per week. F, SP, S

ECD 202 - Survey of Early Childhood Development and Education (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

An introduction to the field of early childhood including the history, philosophy, and understanding of development related to young children birth through age eight. Focus of the course will be on roles and responsibilities of an early child professional in providing a developmentally appropriate learning environment. Hybrid blended course. Lecture 3 hours per week. F, SP, S

ECD 205 - Preschool CDA (5 cr.)

Corequisite(s): ECD 202.

This course provides instruction in completing CDA requirements needed to apply for the Child Development Associate. Course includes a minimum of 30 hours of infant/toddler classroom observation. The CDA credential is not provided with course completion. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP

ECD 208 - Infant/Toddler CDA (5 cr.)

Corequisite(s): ECD 202.

This course provides instruction in completing CDA requirements needed to apply for the Child Development Associate. Course includes a minimum of 30 hours of preschool classroom observation. The CDA credential is not provided with course completion. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP

ECD 235 - Special Children (3 cr.)

Prerequisite(s): ECD 202.

This course introduces the student to inclusion of children with special needs through theory, philosophy, and best practice. This course is designed to help the student recognize, refer, and help children and families who have special needs. Lecture 3 hours per week. F

ECD 237 - Early Childhood Development (3 cr.)

Prerequisite(s): ECD 202.

Corequisite(s): First Aid and/or CPR card and Criminal Background Check.

This course focuses on the philosophy and implementation of developmentally appropriate practice. Students are required to make a professional commitment to teaching. The course includes 30 hours of observations. Lecture 1 hour/Laboratory 2 hours/Total contact 3 hours per week. F

ECD 245 - Early Childhood Administration (3 cr.)

Prerequisite(s): ECD 202.

This course provides students with organizational and managerial skills appropriate for planning and running a child care center. The course is designed to prepare students to lead quality programs. Lecture 3 hours per week. SP

ECD 247 - Early Childhood Curriculum (3 cr.)

Prerequisite(s): ECD 202.

This course is designed to prepare the student to be able to implement developmentally appropriate curriculum. The main topics include early childhood environment, science, math, art, language, music and movement, literacy, and social studies. The student will understand how to develop a good curriculum and apply it to any early childhood setting. Lecture 3 hours per week. F

ECD 295 - Early Childhood Practicum I: Infants and Toddlers (3 cr.)

Prerequisite(s): ECD 237.

Corequisite(s): Current First Aid Card or CPR Card and Criminal Background Check.

This course is designed to give the student the opportunity to gain practical experience in the role of child care provider with infants and toddlers. The student is required to document 45 observation hours. Required orientation during the first week of class. Laboratory 3 hours per week. SP

ECD 296 - Early Childhood Practicum II: Preschool (3 cr.)

Prerequisite(s): ECD 237.

Corequisite(s): Current First Aid Card or CPR Card and Criminal Background Check.

This course is designed to give the student the opportunity to gain practical experience in the role of child care provider with preschoolers. The student is

required to document 45 observation hours. Required orientation during the first week of class. Laboratory 3 hours per week. SP

Economics

ECON 211 - Principles of Macroeconomics (3 cr.)

MOTR ECON 101

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of the aggregate or total economy on a national scale. Topics include supply and demand and contemporary socioeconomic issues in the U.S. Lecture 3 hours per week. F, W, SP, S

ECON 212 - Principles of Microeconomics (3 cr.)

MOTR ECON 102

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of the economizing process in an individual firm or industry. Topics include price and wage determination, costs-output relationships and various theories regarding competition within an industry. Lecture 3 hours per week. F, W, SP, S

Education

EDUC 201 - Teaching Profession with Field Experience (3 cr.)

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This course includes an introductory, minimum 30 hours of school field experience in accredited P-12 classroom(s) that provide opportunities to observe and contribute to teaching and learning. This course allows pre-service teachers to connect first-hand school experience with an emerging professional knowledge base. The course develops professional knowledge of diverse educational settings through observation, instruction, experience, and reflection. This course is designed to assist students in determining if a career in teaching is an appropriate goal. Requirements for teacher preparation and certification are reviewed. Lecture 1 hour/Laboratory 2 hours/Total 3 hours per week. F, SP

EDUC 210 - Educational Psychology (3 cr.)

Prerequisite(s): EDUC 201 with a letter grade of C or better and PSYC 111 or PSYC 223 or PSYC 233.

This course is designed to help students relate theories and principles of educational psychology to teaching, learning, and assessment. This course focuses on the diversity of learners and learning processes, as well as teacher characteristics, classroom strategies, and data analysis in P-12 classrooms. Appropriate strategies for increasing motivation, multidimensional development, and academic achievement for all learners are introduced. Lecture 3 hours per week. F, SP

EDUC 230 - Foundations of Education in a Diverse Society (3 cr.)

Prerequisite(s): EDUC 201 with a minimum letter grade of C.

This course is designed to examine educational practices from diverse historical, philosophical, sociological, economic, and legal perspectives. The course addresses issues of educational equity, sociocultural influences on teaching and learning, and how teachers and schools can contribute to interpersonal and intercultural understanding and respect, social justice, and democratic citizenship. Students explore the nature of school environments, the fundamental goals of education in American public schools, English language learners, the relationship between school and a diverse society, the organization of school curricula, and characteristics of effective schools and instruction in grades P-12. Lecture 3 hours per week. F, SP, S

EDUC 240 - Integration of Art, Music, and Physical Education in the Elementary Education Classroom (3 cr.)

Prerequisite(s): ENGL 111.

Students acquire an understanding of the role of art, music, and physical education on childhood development in a diverse society. Students develop the knowledge and skills necessary for the integration of art education, music education, and physical education in the early childhood and elementary

education classroom, connecting students' prior experiences, family, culture, and community. Lecture 3 hours per week. F, SP, S

EDUC 250 – Children's Literature (3 cr.)

Prerequisite(s): ENGL 111.

This course is designed for Education majors in Early Childhood, Elementary, Middle, and Secondary Education. This course assists future teachers in choosing appropriate material to be read in classroom settings, creating activities that assist in literature studies, and allows for confidence for the student to successfully facilitate a classroom of lifelong readers. Lecture 3 hours per week. F, SP, S

EDUC 260 - Education of the Exceptional Learner (3 cr.)

Prerequisite(s): EDUC 201 with a minimum letter grade of C.

This survey course is an introduction to exceptional learners and their education in grades P-12. Students gain a comprehensive understanding of the characteristics of people with special needs in special education settings. Students research and discuss complex issues related to compliance with state and federal education laws, such as Individual with Disabilities Educational Act (IDEA) and the Americans with Disabilities Act (ADA), as well as learn to navigate special education processes, such as referral, eligibility, re-evaluation, and IEPs. This course requires a 15-hour special education field experience component. Lecture 3 hours per week. F, SP

EDUC 270 – Educational Technology (3 cr.)

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

In this course, students learn how to integrate instructional technology into P-12 classrooms. Students will study a variety of software programs, presentation technology, telecommunication tools, and assistive technology. The focus also is on social, ethical, legal, and human issues surrounding the use of technology. Lecture 3 hours per week. F, SP

EDUC 297 - Paraprofessional Educator Practicum (3 cr.)

Prerequisite(s): Instructor consent.

This course gives direct experience with children in a school setting for a 100-hour practicum experience. Student responsibilities include assisting a teacher and implementing curriculum components for children in their classroom. Lecture 3 hours per week. F, SP

Electronics

ELEC 105 – Introduction to Electrical Technology (3 cr.)

This course includes instruction and practice in the areas of general job site safety based on local, state, and national regulations; basic hand and power tool usage; introductory print reading; electrical safety; and simple electrical circuit construction. This course also provides a brief overview of the National Electrical Code (NEC) and the role of an electrician. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 106 – Basic Electricity (3 cr.)

Electrical theory is applied to the duties of an electrician in this course. Fundamental laws of electricity, units of measure, and simple circuit analysis are included. Students study simple DC circuits and continue through single-phase and three-phase AC circuit principles. Laboratory activities include the safe and correct use of electrical testing equipment and basic electrical construction tools. Upon completion, students will have a clear understanding of electrical properties, units of measure in electricity, series circuits, parallel circuits, as well as basic DC and AC circuit characteristics. Lecture 2 hours/Laboratory 2 hours/ Total 4 hours per week. F, SP

ELEC 107 – Electrical Materials and Methods (3 cr.)

This course is an in-depth study of the proper selection of electrical circuit construction materials and correct installation methods. Students become familiar with materials such as electrical wire, conduit, circuit breakers, distribution centers, and many more hardware items used in the electrical construction industry. Methods are taught in a hands-on approach, allowing students to become familiar with basic wire termination and splicing, circuit construction techniques, and the correct selection of materials for the circuit installation and application. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 115 - Applied DC and AC Circuits (3 cr.)

This course is an introduction to fundamental properties in electronics, electronic components, and circuits. Course includes uses of testing equipment, circuit troubleshooting and circuit repairs. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 117 - Industrial Electrical Controls (3 cr.)

Prerequisite(s): ELEC 115 or instructor consent.

This course is a comprehensive study of control devices, circuits, diagrams, motors, three-phase power systems, and related hardware used in industrial power distribution and machine/process control. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 125 – Blueprint Reading for Electricians (3 cr.)

Prerequisite(s): ELEC 105, ELEC 106, and ELEC 107 or instructor consent.

Electrical diagrams, construction drawings, and related mechanical drawing reading and interpretation are presented in this lecture course. Students are presented with standard symbols used throughout the electrical industry, as well as develop basic drawings for circuit construction in the lab setting. Students acquire the knowledge and skill needed to translate drawings into real-world electrical circuit installations. Emphasis is placed on residential and light commercial print reading. However, industrial diagrams are introduced in this course. Coursework prepares students for applicable SkillsUSA assessment. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. SP, S

ELEC 126 – Residential Circuits (3 cr.)

Prerequisite(s): ELEC 105, ELEC 106, and ELEC 107 or instructor consent.

This course is a comprehensive study of residential electrical installations and the requirements of the applicable standards of the National Electrical Code (NEC). Topics include installation of electrical distribution equipment, lighting, overcurrent protection, conductors, branch circuits, conduit, and other materials and equipment utilized in a residential electrical system. Upon completion, students will have the knowledge and skills required to properly install wiring and electrical distribution equipment associated with residential electrical installations. Coursework prepares students for applicable SkillsUSA assessment. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. SP, S

ELEC 207 - Industrial Electronics Applications (3 cr.)

Prerequisite(s): ELEC 115 or instructor consent.

This course is a study of electronic systems within industrial transducers, process controls, motor drives, motion controls, and other advanced controls. Emphasis is on complete system applications. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 216 - Programmable Controller Systems (3 cr.)

This course is an applications-based study of programmable logic controllers, hardware, operator interfaces, communications networks, and device interfacing as found in manufacturing. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 218 - Electrical Codes and Standards for Manufacturing (2 cr.)

Prerequisite(s): ELEC 115 or instructor consent.

This course is an applications of electrical code rules and related standards pertaining to manufacturing installations. Safe work practices, materials selections, and design problems are presented. Lecture 2 hours per week. F

ELEC 225 – Electrical Systems (3 cr.)

Prerequisite(s): ELEC 105, ELEC 106, and ELEC 107 or instructor consent.

This course is a comprehensive, introductory overview of all electrical wiring installed in residential, commercial, and industrial settings. Students are provided with an introduction to systems such as used for HVAC/R equipment, fire alarm systems, communication wiring, industrial electrical raceways and controls, and other wiring systems used in today's electrical systems. A major emphasis is placed on component identification and an introduction to National Electrical Code (NEC) standards that are applicable to each area. Lab activities include specialty areas such as fire alarm system installation, troubleshooting, and repair. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

ELEC 226 – Electrical Construction (3 cr.)

Prerequisite(s): ELEC 125, ELEC 126, and ELEC 225 or instructor consent.

This course is designed to provide the skills required to install devices in residential, commercial, and industrial settings. This course advances the student's knowledge and skills in the use of specialized tools and techniques. Examples are use of conduit benders, wire pulling methods, panel installation, and installation of advanced circuit protection devices. All work is referenced to the applicable National Electrical Code (NEC) standards. Coursework prepares students for applicable SkillsUSA assessment. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F

ELEC 227 – Commercial and Industrial Electrical Systems (3 cr.)

Prerequisite(s): ELEC 125, ELEC 126, and ELEC 225 or instructor consent.

This course is an introduction to the tools, methods, materials, and equipment unique to commercial and industrial systems. A strong emphasis is placed on topics specific to commercial and industrial electrical installations, allowing students to acquire entry level knowledge and skill in these specialized areas. Basic motor control wiring, overload protection, commercial and industrial lighting, and three-phase systems are included as topics in this course. Applicable National Electrical Code (NEC) standards are presented. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F

Emergency Medical Services

EMDS 105 – Emergency Medical Services I (9 cr.)

Prerequisite(s): READ 02 or placement of ENGL 111.

A study of all phases of basic emergency care, including patient assessment, cardiopulmonary resuscitation, management of medical emergencies, trauma injuries, obstetric emergencies, infant and child emergencies, and ambulance operations. The course is based on the current National Emergency Medical Services Education Standards and The National EMS Scope of Practice Model. Students are required to complete a background check at \$18 and provide proof of immunizations. Lecture 6 hours/Laboratory-Clinical 9 hours/Total 15 hours per week.

EMDS 201 – Emergency Medical Services II (12 cr.)

Prerequisite(s): Placement of ENGL 111 and MATH 161. Possession of current State of Missouri EMT license.

Corequisite(s): EMDS 202.

The course is based on the current National Emergency Medical Services Education Standards and The National EMS Scope of Practice Model. This course is organized to cover the Preparatory, Airway Management, Patient Assessment, and medical portion of the National Curriculum. The class time includes both didactic, psychomotor, and affective training of the EMS skills needed. Hybrid-blended course. Lecture 10 hours/Laboratory-Clinical 6 hours/Total 16 hours per week.

EMDS 202 – Emergency Medical Services Internship I (2 cr.)

Prerequisite(s): ENGL 111 and MATH 161. Possession of current State of Missouri EMT license.

Corequisite(s): EMDS 201.

The course is based on the current National Emergency Medical Services Education Standards and The National EMS Scope of Practice Model. This course includes a scheduled hospital clinical experience during which the paramedic student will utilize the knowledge and skills learned in the classroom and college lab. The student is evaluated by hospital staff while performing intravenous access and/or fluid and medication administration, basic and advanced airway management, and patient care in the hospital setting. The course is based on the current National Emergency Medical Services Education Standard Curriculum. Clinical 6 hours per week, Total 90 hours.

EMDS 204 – Emergency Medical Services III (12 cr.)

Prerequisite(s): EMDS 201 and EMDS 202.

Corequisite(s): EMDS 205.

This course is based on the current National Emergency Medical Services Education Standards and the National EMS Scope of Practice Model. Students build upon previous knowledge and skills to provide advanced life support pre-hospital care to the medical, trauma, and special consideration patient. Hybrid-blended course. Lecture 10 hours/Laboratory-Clinical 6 hours/Total 16 hours per week.

EMDS 205 – Emergency Medical Services Internship II (4 cr.)

Prerequisite(s): EMDS 201 and EMDS 202.

Corequisite(s): EMDS 204.

The course is based on the current National Emergency Medical Services Education Standards and The National EMS Scope of Practice Model. This is a scheduled hospital clinical experience during which the student will use the knowledge and skills learned in the classroom and college lab. The student is evaluated by hospital staff while performing the advanced skills in intubation, suctioning, venipuncture, IV insertion, mixing IV additives, medication administration, dysrhythmia interpretation defibrillation, and management of medical/traumatic emergencies. Clinical 9 hours per week.

EMDS 207 – Emergency Medical Services IV (2 cr.)

Prerequisite(s): EMDS 204 and EMDS 205.

Corequisite(s): EMDS 208.

The course is based on the current National Emergency Medical Services Education Standards and The National EMS Scope of Practice Model. It is a continued in-depth study of advanced life support techniques with a focus on leadership and recognizing the student's role in critical patient care and EMS operations. This course is also to prepare the student for National Registry exam. Laboratory-Clinical 6 hours per week.

EMDS 208 – Emergency Medical Services Internship III (6 cr.)

Prerequisite(s): EMDS 204 and EMDS 205.

Corequisite(s): EMDS 207.

The course is based on the current National Emergency Medical Services Education Standards and The National EMS Scope of Practice Model. It is a scheduled internship on advanced life support, ambulances providing Team lead, and skill performance opportunities under the direct supervision of a trained preceptor. The student is evaluated by trained preceptors in the prehospital treatment of the sick or injured and the performance of skills learned in the college lab. Lecture 18 hours per week.

Engineering

ENGR 106 – Technical Math I (3 cr.)

Prerequisite(s): MATH 02 or placement of ENGR 106 or higher.

This course is a study of mathematical applications that includes fractions, decimals, percentages, powers and roots, SI system of units, signed numbers, and algebra. The applications focus on different fields of technology such as electronics, mechanics, machine design, civil technology, forestry, and computer operations. Lecture 3 hours per week. F

ENGR 107 – Technical Math II (3 cr.)

Prerequisite(s): ENGR 106 or instructor consent.

An introduction and study of basic geometric figures and the calculation of perimeters, area, and volume. It is a study of the application of triangles, pythagorean theorem, trigonometric functions, law of sines and law of cosines. Lecture 3 hours per week. SP

ENGR 110 – Engineering Graphics (3 cr.)

This is a basic course in graphics and design with intensive practice in sketching orthographic and pictorial representation. Problem-solving in perspective and parallel projections, auxiliary and sectional views, dimensioning, tolerances, reproduction, and working drawings utilizing computer aided design systems. Lecture 1 hour/Laboratory 4 hours/Total 5 hours per week. F, P

ENGR 198 – Workplace Readiness (3 cr.)

This course focuses on preparing students to be successful in a work environment. Topics covered include conducting job searches, preparation of job application materials, preparation and practice for interviews, identifying basic skills necessary for the work environment, and related concepts. Skills addressed include diversity, accountability, quality, motivation, leadership, conflict, and other related topics. Lecture 3 hour per week. SP

English

ENGL 01 - English as a Second Language (3 cr.)

A class for students whose native language is not English. Learners develop coherent speaking, reading, writing, and listening skills while interacting with peers and the instructor. Learners develop conversational skills through participation in group activities, interviews, and panel discussions. Learners monitor speech for errors in pronunciation, grammar, and discourse. Not acceptable for degree credit or for transfer. Course grade is recorded credit, no pass, incomplete, or in progress. May be repeated. Lecture 3 hours per week. F, SP

ENGL 02 – Transitional College Writing (4 cr.)

Prerequisite(s): READ 01 or Placement score of READ 02.

Corequisite(s): ACAD 101.

This course provides computer-assisted instruction in basic grammar and writing, coupled with classroom instruction in the conventions of college-level writing. Special attention is paid to the organization of ideas, the modes of writing, and standard written English. The course is designed to move developmental students quickly toward ENGL 111 and other credit classes. Lecture 4 hours per week. F, SP, S

ENGL 08 – Advanced Transitional College Writing (2 cr.)

Prerequisite(s): ACCUPLACER Writing Score of 3 to 4 or ACT English score of 16 to 17.

Corequisite(s): ACAD 101 and ENGL 111 (section identified).

This course provides individualized instruction for students who have been identified as candidates for an accelerated learning program. Instruction in this course will include step-by-step processes of writing, planning, and the conventions of college-level writing. The course is designed to move Transitional students who are nearly ready for ENGL 111 into that class and other credit-bearing classes. Lecture 2 hours per week. F, SP

ENGL 111 - College Writing (3 cr.)

MOTR ENGL 100

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course introduces students to college-level writing and establishes standards for writing essays in the rhetorical modes. Expository writing is used as a basis for study and discussion with extensive practice in reading critically and improving essays through revision. Students also learn to conduct research using library and internet sources following MLA guidelines. Students should have basic keyboarding skills. Lecture 3 hours per week. F, W, SP, S

ENGL 112 - Advanced College Writing (3 cr.)

MOTR ENGL 200

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This course focuses on extended critical inquiry, in-depth library and electronic research, and extensive practice with argumentative academic writing. Students apply concepts of critical thinking to argumentative and persuasive communication. In addition, students apply appropriate research and documentation techniques and evaluate source materials. Lecture 3 hours per week. F, W, SP, S

ENGL 140 - Creative Writing (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

Beginning creative writers are introduced to the techniques, structures, and basic elements of poetry, short fiction, and drama. Learners examine character, plot, dialog, theme, setting, and voice in fiction. Learners critique works of experienced writers and their peers. With emphasis on preparation, criticism, and revision, learners write poetry, a short story, and a drama. Throughout the semester, students compile a portfolio of their writings. This course does not fulfill the General Education requirement for Humanities but may be used as an elective. Lecture 3 hours per week. F

ENGL 210 - Introduction to Literature (3 cr.)

MOTR LITR 100

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

Learners examine the basic elements of fiction, poetry, and drama and use a variety of critical perspectives to interpret, analyze, and write about various works from literature. Learners study the literature of societies and cultures as representative responses to universal questions relevant to the human experience. Lecture 3 hours per week. F, SP, S

ENGL 221 - World Literature to 1600 (3 cr.)

MOTR LITR 200A

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This course is a survey of the backgrounds of the literature of the Western world from the ancient Near East, Mediterranean, and Western European regions before 1600 A.D. Students apply biographical, cultural, and historical contexts while they conduct literary research and evaluate and analyze literary works. Lecture 3 hours per week. F, SP, S

ENGL 222 - World Literature since 1600 (3 cr.)

MOTR LITR 200M

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This course is a survey of the development of the literature of the Western world since the Renaissance, including influences from Europe and from colonial Asia and Africa. Students apply biographical, cultural, and historical contexts while they conduct literary research and evaluate and analyze literary works. Lecture 3 hours per week. SP, W

ENGL 223 - Classical Mythology (3 cr.)

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

Classical Mythology introduces students to the characters, events, and interpretive meanings of classical mythology, as well as the ancient civilizations that comprised the classical world and composed its mythology. With an emphasis on the mythologies of the ancient Mediterranean cultures of Greece and Rome, students identify the common qualities of world mythologies and appraise the influence of classical mythology on contemporary culture. Lecture 3 hours per week. F, W, SP, S

ENGL 231 - English Literature to 1798 (3 cr.)

MOTR LITR 102A

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This class is a survey of the literature of Great Britain from the Middle Ages through the 18th Century. The class applies biographical, cultural, and historical contexts as students conduct literary research, and evaluate and analyze literary works. Lecture 3 hours per week. F, S

ENGL 232 - English Literature since 1798 (3 cr.)

MOTR LITR 102B

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This class is a survey of English Literature from the 18th Century through present day. The class applies biographical, cultural, and historical contexts as students conduct literary research, and evaluate and analyze literary works. Lecture 3 hours per week. SP, S

ENGL 233 - Shakespeare (3 cr.)

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This course introduces students to selected plays by William Shakespeare, including comedies, histories, and tragedies. Through a combination of reading, discussion, and video performances, students apply biographical, cultural, and historical contexts to Shakespeare's life and works, as well as engage in analysis and evaluation of the selected plays. Lecture 3 hours per week. F, SP

ENGL 241 - American Literature to 1870 (3 cr.)

MOTR LITR 101A

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This class is a survey of the literature of America from its beginnings through the Civil War. The class applies biographical, cultural, and historical contexts as students conduct literary research, evaluate, and analyze literary works. Lecture 3 hours per week. F, S

ENGL 242 - American Literature since 1870 (3 cr.)

MOTR LITR 101B

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This class is a survey of American literature from the Civil War through the present. The class applies biographical, cultural, and historical contexts as students conduct literary research, and evaluate and analyze literary works. Lecture 3 hours per week. F, W, SP, S

ENGL 282 - New Testament Literature (3 cr.)

Prerequisite(s): ENGL 111 with a minimum letter grade of C.

This course is a survey of the literature of the New Testament of the Christian Bible. Students apply biographical, cultural, and historical contexts while they conduct literary research and evaluate and analyze various works within the canon. Lecture 3 hours per week. SP, S

Environmental Health and Safety Technology

EOSH 116 - Introduction to Industrial Hygiene (3 cr.)

This course provides an introduction to the recognition, evaluation, and control of workplace health hazards. Identification, evaluation, and control of stressors in the workplace that pose a health hazard to employees is the main focus of the course. Methods of control, tools, test equipment, and resources available to perform workplace health hazard assessments are addressed. Lecture 3 hours per week. SP

EOSH 205 - Safety and Health Regulations & Standards (3 cr.)

This course is a study of the legislation and standards established to protect the safety and health of employees in a work environment. The Occupational Safety and Health (OSH) Act will be covered. Compliance with regulations established by Occupational Safety and Health Administration (OSHA) will be reviewed in detail. Course addresses acceptable work practices, rights and responsibilities, and compliance requirements for most work environments. Lecture 3 hours per week. F

EOSH 206 - Environmental Regulations (3 cr.)

This course examines statutory requirements for different environmental media, associated compliance issues, enforcement activities, and governmental regulations such as those promulgated by the U.S. Environmental Protection Agency (EPA). The purpose of different environmental laws and programs are addressed, along with the basic framework of implementation for each program. Common law impacts from environmental issues and terminology specific to environmental regulations are also covered. Lecture 3 hours per week. F

EOSH 215 - Transportation, Storage, and Handling of Hazardous Materials (3 cr.)

This course introduces regulatory requirements for transportation of hazardous materials and handling of hazardous materials by employees. Specific requirements and terminology pursuant to the U.S. Department of Transportation (DOT) Hazardous Materials Regulations will be covered. OSHA requirements for employees who handle hazardous materials and terminology specific to these regulations are also addressed (HAZWOPER). Use of reference materials and regulations are included in the course. Lecture 3 hours per week. F

EOSH 216 - Waste Management and RCRA (3 cr.)

This course introduces students to the available options for properly minimizing, recycling, and/or disposing of all solid wastes under Resource

Conservation Recovery Act (RCRA). Students focus on management of materials to minimize waste production. Recycling and recovery issues are addressed. Students explore application of pollution prevention techniques. The course addresses hazardous waste including generation, storage, disposal, and associated regulatory issues. Waste identification, manifesting, and tracking are covered. Lecture 3 hours per week. F

EOSH 225 - Accident Investigation (3 cr.)

This course provides an introduction to the fundamental requirements and techniques used in investigating accidents involving environmental or occupational safety and health issues. Students also explore causes and prevention methods that can be used for these types of events. A variety of methods for analyzing information and for assessing program effectiveness are addressed. Lecture 3 hours per week. SP

EOSH 226 - Emergency Preparedness and Planning (3 cr.)

This course addresses the legal responsibilities of environmental, facility, and human protection. Responsibilities and functions of employees during an emergency are emphasized. The course explores different approaches to emergency planning. A variety of techniques to perform analysis, auditing, and hazard assessment are addressed. Lecture 3 hours per week. SP

Fire Science

FIRE 115 - Firefighter I and II (12 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

IS-700, IS-800, ICS-100, and ICS-200 (all courses are available online at no cost at <http://training.fema.gov/emi.aspx>).

This course is based on the most current NFPA (National Fire Protection Association) 1001, Standard for Firefighter Professional Qualifications. The performance requirements and practical skills necessary to perform the duties of a firefighter are thoroughly covered. Topics include fire service orientation, safety, fire behavior, self-contained breathing apparatus, ropes, hoses, ladders, rescue, ventilation, salvage overhaul, portable fire extinguishers, emergency medical care, fire control, water supply, and fire prevention. Individuals successfully completing this course and meeting the requirements of Missouri Division of Fire Safety will be eligible for certification as Firefighter I and II by the Division of Fire Safety. Lecture 7 hours/Laboratory 5 hours/Total 12 hours per week. F

FIRE 118 - Hazardous Materials Awareness and Operations (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is based on the National Fire Protection Association 1072, "Standard for Hazardous Materials/Weapons of Mass Destruction Emergency Response Personnel Professional Qualifications," 2017 Edition and 29 CFR 1910-120(g). Course covers both awareness level and operations level hazardous materials training based on a combination of practical skills assessment and course work to prepare students for certification through the Missouri State Fire Marshall, Division of Fire Safety. Students learn to recognize and size up any incident involving hazardous materials or weapons of mass destruction and understand the fire fighter's role within the response plan. Lecture 3 hours per week. SP

FIRE 119 - Fire Behavior and Combustion (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course explores the theories and fundamentals of how and why fires start and spread, and how they are controlled. This course follows the National Fire Academy Fire and Emergency Services Higher Education (FESHE) model curriculum for the Associates' core Fire Behavior and Combustion. Lecture 3 hours per week. F

FIRE 126 - Principles of Emergency Services (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; and life safety initiatives. This course follows the National Fire

Academy Fire and Emergency Services Higher Education (FESHE) model curriculum for the Associates' core Principles of Emergency Services. Lecture 3 hours per week. SP

FIRE 135 - Fire Prevention (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course provides fundamental knowledge relating to the field of fire prevention. Topics covered in the course include history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. The course follows the National Fire Academy Fire and Emergency Services Higher Education (FESHE) model curriculum for the Associate's core Fire Prevention class. Lecture 3 hours per week. SP

FIRE 215 – Strategy and Tactics (3 cr.)

Prerequisite(s): FIRE 126.

This course provides the principles of fire ground control through utilization of personnel, equipment, and extinguishing agents. Lecture 3 hours per week. F

FIRE 216 – Fire Instruction (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course introduces instructional concepts and prepares the instructor candidate for the responsibilities of developing and teaching fire and emergency service training programs. The material is based on NFPA 1041, Standard for Fire Service Instructor Professional Qualifications. Topics addressed include development of training outlines and course development, using visual aids, presentation skills, and testing procedures. Lecture 3 hours per week. F

FIRE 217 - Building Construction for Fire Protection (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. This course follows the National Fire Academy Fire and Emergency Services Higher Education (FESHE) Model Curriculum for the Associates' core Building Construction for Fire Protection class. Lecture 3 hours per week.

FIRE 225 – Fire Service Hydraulics and Water Supply (3 cr.)

Prerequisite(s): FIRE 115.

This course provides a detailed understanding of the physical characteristics of water and its movement as it relates to fire suppression. Topics covered include principles of water flow, calculating required fire flows, types of fire streams, fire service pump design, types of fire streams, fire hose nozzles, and other related topics. Lecture 3 hours per week. SP

FIRE 226 – Principles of Emergency Services Safety and Survival (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. This course follows the National Fire Academy Fire and Emergency Services Higher Education (FESHE) model curriculum for the Associates' core Principles of Emergency Services Safety and Survival. Lecture 3 hours per week. F

FIRE 235 - Fire Protection Systems (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course provides information relating to the features of design and operations of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection, and portable fire extinguishers. This course follows the National Fire Academy Fire and Emergency Services Higher Education (FESHE) model curriculum for the Associates' core Fire Protection Systems class. Lecture 3 hours per week. SP

FIRE 239 - Search and Rescue (3 cr.)

Prerequisite(s): FIRE 115 or instructor consent.

This course provides the information necessary to meet the Operations-Level requirements under NFPA Standard 1670, Standard on Operations and

Training for Technical Search and Rescue Incidents. Topics include search and rescue incident management, rescue vehicles and equipment, rope rescue, confined space search and rescue, wilderness search and rescue, plus many other search and rescue scenarios. Lecture 3 hours per week. SP

FIRE 245 - Fire Codes and Inspection (3 cr.)

Prerequisite(s): FIRE 115 or instructor consent.

This course provides fire and emergency services personnel and civilian inspectors with the basic information necessary to meet the job performance requirements (JPRs) of NFPA 1031 (2014) for Level 1 and Level II Inspectors. Lecture 3 hours per week. SP

FIRE 246 – Occupational Safety and Health for Emergency Services (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course introduces the basic concepts of occupational health and safety as it relates to emergency service organizations. Topics include risk and hazard evaluation and control procedures for emergency service organizations. Lecture 3 hours per week. SP

FIRE 255 – Leadership in the Fire Service (3 cr.)

Prerequisite(s): FIRE 115 or instructor consent.

This course covers the training required of Company Officers according to NFPA 1021 Standard for Fire Officer Professional Qualifications, 2014 Edition. The topics covered include leadership, supervision, ethics, decision-making, legal responsibilities and liabilities, interpersonal communications, organizational structure, records management, safety and health issues, and other related material. Lecture 3 hours per week. F

Forestry

FRST 115 - Forest Utilization (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is an introduction to the multiple use aspects in the overall field of forestry. Emphasis is placed on management policies at the local and national levels, forestry ecological systems, and the interrelationships of forestry to other disciplines. Lecture 3 hours per week. F

FRST 117 - Introduction to Dendrology (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course involves field and lab identification of native and exotic trees and woody vines using leaves, twigs, bark, and fruit characteristics. Lecture 3 hours per week. SP

FRST 119 - Forest Measurements (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is an introduction to forest measuring techniques, including measuring equipment, log scaling practices, forest product measurements, cruising, and inventory techniques. Lecture 3 hours per week. SP

FRST 215 - Forest Management Practices (3 cr.)

Prerequisite(s): FRST 117.

This course is an introduction to forest management practices, including governmental roles with the emphasis on local and regional regulations, principles of the ecosystem, sustainable forest concepts, and multiple use management. Lecture 3 hours per week. F

FRST 217 - Silviculture and Ecology (3 cr.)

Prerequisite(s): FRST 117.

This course is a detailed study of the concepts and techniques utilized in the silvicultural treatment of forests. Lecture 3 hours per week. SP

FRST 225 - Wildland Fire Management (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is designed to provide entry-level firefighting skills. Instruction is provided in the primary factors that affect the start and spread of a wildfire. Students learn fire suppression techniques for wildland fires. In addition students successfully completing the class will have the opportunity to become certified wildland firefighters. Lecture 3 hours per week.

General Studies

GNST 090 - New Student Orientation (1 cr.)

This course gives students the opportunity to develop knowledge of the enrollment process, student rights and responsibilities, College policies and procedures, and to gain exposure to activities and services available at Three Rivers College. This course is required of first-time freshmen to ensure timely and accurate enrollment assistance. Lecture 1 hour per week. F, SP, S

GNST 102 - Leadership Development (1 cr.)

Prerequisite(s): Instructor consent.

This course enhances campus and community leadership through orientation and participation in service projects and social activities. Enrollment is restricted to students participating in campus/community organizations. Lecture 1 hour per week. F, SP

GNST 104 - Career Exploration (1 cr.)

In this course, students explore career opportunities and prepare for seeking employment after graduation. This course combines 8 weeks of independent study with 8 weeks of lecture and discussion. Lecture 1 hour per week. F, SP

Geographic Information Systems

GIS 110 – Introduction to Mapping Principles (3 cr.)

This course addresses skills and knowledge necessary to read, analyze, and interpret maps. Topics include mapping basics such as scale, spatial reference systems and projection, data acquisition and organization, thematic mapping, and the principles of map design. Lecture 3 hours per week. F, SP

GIS 120 - Introduction to Geographic Information Systems (3 cr.)

This course provides an introduction to geographic information systems and methods of creating, maintaining, and displaying geospatial data and imagery using ArcGIS software. The course includes a broad survey of applications. Course topics include elements of GIS, analysis of spatial information, map creation and analysis, GIS data types, map projections and coordinate systems, and other related topics. Lecture 2 hours/Lab 2 hours/Total 4 hours per week. Lecture 3 hours per week. F

GIS 140 - Geographic Information Systems II (3 cr.)

Prerequisite(s): GIS 120.

This course, combined with GIS 120, provides students with a solid foundation in GIS concepts and the use of GIS. Students gain necessary skill and knowledge to use GIS concepts and software to solve problems. Emphasis is on hands-on applications. Topics covered include data models, data acquisition, spatial data editing, attribute management, vector and raster data analysis, spatial interpolation, and other related concepts. Lecture 2 hours/Lab 2 hours/Total 4 hours per week. SP

GIS 210 – WEB-Based GIS (3 cr.)

Prerequisite(s): GIS 120.

This course addresses delivery of geographical data via the Internet. Students compose maps using mapping services available online. The course introduces the use of markup language to customize Web-based GIS applications for a specific use. Lecture 3 hours per week. F, SP

GIS 220 - Introduction to Remote Sensing (3 cr.)

Prerequisite(s): GIS 120.

This course provides an introduction to remote sensing. The topics covered include image processing techniques used for remote sensing, applications of remote sensing, and the relationships between GIS image processing and remote sensing. Case studies and hands-on exercises are used to illustrate various remote sensing and image processing applications in practice. Lecture 3 hours per week. F, SP

GIS 230 – Spatial Analysis in GIS (3 cr.)

Prerequisite(s): GIS 120.

This course builds problem-solving and analysis skills. Course topics cover various spatial analysis techniques that are used to provide support for decision-making in solving problems in a variety of fields. Students develop

skills through project and lab activities. Lecture 2 hours/Lab 2 hours/Total 4 hours per week. SP

GIS 240 - Applications in GIS (3 cr.)

Prerequisite(s): GIS 120.

This course provides an introduction to applications of GIS using ArcView. Emphasis of the course is on solving problems with GIS. Students complete projects in their field of study. Topics covered include data sources and accuracy, manipulation of databases, creation of charts and graphs, and presentation of data in map layouts. Other related topics are also be addressed. Lecture 3 hours per week. F

GIS 250 – Advanced GIS (3 cr.)

Prerequisite(s): GIS 120.

This course introduces students to more of the advanced capabilities of ArcGIS. Topics covered include designing geodatabases for use, working with data, optimizing workflow, and other related concepts. Students develop skills through hands-on activities and projects. Lecture 2 hours/Lab 2 hours/Total 4 hours per week.

Geography

GEOG 101 - Cultural Geography (3 cr.)

Prerequisite(s): ENGL 02 or Writing Placement of ENGL 111 and READ 02 or Reading placement of ENGL 111.

Course designed to familiarize students with geographic studies including the relationship between humans and the natural environment as well as spatial patterns of human activities. The course addresses different techniques and approaches to geographic interpretation. The course examines diverse cultures, languages, and religions while approaching the course through a multi-disciplinary approach of history, politics, and economics. Lecture 3 hours per week. F, SP

Global Studies

GLBL 120 - Seminar in Global Studies (1 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This seminar explores the interconnectedness of the human experience, showing how all humans, past, present, and future, are united in their humanity, no matter where they reside or when they exist. The course offers students the opportunity to better prepare themselves to compete in a global economy and expand their global cultural experiences. This course is required for completion of the Global Studies Certificate. Lecture 1 hour per week. SP

Government & Political Science

GOVT 121 - National and State Government (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

Corequisite(s): GOVT 290.

This course is a survey of the federal government and the political system of the United States through its organization and function from colonial institutions through its present-day powerful development. This course satisfies the state legislative requirement for graduation. Lecture 3 hours per week. F, W, SP, S

GOVT 220 - Missouri Government (1 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Corequisite(s): GOVT 290.

This course is for students who transferred a course equivalent to GOVT 121 but have not had the Missouri Constitution/government component as mandated by the state legislature. This course is designed to meet that mandate. GOVT 220 is not a substitute for GOVT 121. Lecture 1 hour per week. F, SP, S

GOVT 233 - International Relations (3 cr.)

MOTR POSC 201

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is the study of basic factors governing international relationships among nations and how those factors figure in current world problems. Lecture 3 hours per week. SP

GOVT 290 – Missouri Higher Education Civics Achievement Exam (0 cr.)

Corequisite(s): GOVT 121 or GOVT 220.

The exam shall consist of between 50 and 100 questions and will be administered online. In addition, the exam shall be similar to the United States citizenship exam including questions covering the United States Constitution, the United States Bill of Rights, governmental institutions, historical manifestations of federalism, and history of constitutional interpretation and amendments. F, W, SP, S

Green Diesel Technology

GRDT 115 - Green Diesel Technician I (6 cr.)

This course provides training to beginning diesel technicians. Students gain extensive hands-on training and experience in working with diesel engines, including a complete tear down of a diesel engine, measurement, and use of special tools. The student is made aware of all aspects of proper shop operation, environmental issues, fuel efficiency standards, and safety. Lecture 6 hours per week. F, SP

GRDT 215 - Green Diesel Technician II (6 cr.)

Prerequisite(s): GRDT 115.

This course provides training for the technician in the proper design of diesel fuel systems and the function of their components. Students learn to diagnose problems, as well as perform preventive maintenance. Students learn to test, install, and adjust fuel injectors and will learn operating principles of governor-controlled fuel systems, inline pump systems, multiple pump systems, and tune-up procedures. Lab work provides the experience of disassembling, checking, repairing, and reassembling the different fuel systems. Special emphasis is placed on the analysis and control of emissions, alternative fuel types, and federal emission standards. Lecture 6 hours per week. F, SP, S

GRDT 225 - Green Diesel Technician III (6 cr.)

Prerequisite(s): GRDT 215.

This program provides training for diesel technicians in turbochargers, roots blowers, air intake and exhaust systems, in-line pump timing and distributor pump tune-up procedures. The student learns tune-up procedures for three of the major diesel engines. Lab work provides the opportunity to disassemble, inspect, and reassemble blowers, turbochargers, and injection pump training aids. Lecture 6 hours per week. F, SP

Heating, Ventilation, Air Conditioning/Refrigeration

HVAC 105 – Safety for HVAC/R Profession (3 cr.)

Course provides instruction and application in the safe use and care of hand tools, specialized tools, materials, and equipment used in HVAC/R installation, troubleshooting, maintenance, and repair. The course addresses all applicable state, local, and national safety regulations and proper compliance. Orientation to job entry specification and occupational opportunities is included in this course. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

HVAC 106 – Electricity for HVAC/R Technicians (3 cr.)

This course is a practical study of electricity, electrical hardware, and electrical test instruments used in the heating, air conditioning, and refrigeration industry. Coursework includes instruction and practical application in basic electricity, troubleshooting circuits, interpreting schematics, power distribution systems, electrical control components, and motors. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

HVAC 107 – Heating, Ventilation, Air Conditioning, and Refrigeration I (3 cr.)

This course is an introduction to the operation of HVAC/R systems. The course includes an introduction to the equipment used in systems for heating, ventilation, air conditioning, and refrigeration. Students acquire a working knowledge of the most common system designs. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

HVAC 115 – Heating, Ventilation, Air Conditioning, and Refrigeration II (3 cr.)

Prerequisite(s): HVAC 105, HVAC 106, and HVAC 107 or instructor consent.

This course is an introduction to the operation of HVAC/R systems. Course includes an introduction to the equipment used in systems for heating, ventilation, air conditioning, and refrigeration. Students acquire a working knowledge of the most common system designs. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP, S

HVAC 116 – HVAC/R Motors and Controls (3 cr.)

Prerequisite(s): HVAC 105, HVAC 106, and HVAC 107 or instructor consent.

This course is a concentration in the study of control circuitry found in all forms of HVAC/R equipment. Students learn to interpret electrical diagrams, become familiar with common control devices, and electronic control systems will be introduced. Practical troubleshooting techniques for HVAC/R motors and controls are the primary emphasis of this course. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP, S

HVAC 215 – Residential Heating, Air Conditioning, and Refrigeration (3 cr.)

Prerequisite(s): HVAC 105, HVAC 106, and HVAC 107 or instructor consent.

This course involves an in-depth study of residential systems. Students gain the knowledge and skills required for proper installation and servicing of residential systems. Refrigerant and cooling gas handling and reclaiming methods are included in this course to permit students to become certified in this area. Course emphasizes HVAC Excellence Certification. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

HVAC 216 – Commercial Heating, Ventilation, and Cooling (3 cr.)

Prerequisite(s): HVAC 115, HVAC 116, and HVAC 215 or instructor consent.

This course involves an in-depth study of commercial systems to include ventilation but exclude refrigeration. Students gain the knowledge and skill required for proper installation and servicing of commercial systems. Course emphasizes HVAC Excellence Certification. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, S

HVAC 217 – Commercial Refrigeration (3 cr.)

Prerequisite(s): HVAC 115, HVAC 116, and HVAC 215 or instructor consent.

This course is designed to provide students with coursework exclusive to commercial systems. Commercial refrigerant-flow diagrams, commercial symbol diagrams, commercial electrical schematics, hermetic and semi-hermetic systems, and commercial system applications are studied. This includes the study of commercial freezers and walk-in units, commercial refrigeration equipment, water coolers, and ice makers. Course emphasizes HVAC Excellence Certification. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, S

Health, Physical Education, and Recreation

PROFESSIONAL COURSES

HPER 110 - Lifetime Wellness (2 cr.)

This course is designed to assist the student in recognizing psychosocial and physiological health issues in order to assess health status. In addition, the student is encouraged to explore attitudes about health-related matters and make informed decisions about health-enhancing behaviors. Lecture 2 hours per week. F, W, SP, S

HPER 113 - History and Principles of Physical Education (2 cr.)

This course is an introductory study of the history, principles, and philosophy of modern physical education and sports. Recommended for students majoring or minoring in physical education. Lecture 2 hours per week. F, SP

HPER 123 - First Aid (2 cr.)

This course offers the student preparation in first aid care and life-saving emergency concepts. Emphasis is placed on caring for sprains, strains, and breaks; as well as various emergency responses. American Red Cross First Aid and CPR certification is obtained upon successful completion of the course. Lecture 2 hours per week. SP

HPER 151 Foundations of Fitness (1 cr.)

This course provides current information about the beneficial effects of and how to implement and live a healthy lifestyle through lecture, cardio exercises, and weight workouts. General topics covered include diet and exercise, cardiovascular fitness, and weight training. Students participate in activities designed to increase strength, flexibility, and cardiovascular endurance. Individualized program are developed by the student. Students meet in the class for the first 8 weeks of the course and then continue with their individualized program for the next 8 weeks with the coach tracking their progress. Lecture .5 hour/Laboratory 1 hour/Total 1.5 hours per week. F, SP

HPER 152 Fitness Center I (1 cr.)

Prerequisite(s): HPER 151.

This course provides instruction in the development of fitness planning, fitness goal setting, and personal health and wellness. This is an introductory course where students gain the knowledge of a wide variety of fitness equipment. Students participate in activities designed to increase strength, flexibility, and cardiovascular endurance. Students will meet with an instructor during first week and last week of classes. Lecture .5 hour/Laboratory 1 hour/Total 1.5 hours per week. F, SP

HPER 213 - Basketball Coaching Techniques (2 cr.)

This course is designed to teach the fundamentals of coaching organized basketball to all age groups. Recommended for all students whose major or minor is in physical education. Lecture 2 hours per week. SP

HPER 214 - Baseball Coaching Techniques (2 cr.)

This courses involves development of a baseball team, selection of players by position, team drills, offensive and defensive strategies, scouting, and player management. Lecture 2 hours per week. F

HPER 243 - Sports Officiating (2 cr.)

This course allows students to become acquainted with and knowledgeable of the rules and techniques of officiating in the fields of basketball, baseball, and volleyball. Lecture 2 hours per week. F

HPER 251 Fitness Center II (1 cr.)

Prerequisite(s): HPER 152.

This course provides instruction in the development of fitness planning, fitness goal setting, and personal health and wellness. Students participate in activities designed to increase strength, flexibility, and cardiovascular endurance. Students meet with an instructor during the first week and last week of classes. Lecture .5 hour/Laboratory 1 hour/Total 1.5 hours per week. F, SP

HPER 252 Athletic Fitness (1 cr.)

Prerequisite(s): HPER 151.

Corequisite(s): HPER 2691-2693; HPER 2791-2793; HPER 2891-2896; or HPER 2991-2996.

This course focuses on continued implementation of personal fitness plan with emphasis on improving strength through use of weights. Lecture .5 hour/Laboratory 1 hour/Total 1.5 hours per week. SP

ACTIVITY COURSES

Students are limited to 2 activity and/or varsity courses per semester for credit. Students may not repeat activity courses. Students of either sex may register for any course. Laboratory 2 hours per week for all courses.

HPER 122 Badminton and Table Tennis (1 cr.)**HPER 131 Beginning Golf (1 cr.)****VARSITY SPORTS****HPER 2491-2496 Varsity Rodeo (1 cr.)**

Prerequisite(s): Coach consent.

This course is designed for the experienced athlete and participation is restricted to students who are on the rodeo team. New team members are selected on a yearly basis. Members are required to attend practices, scheduled rodeos, and other team events. Members improve skills within their event. One hour of physical education credit is granted for each full semester the student competes on the team. F, SP

HPER 2591-2596 Spirit Squad (1 cr.)

Prerequisite(s): Coach consent.

This course is designed for the experienced athlete and participation is restricted to students who are on the spirit squad. Tryouts are held each year. Members are required to attend practices, scheduled games, and other team events. Members of the squad develop tumbling skills, vocal projection, and crowd participation cheers and/or chants in practice and game situations. One hour of physical education credit is granted for each full semester the student completes on the team. F, SP

HPER 2691-2693 Women's Varsity Softball (1 cr.)

Prerequisite(s): Coach consent.

This course is designed for the experience athlete and participation is restricted to students who are on the softball team. Tryouts are held each year. Players are required to attend daily practices, scheduled games, and other team events. Players develop hitting, fielding, throwing, pitching, and team strategy skills in practice and game situations. One hour of physical education credit is granted for each full semester the student competes on the team. F, SP

HPER 2791-2793 Men's Varsity Baseball (1 cr.)

Prerequisite(s): Coach consent.

This course is designed for the experienced athlete and participation is restricted to students who are on the baseball team. Tryouts are held each year. Players are required to attend daily practices, scheduled games, and other team events. Players develop hitting, fielding, throwing, pitching, and team strategy skills in practice and game situations. One hour of physical education credit is granted for each full semester the student competes on the team. F, SP

HPER 2891-2896 Women's Varsity Basketball (1 cr.)

Prerequisite(s): Coach consent.

This course is designed for the experienced athlete and participation is restricted to students who are on the women's basketball team. Tryouts are held each year. Players are required to attend daily practices, scheduled games, and other team events. Players develop shooting, passing, dribbling, defensive, and rebounding skills in practice and game situations. One hour of physical education credit is granted for each full semester the student competes on the team. F, SP

HPER 2991-2996 Men's Varsity Basketball (1 cr.)

Prerequisite(s): Coach consent.

This course is designed for the experienced athlete and participation is restricted to students who are on the men's basketball team. Tryouts are held each year. Players are required to attend daily practices, scheduled games, and other team events. Players develop shooting, passing, dribbling, defensive, and rebounding skills in practice and game situations. One hour of physical education credit is granted for each full semester the student competes on the team. F, SP

History

HIST 111 - American History to 1877 (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

A general survey of the history of the United States from discovery and exploration through the Civil War and Reconstruction, emphasizing political, economic, social, and cultural factors. Lecture 3 hours per week. F, SP, S

HIST 112 - American History since 1877 (3 cr.)

MOTR HIST 102

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

A general survey of the history of the United States from the period of the growth of big business following the Civil War to the present day, emphasizing political, economic, social, and cultural factors in the growth of America. Lecture 3 hours per week. F, W, SP, S

HIST 121 - World Civilization to the Renaissance (3 cr.)

MOTR HIST 201

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course is designed to provide the student with the essential information relating to the history of human civilization, how civilizations form, how they develop, and how they decline, and, possibly, cease to exist. In the process of this, the student demonstrates a level of competency relating to specific features of the civilizations, both those that rose to dominance and those that functioned in a less prominent role that have influenced humanity, past and present. Lecture 3 hours per week. F

HIST 122 - World Civilization since the Renaissance (3 cr.)

MOTR HIST 202

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course is designed to provide the student with the essential information relating to the history of human civilization, how civilizations form, how they develop, and how they decline, and, possibly, cease to exist. In the process of this, the student demonstrates a level of competency relating to specific features of the civilizations, both those that rose to dominance and those that functioned in a less prominent role that have influenced humanity, past and present. Lecture 3 hours per week. F, SP

Honors

HNRS 110 - Honors Inquiry Seminar (1 cr.)

Prerequisite(s): Honors Program Coordinator consent.

This course provides an opportunity for academic inquiry across the disciplines through seminars based on topics of intellectual significance. Students will evaluate and synthesize as they study. Three Rivers Honors Program students must complete three inquiry seminars. Lecture 1 hour per week. F, SP

HNRS 120 - Honors Leadership Seminar (3 cr.)

Prerequisite(s): Completion of at least one hour of HNRS 110 and Honors Program Coordinator consent.

This course emphasizes discussion of leadership styles based on acquiring an understanding of problem-solving, working with diversity, managing change, conflict, and networking. Drawing upon experiences in a guided service learning project, each student develops a personal philosophy of leadership. Three Rivers Honors Program students must take Honors Leadership Seminar. Lecture 3 hours per week. F, SP

HNRS 200 - Honors Independent Study (1-3 cr.)

Prerequisite(s): Completion of at least one hour of HNRS 110 and Honors Program instructor and the Honors Program Coordinator consent.

This is an independent study that allows the student to work at an honors level on a project or paper that addresses a topic not studied in-depth or contained in the regular curriculum. F, SP

HNRS 220 - Honors Multi-Disciplinary Seminar (3 cr.)

Prerequisite(s): Completion of at least one hour of HNRS 110 and seminar instructors and the Honors Program Coordinator consent.

This course focuses on a topic of cultural and societal significance that guides students to a richer understanding of a particular time, place, or phenomenon. Examining various ideas and images, students study ways in which individuals and groups have attempted to understand the world. This

course uses a range of documents, recordings, films, television programs, and music as appropriate to the particular topic and draws upon honors program instructors as seminar mentors. Lecture 3 hours per week.

Information Systems Technology

IST 100 - Computer Applications (3 cr.)

Prerequisite(s): READ 02 or Reading Placement of ENGL 111.

This course is designed to teach students how to use application software to improve their personal productivity. This course expands students' skills in word processing, spreadsheet applications, database, and presentation software. Using these software applications, students create documents, letters, forms, tables, and create charts and graphs, build tables, queries, forms, reports, and organize, manage, and secure a database; and use presentation software to create and modify graphic presentations. The course prepares students to use college and public resources to manage coursework and conduct research. It also discusses the importance of computer and web security. Lecture 3 hours per week. F, W, SP, S

IST 126 - Word Processing Applications (3 cr.)

Prerequisite(s): IST 100.

This course instructs students in the theories and practical applications of one of the most popular word processing programs—Microsoft Word. This course is designed to help students create, format, customize, modify, and organize various documents from scratch and pre-formatted arrangements. Lecture 3 hours per week. F, SP, S

IST 148 - Office Procedures (3 cr.)

A study of the practices and procedures of current office concepts with emphasis on human relations and personality development, employment opportunities, telecommunications, word and data processing, filing and records management, and communications skills. Lecture 3 hours per week. SP

IST 149 - Medical Terminology and Coding Procedures (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course is a study of medical terminology and coding procedures as they relate to the office of today. The course includes specialized terminology and coding procedures for medical options. Lecture 3 hours per week. F

IST 225 - Medical Billing and Coding I (5 cr.)

Prerequisite(s): IST 149.

This class is designed to train individuals in all aspects of medical insurance, including plan options, carrier requirements, state and federal regulations, accurately completing claims, and coding diagnoses and procedures. Individuals will develop skills necessary to obtain a position in a physician's office, hospital, or healthcare facility. Lecture 5 hours per week. F

IST 256 - Administrative Transcription (3 cr.)

Prerequisite(s): BUED 103 and IST 126.

Students develop a foundation in medical, legal, and executive transcription utilizing software for the PC. Medical, legal, and executive transcription projects are transcribed from dictation software in the computer lab. Students complete Integrated Office Simulation projects along with calculator speed test. Lecture 3 hours per week. F

IST 268 - Spreadsheet Applications (3 cr.)

Prerequisite(s): IST 100 and ENGR 106 or MATH 02 or placement of MATH 103/153 or higher.

In this course students demonstrate the ability to use Microsoft Excel for basic and advanced functions. Lecture 3 hours per week. F, SP, S

IST 269 - Database Applications (3 cr.)

Prerequisite(s): IST 100 or instructor consent.

This course teaches the use of a database management program with in-depth experience in the development of relational databases. The effective storage of data, creation of table relationships, forms, reports, and a menu driven database are covered. Lecture 3 hours per week. SP

IST 275 - Advanced Medical Billing and Coding (7 cr.)

Prerequisite(s): IST 225.

This course is designed to further train individuals in both inpatient and outpatient coding and links a connection to the billing/reimbursement/collections process. Students go through all steps necessary to code a claim correctly and link the correct CPT and ICD-9-CM codes for reimbursement for various insurance carriers and government entities. This course explains adjustments and how and when to bill patients, and what to do if there is a denial or rejection. Students learn more code-specific information, specialty coding, and the levels of coding. They have the opportunity to use billing software to code from sample forms. Lecture 6 hours per week. SP

IST 285 - Desktop Publishing (3 cr.)

Prerequisite(s): IST 100 or instructor consent.

This one-semester course provides skill development in the electronic procedures of producing and editing publications. Students create, format, illustrate, design, edit/revise, and print publications. Improved productivity of electronically produced newsletters, flyers, brochures, reports, advertising materials, and other publications are emphasized. Proofreading, document composition, and communication competencies are also included. Lecture 3 hours per week. SP

IST 296 – Office Administrative Applications (3 cr.)

Prerequisite(s): IST 126, IST 268, IST 269.

Corequisite(s): IST 197.

This course concentrates on the most important advanced business applications using office applications, including word processing, presentation graphics, spreadsheets, and databases. Emphasis is on hands-on practice to produce mailable and professional integrated office projects. Lecture 3 hours per week. SP

IST 297 - IST Coordinated Internship Project (3 cr.)

The purpose of this supervised on-the-job training course is to provide practical experience, gain knowledge, and develop skill in the many phases of the office environment, or closely related area, for graduating students. The student works a total of 200 hours during which he or she will work with direct supervision from an employer and indirect from an instructor from the Information Systems Technology department in an appropriate business, organization, or professional office environment. Variable hours per week. F, SP, S

Information Technology Specialist

MST 115 – IT Essentials (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

The IT Essentials course covers the fundamentals of computer hardware and software and advanced concepts such as security, networking, and the responsibilities of an IT professional. Upon completion of this course, students may take the CompTIA A+ certification exam. Lecture 3 hours per week. F, SP

MST 117 – Linux Essentials (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course provides the fundamental knowledge and concepts for choosing an operating system, basic information on open source software and licenses, basic understanding of scripting, and learning how to use command lines. Lecture 3 hours per week. F, SP

MST 118 - Networking (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course introduces the architecture, structure, functions, components, and models of the Internet and computer networks. The principles of IP addressing and fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for the curriculum. By the end of the

course, students are able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Upon completion of MST 118 and MST 128, students will be prepared to take the Cisco certification exam. Lecture 3 hours per week. F, SP

MST 128 – Networking: Routing and Switching (3 cr.)

Prerequisite(s): MST 118.

This course describes the architecture, components, and operations of routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality. By the end of this course, students are able to configure and troubleshoot routers and switches and resolve common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Upon completion of MST 118 and MST 128, students will be prepared to take the Cisco® CCENT certification exam. Lecture 3 hours per week. SP

MST 135 – IT Customer Service and Support (3 cr.)

This course covers topics such as customer service, working in an Information Technology department, writing technical reports and presentations, and creating schematic designs for networks. Lecture 3 hours per week. F, SP

MST 197 – Coordinated Internship Project I (3 cr.)

Prerequisite(s): MST 128 with a minimum letter grade of C.

This course is a supervised on-the-job training course that provides practical experience in a microcomputer support system or closely related area for graduating students. Students work in a 120-hour training cycle during which he/she will work with direct supervision from an employer and indirect supervision from an instructor from the Business/IST department in an approved business organization or professional environment. Students also prepare for an industry-recognized certification exam. This is the first internship for the AAS IT Specialist degree program. Variable hours per week. SP

MST 217 - Network Security (3 cr.)

This course is designed to expand networking student's basic network and operating system skills to include planning, implementing, and auditing of a system's security. The course covers various aspects of designing and implementing a secure network for both home and office. Lecture 3 hours per week. F, SP

MST 218 – Server Administration (3 cr.)

Prerequisite(s): MST 128 with a minimum grade of a C.

This course gives students in-depth coverage of the 70-410 certification exam objectives and focuses on the skills needed to install and configure Windows Server 2012/R2. After finishing the course, the student will have in-depth knowledge of Windows Server 2012/R2, including installation, local and remote management, file and storage services, Active Directory, group policies, TCP/IP, networking services, and Hyper-V virtualization. Both the original release of Windows Server 2012 and the R2 release are covered. Lecture 3 hours per week. F

MST 219 - Advanced Server Administration (3 cr.)

Prerequisite(s): MST 218 with a minimum letter grade of C.

This course gives an in-depth coverage of the 70-411 certification exam objectives and focuses on the skills needed to administer Windows Server 2012/R2. After finishing this course, students will have an in-depth knowledge of Windows Server 2012/R2, including server deployment and maintenance, advanced file services, server monitoring, remote access, Network Policy Server, Active Directory, and DNS. Both the original release of Windows Server 2012 and the R2 release are covered. Lecture 3 hours per week. SP

MST 225 – Scaling Networks (3 cr.)

Prerequisite(s): MST 128 with a minimum letter grade of C.

This course describes the architecture, components, and operations of routers and switches in a large and complex network. Students learn how to configure routers and switches for advanced functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with OSPF, EIGRP, STP, and VTP in both IPv4 and IPv6 networks. Students also develop the knowledge and skills needed to implement DHCP and DNS operations in a network. Upon

completion of MST 225 and MST 226, students will be prepared to take the Cisco® CCNA certification exam. Lecture 3 hours per week. F

MST 226 – Connecting Networks (3 cr.)

Prerequisite(s): MST 225 with a minimum letter grade of C.

This course discusses the WAN technologies and network services required by converged applications in a complex network. The course enables students to understand the selection criteria of network devices and WAN technologies to meet network requirements. Students learn how to configure and troubleshoot network devices and resolve common issues with data link protocols. Students also develop the knowledge and skills needed to implement IPsec and virtual private network (VPN) operations in a complex network. Upon completion of MST 225 and MST 226, students will be prepared to take the Cisco® CCNA certification exam. Lecture 3 hours per week. F

MST 227 - IT Programming (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

In this first programming course, students construct programs to solve problems and explore program development in a Windows environment. Lecture 3 hours per week. F

MST 235 – IT Practicum and Survey (3 cr.)

In this course, students solve various IT issues utilizing skills covered throughout the IT Specialist program. Emphasis for this course will be network design, implementation, and maintenance. Lecture 3 hours per week. SP

MST 297 - Coordinated Internship Project II (3 cr.)

Prerequisite(s): MST 197 with a minimum letter grade of C.

This course is a supervised on-the-job training course that provides practical experience in a microcomputer support system or closely related area for graduating students. Students work in a 120-hour training cycle during which he/she will work with direct supervision from an employer and indirect supervision from an instructor from the Business/IST department in an approved business organization or professional environment. This is the final internship for the AAS IT Specialist degree program. Variable hours per week. SP

Manufacturing Technology

MAFT 119 – Robotics I (3 cr.)

Corequisite(s): ELEC 115.

This course provides an introduction to industrial robotics and applications. The student is introduced to the basics of robotics programming, robot safety, the multi-axis coordinate system, the teaching pendant, robot commands, robotic vision, and robot simulation software. The course focuses on the use of robots in an industrial setting. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP, S

MAFT 215 – Mechatronics Capstone (3 cr.)

Prerequisite(s): ELEC 216, MAFT 119.

Corequisite(s): MAFT 219.

This project-based course enables students to apply knowledge and skills acquired in previous semesters. Through integration of technologies, students plan, design, construct, program, test, evaluate, and improve industrial control systems to include robotics and process controls. Students are required to incorporate electricity and electronics systems, fluid power systems, mechanical systems, motor controls and motor drives, programmable controller systems, as well as robotics in capstone projects. Lecture 3 hours per week. F, SP

MAFT 219 – Robotics II (3 cr.)

Prerequisite(s): MAFT 119.

Corequisite(s): ELEC 117.

This course is a continuation of Robotics I and includes a study of the use of robotic technologies integrated with fluid power, industrial electronics, and programmable logic controllers technologies. The student is introduced to the advanced robotics programming, with emphasis on the integration and coordination of robotic programming and motion with other control circuits

and technologies found in many emerging manufacturing and industrial facilities. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F, SP

MAFT 228 - Quality Assurance Fundamentals (3 cr.)

This course provides an introduction to management of quality control systems. Course includes study of recordkeeping, standards, sampling, and cost as related to quality control applications. Different techniques used in quality control will be covered. Use of computers for data collection, analysis, and reporting is emphasized. Fundamental aspects of quality control with an emphasis on basic statistics will be included. Lecture 3 hours per week. SP

MAFT 229 - Introduction to Safety and Health Programs (3 cr.)

This course provides a broad overview of all components of an occupational safety and health program. Terminology specific to the field of study is addressed. The class emphasizes hazard identification and control. Requirements for effective management of occupational safety and health are included along with identifying applicable regulations. Lecture 3 hours per week. SP

MAFT 235 - Manufacturing Processes (3 cr.)

This course includes a study of materials and processes used in the manufacture of hard consumer goods. Forming, separating, fabricating, conditioning, and finishing of metallic, plastic, ceramic, and composite materials is emphasized. Specific manufacturing techniques such as learn manufacturing, just-in-time manufacturing, plant layout, and others are also examined. Terminology, new emerging technologies, and the effects of manufacturing on society are also addressed. Lecture 3 hours per week. F

MAFT 255 - Hydraulics and Pneumatics (3 cr.)

This introductory course defines the core concepts of fluid power systems. Fluid power circuit symbols and identification of components along with their function are addressed in the course. Development of skills necessary for interpreting fluid power circuits and analyzing circuit function are a focus for student learning. Lecture 3 hours per week. F

MAFT 267 - Automated Manufacturing Systems (3 cr.)

Corequisite(s): ELEC 216 or instructor consent.

This course is a software-based study of advanced manufacturing processes and systems, including computer integrated manufacturing. Key activities include PLC software applications and product manufacture by computer simulation. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. SP

Marketing

MKTG 115 - Principles of Marketing (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of the marketing process in a dynamic environment. The course focuses on the needs of consumers and their buying behavior based on the marketing mix and the process of distribution. The course further identifies the various advertising media and how these mediums are used to promote products and services and the ethical consequences of marketing in the economy. Lecture 3 hours per week. SP

MKTG 118 - Retail Merchandising (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course is a study of general retailing principles, procedures, and mathematical computations for retail buying and merchandising. Concepts covered include an in-depth study of the components of a budget, retail financial planning, and channel operations. Lecture 3 hours per week. F

MKTG 119 - Advertising (3 cr.)

This course should be completed in the first Spring semester the student attends Three Rivers College. Students discuss and develop advertising pertaining to Merchants Showcase, which include radio, newspaper, and television. Students hear proposals and then discuss budgeting aspects. Students are required to attend weekly meeting for Marketing Management Association (Collegiate DECA), of which students are members. Lecture 3 hours per week. SP

MKTG 128 - Professional Selling (3 cr.)

This course is a study of the marketing competencies for professional selling. Concepts covered include selling as a profession, the steps in the selling process, relationship selling, and the relationship selling process. Lecture 3 hours per week. SP

MKGT 297 - Internship (3 cr.)

Prerequisite(s): BMGT 105 and a minimum of 24 semester hours of credit in the Business Management degree program.

This course is a study of generally accepted professional work behavior. Concepts covered include recognizing individual strengths and weaknesses, resume and cover letter writing, and interviewing techniques. Each student enrolled in this class is required to complete a 180-hour internship, which provides an opportunity to develop occupational skills through on-the-job work experience. Students are encouraged to attend bimonthly Collegiate DECA Meetings. Variable hours per week. SP

Mass Communication

MCOM 101 - Mass Communication and Society (3 cr.)

Prerequisite(s): READ 02 or reading placement of ENGL 111.

This course provides an overview of the evolution of mass communication and discusses developments and challenges related to mass media as an economic industry and as agents of societal change. Print, electronic, and digital forms of media, including media content, will be examined. The effects that media have on politics, law, globalization, and ethics are also addressed. The course aims to help students become more knowledgeable consumers of media content and improve their own media literacy skills. Lecture 3 hours per week.

Mathematics

MATH 02 – Transitional Math (4 cr.)

Prerequisite(s): READ 01 or Reading placement of READ 02 and appropriate math placement.

Corequisite(s): ACAD 101.

A course designed to develop the student's knowledge of fundamental operations with integers, fractions, decimals, percentages, ratios, and proportions. Students learn to interpret graphs, simplify algebraic expressions, solve equations, and perform unit conversions. Lecture 4 hours per week. F, SP, S

MATH 103 – Intermediate Algebra (4 cr.)

Prerequisite(s): MATH 02.

A course designed to teach students how to perform basic operations on polynomials, rational expressions, and roots. Students learn to solve polynomial equations by factoring along with techniques for solving equations containing rational expressions and roots. Students will apply basic techniques for solving and graphing linear equations. Lecture 4 hours per week. F, SP, S

MATH 153 – Intermediate Algebra (4 cr.)

Prerequisite(s): Placement of MATH 153.

A course designed to teach students how to perform basic operations on polynomials, rational expressions, and roots. Students learn to solve polynomial equations by factoring along with techniques for solving equations containing rational expressions and roots. Students will apply basic techniques for solving and graphing linear equations. Lecture 4 hours per week. F, SP, S

MATH 161 – Mathematical Reasoning and Modeling (3 cr.)

 **MOTR MATH 120**

Prerequisite(s): MATH 02 with a minimum grade of C or placement of MATH 161.

The purpose of this course is to provide a comprehensive overview of the skills required to navigate the mathematical demands of modern life and prepare students for a deeper understanding of information presented in mathematical terms. Emphasis is placed on improving students' ability to

draw conclusions, make decisions, and communicate effectively in mathematical situations that depend upon multiple factors. Lecture 3 hours per week. F, SP

MATH 162 – Mathematics for the Elementary Teachers (4 cr.)

Prerequisite(s): MATH 02 with a minimum grade of C or placement of MATH 162.

An introduction to the structure of mathematics, properties of each subset of the real number system, elementary number theory, probability and statistics, and other numeration systems intended for the Elementary Education Teacher. Lecture 4 hours per week.

MATH 163 – College Algebra for Calculus (3 cr.)

 **MOTR MATH 130**

Prerequisite(s): MATH 103 or MATH 153 with a minimum letter grade of C or placement score of MATH 163.

A calculator-oriented course concerned with the properties of the various numbers systems, equations, inequalities, functions, and relations. This course is intended to prepare students for fields of study that require a high level of algebraic reasoning or calculus. Lecture 3 hours per week. F, W, SP, S

MATH 164 – Trigonometry (3 cr.)

Prerequisite(s): MATH 163 with a minimum letter grade of C or currently enrolled in Math 163 or placement of MATH 164.

This course is concerned with the 6 trigonometric functions and identities associated with them. The student learns how to prove or derive an identity, as well as how to solve a conditional trigonometric equation. One component of the course deals with solving right triangles. Another aspect is the conversion of degrees into radians and vice versa. Some applied problems are considered. Lecture 3 hours per week. F, SP

MATH 171 – Analytic Geometry & Calculus I (5 cr.)

Prerequisite(s): MATH 163 and MATH 164 or placement MATH 171.

This course is concerned with how to find the derivative or integral of a function. The process of finding the limit of a function is used to derive the derivative of a function and the definite integral of a function. Limits are also considered in their own right. Applications of differentiation and integration are considered. This course is the first course of a 3-course sequence dealing with calculus and plane analytic geometry. Lecture 5 hours per week. F, SP

MATH 223 – Probability and Statistics (3 cr.)

Prerequisite(s): MATH 163 or MATH 161 with a minimum letter grade of C or placement of MATH 164.

Introduction to the basic concepts of statistics including descriptive measures of location and dispersion, elementary probability distributions, estimation, hypothesis testing, correlation, analysis of variance, and linear regression. In various units of the course, the student utilizes computer statistical software to facilitate the analysis of data. Lecture 3 hours per week. F, SP, S

MATH 271 – Analytic Geometry & Calculus II (5 cr.)

Prerequisite(s): MATH 171 with a minimum letter grade of C.

This course is the second course of a 3-course sequence in calculus and analytic geometry. This course deals with transcendental functions, integration techniques, infinite sequences, infinite series, parametric equations, and polar coordinates. The course considers determining the convergence or the divergence of an infinite series using special mathematical tests, such as the Ratio Test. The student learns how to integrate virtually any function that can be integrated. Special integration techniques, like integration by parts, are used to do this. This class also deals with differentiation and integration of functions that are not rational functions. These include trig functions, logarithmic functions, and exponential functions. Lecture 5 hours per week. F

MATH 272 – Analytic Geometry & Calculus III (5 cr.)

Prerequisite(s): MATH 271 with a minimum letter grade of C.

This course is the third course in a 3-course sequence covering calculus and analytic geometry. This course involves the study of differentiation and integration of functions of more than one independent variable. That is, partial derivatives are studied, along with multiple integration. Operations on vectors both in the xy plane and outside the plane are studied. These

operations include the dot product and the cross product. Differentiation and integration of vector-valued functions are also looked at. Lecture 5 hours per week. SP

Mechanical Drafting

MEDR 135 - Blueprint Reading and Gauging (3 cr.)

An introduction to blueprint reading through a study of the fundamental skills and concepts involved in reading, sketching, and interpreting drawings. Also time is spent in proper use of the basic measuring instruments. Lecture 3 hours per week. SP

MEDR 237 - SolidWorks (3 cr.)

Prerequisite(s): ENGR 110 or instructor consent.

Continued practice in the use of CAD while focusing on parametric modeling concepts and practices. Course includes generation of symbol and preparation of working drawings. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F

MEDR 246 - Computer Aided Machining I (3 cr.)

Prerequisite(s): ENGR 110 or instructor consent.

This is an introduction to CAM (computer-aided-machining) and machining systems to prepare students to operate the system and understand applications of CAM to industrial standards. Students apply use of interactive computer machine tool language to develop CNC part programs, storage, and retrieval of programs and related information. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. SP

Medical Laboratory Technician

MLT 150 – Introduction to Laboratory Science Methods (2 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course orients the student to the concepts encompassed in the laboratory environment, to include safe specimen handling, testing procedures, reporting results, basic quality control, laboratory organization, and professionalism. Lecture 2 hours per week. F

MLT 210 – Immunology (3 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course consists of the principles and theories of antigen and antibody reactions and the immune system as related to diagnostic serologic procedures. Lecture 2 hours/Laboratory 2 hours/Total 4 hours per week. F

MLT 220 – Clinical Chemistry and Urinalysis (5 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course introduces the student to methods of analysis of chemical components found in the human body, the testing methodologies for those constituents and the results as applied to normal and abnormal disease states. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. SP

MLT 250 – Hematology and Coagulation (5 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course studies the cellular structures in blood, normal and abnormal cell development, alterations present in disease, and the mechanisms of coagulation. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F

MLT 260 – Phlebotomy (2 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course covers various procedures in performing venipuncture and other specialized collection techniques in addition to laws and regulations for safe phlebotomy practices. Lecture 1 hour/Laboratory 2 hours/Total 3 hours per week. F

MLT 270 – Immunohematology (5 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course consists of concepts, applications, and discrepancies of blood group testing, screening and crossmatch procedures, and identifying unexpected antibodies. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. SP

MLT 280 – Clinical Microbiology (4 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course consists of the role of pathogenic bacteria and other microorganisms which will include bacterial culturing, differentiation and identification of human normal flora and disease-causing microorganisms. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. SP

MLT 290 – Parasitology, Mycology, Virology (1 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

This course introduces the student to parasites, fungus, and viruses and their role in human health and disease. Lecture 1 hour per week. SP

MLT 291 – Hematology and Coagulation Practicum (2 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

Supervised clinical practice coordinated by the Consortium, in the hematology lab of selected clinical affiliates. Laboratory 4 hours per week. F

MLT 292 – Clinical Chemistry Practicum (2cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

Supervised clinical practice coordinated by the Consortium in the clinical chemistry lab of selected clinical affiliates. Laboratory 4 hours per week. S

MLT 293 – Clinical Microbiology Practicum (2 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

Supervised clinical practice coordinated by the Consortium, in the clinical microbiology lab of selected clinical affiliates. Laboratory 4 hours per week. S

MLT 294 – Immunohematology Practicum (2 cr.)

Prerequisite(s): Admission into the MHPC MLT Program.

Supervised clinical practice coordinated by the Consortium, in the clinical immunohematology lab of selected clinical affiliates. Laboratory 4 hours per week. S

Music

MUSC 01-08 -

Recitals and Concerts (0 cr.)

Students gain listening skills and musical knowledge through attendance at approved recitals and concerts. All applied music students (MUSP) are required to enroll concurrently each semester in this course. F, SP

MUSC 110 - Brass Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for teaching the trombone, French horn, euphonium, and tuba in a beginning instrumental program. Laboratory 2 hours per week. SP

MUSC 120 - Percussion Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for teaching the percussion instruments in a beginning instrumental program. Laboratory 2 hours per week. F

MUSC 123 - History and Appreciation of Music (3 cr.)

MOTR MUSC 100

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

An introductory course designed to enhance the ability to appreciate Western art music. This course includes basic elements of music and artistic characteristics of composers, as well as listening to musical selections in order to identify composers and relevant historical trends. Students assess the cultural and musical content of an approved live musical performance. Lecture 3 hours per week. F, SP, S

MUSC 130 - String Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for teaching the string instruments in a beginning instrumental program. Laboratory 2 hours per week. SP

MUSC 131 - Aural Skills I (1 cr.)

Corequisite(s): MUSC 141.

This course is an aural study of simple and compound meters, intervals, triads, and melodies with harmonic progressions. Singing melodies and counting rhythms. Lecture 1 hour/Laboratory 1 hour/Total 2 hours per week. F

MUSC 132 - Aural Skills II (1 cr.)

Prerequisite(s): MUSC 131 and MUSC 141 or instructor consent.

Corequisite(s): MUSC 142.

This course is a continuation of MUSC 131. Lecture 1 hour/Laboratory 1 hour/Total 2 hours per week. SP

MUSC 140 - Woodwind Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for teaching the saxophone, oboe, bassoon, and flute in a beginning instrumental program. Laboratory 2 hours per week. SP

MUSC 141 - Theory I, Harmony (3 cr.)

Corequisite(s): MUSC 131.

Theory I, Harmony is an introductory course in reading music, learning major and minor scales and key signatures, writing and identifying intervals, knowing what time signatures represent and how that is notated, writing and analyzing major, minor diminished, and Augmented triads, and learning what to expect in common harmonic motion in both major and minor keys. Lecture 3 hours per week. F

MUSC 142 - Theory II, Harmony (3 cr.)

Prerequisite(s): MUSC 141 or instructor consent.

This course is a written study of four-part diatonic harmony, inversion, harmonic motion, and normal progression. Lecture 3 hours per week. SP

MUSC 150 - Functional Piano I (1 cr.)

Prerequisite(s): Instructor consent.

This course is a course focusing on basic piano skills to enable the musician to function in the classroom and studio. Laboratory 2 hours per week. F

MUSC 153 - Functional Piano II (1 cr.)

Prerequisite(s): MUSC 150 or instructor consent.

This course is a continuation of the development of basic functional piano skills. Laboratory 2 hours per week. SP

MUSC 170 - Guitar Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for incorporating the guitar into the elementary music classroom or to implement a beginning guitar program at the secondary level. Laboratory 2 hours per week. F

MUSC 180 - Trumpet Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for teaching the trumpet in a beginning instrumental program. Laboratory 2 hours per week. F

MUSC 190 - Clarinet Techniques (1 cr.)

Prerequisite(s): Instructor consent.

Students develop the knowledge and skills necessary for teaching the clarinet in a beginning instrumental program. Laboratory 2 hours per week. F

MUSC 210 - Diction for Singers (2 cr.)

Prerequisite(s): MUSP 111 or MUSP 112 or instructor consent.

This is a fundamental course designed to acquaint the student with the International Phonetic Alphabet and its application in the vocal music setting. Focus will be on English, Italian, French, and German diction as demonstrated through both speaking and singing. Lecture 2 hours per week. SP

MUSC 220 - Basic Conducting (2 cr.)

Prerequisite(s): Instructor consent.

This is an introduction to basic conducting techniques both with and without a baton. Emphasis is on acquiring skills necessary to elicit the desired musical

response from a conducted ensemble. For vocal and instrumental majors. Lecture 2 hours per week. F

MUSC 221 - Music Literature I (3 cr.)**MOTR MUSC 103**

Prerequisite(s): MUSC 141 or instructor consent.

A survey of music literature in Western civilization from the Middle Ages to the Baroque era with emphasis on form and style. Designed for music major and minors. Lecture 3 hours per week. F

MUSC 222 - Music Literature II (3 cr.)**MOTR MUSC 104**

Prerequisite(s): MUSC 141 or instructor consent.

A survey of music literature in Western civilization from the Classical to the 20th century with emphasis on form and style. Designed for music majors and minors. Lecture 3 hours per week. SP

MUSC 231 - Aural Skills III (1 cr.)

Prerequisite(s): MUSC 132 and MUSC 142 or instructor consent.

Corequisite(s): MUSC 241.

Aural study of simple and compound meters, melodic and harmonic intervals, and triads and melodies with harmonic progressions. Singing major and minor melodies with skips in the tonic, dominant, and dominant seventh chords, and counting simple and compound rhythms, including borrowed beat divisions, syncopation, subdivided beats, and beats of the half and eighth note. Laboratory 2 hours per week. F

MUSC 232 - Aural Skills IV (1 cr.)

Prerequisite(s): MUSC 231 and MUSC 241 or instructor consent.

Corequisite(s): MUSC 242.

Aural study of simple and compound meters, melodic and harmonic intervals, and triads and melodies with harmonic progressions. Singing major and minor melodies with skips in the dominant, subdominant, supertonic and dominant seventh chords, modal melodies and melodies with chromatic alterations, and counting rhythms including hemiola, asymmetrical meters and mixed meters. Lecture 1 hour/Laboratory 1 hour/Total 2 hours per week. SP

MUSC 241 - Theory III, Harmony (3 cr.)

Prerequisite(s): MUSC 142 or instructor consent.

Corequisite(s): MUSC 231.

The course is a continuation of Music Theory I and II. The content includes a study of musical form through analysis of cadences, phrases, and periods, as well as written study of four-part harmonic motions in root position and inversion, including all diatonic seventh chords, secondary triads, part writing from a figured bass, shift of mode, tonicization and modulation. Lecture 3 hours per week. F

MUSC 242 - Theory IV, Harmony (3 cr.)

Prerequisite(s): MUSC 241 or instructor consent.

Corequisite(s): MUSC 232.

This course covers harmonic analysis of selected music literature from the Baroque, Classical, and Romantic periods, augmented sixth chords, the Neapolitan triad, and an introduction to analytical techniques as applied to 20th century music. Lecture 3 hours per week. SP

MUSC 250 - Functional Piano III (1 cr.)

Prerequisite(s): MUSC 153 or instructor consent.

This course is a continuation of the development of basic functional piano skills. Laboratory 2 hours per week. F

MUSC 253 - Functional Piano IV (1 cr.)

Prerequisite(s): MUSC 250 or instructor consent.

This course is a continuation of the development of basic functional piano skills. Laboratory 2 hours per week. SP

MUSC 1011-1018 - Three Rivers Symphonic Band (1 cr.)

MOTR PERF 1020

Prerequisite(s): Audition with instructor.

Instrumental ensemble emphasizing performance of all types of wind ensemble music. Membership is open to all TRC students and community members regardless of major. Performance scholarships are available by audition. Laboratory 3.5 hours per week. F, SP

MUSC 1021-1028 - Three Rivers Jazz and Pep Band (1 cr.)

MOTR PERF 102B

Prerequisite(s): Audition with instructor.

Students enrolled in jazz/pep band gain practical musical experience working in various instrumental combinations and styles and acquire training in jazz musicality, phrasing, improvisation, and ensemble playing primarily as it has to do with important composers from the jazz realm (but also rock, funk, Afro-Cuban, Afro-beat, etc.). Members are assessed through the rehearsal and public performance of both newly written and classic works for large and small jazz ensemble. Laboratory 3 hours per week. F, SP

MUSC 1031-1038 - Three Rivers Chorus (1 cr.)

MOTR PERF 102C

The non-auditioned choir is open to all students with musical ability and/or prior choral experience. The group presents at least one public performance each semester comprised of music in variety of styles from different historical periods. Laboratory 3 hours per week. F, SP

MUSC 1041-1048 - Three Rivers Swingsations (1 cr.)

Prerequisite(s): Audition with instructor.

The auditioned choir is open to students with demonstrated musical ability and prior choral experience. The group presents at least one public performance each semester comprised of music in variety of styles from different historical periods. Laboratory 3 hours per week. F, SP

MUSC 1131-1138 - Small Ensemble (1 cr.)

Prerequisite(s): Instructor consent.

Small Ensemble emphasizes performance of all types of ensemble music.

MUSIC-PRIVATE INSTRUCTION

MUSP courses are offered as private lessons by arrangement with the instructor. Consent of instructor is a prerequisite for all private instruction music courses. One 25-minute lesson a week is offered for one credit hour per semester; one 50-minute lesson a week is offered for two credit hours per semester. Private lessons cost \$115 per credit hour plus maintenance fees. This is a nonrefundable fee. A minimum of five practice hours per week per semester hour credit and performance on an examination recital are required. Music majors may apply a maximum of 8 credit hours of private instruction toward the Associate of Arts degree. Non-music majors will be limited to 4 credit hours of private instruction toward the Associate of Arts degree. May be repeated for credit. F, SP

MUSP 1011-1018	Private Piano (1 cr.)
MUSP 1021-1028	Private Piano (2 cr.)
MUSP 1111-1118	Private Voice (1 cr.)
MUSP 1121-1128	Private Voice (2 cr.)
MUSP 1211-1218	Private Guitar (1 cr.)
MUSP 1221-1228	Private Guitar (2 cr.)
MUSP 1311-1318	Private Organ (1 cr.)
MUSP 1321-1328	Private Organ (2 cr.)
MUSP 1411-1418	Private Woodwind (1 cr.)
MUSP 1421-1428	Private Woodwind (2 cr.)
MUSP 1511-1518	Private Brass (1 cr.)
MUSP 1521-1528	Private Brass (2 cr.)
MUSP 1611-1618	Private Percussion (1 cr.)
MUSP 1621-1628	Private Percussion (2 cr.)
MUSP 1711-1718	Music Composition (1 cr.)
MUSP 1721-1728	Music Composition (2 cr.)
MUSP 1811-1818	Electronic Music (1 cr.)
MUSP 1821-1828	Electronic Music (2 cr.)

Nursing

NURS 108 - LPN to RN Bridge (4 cr.)

Prerequisite(s): MATH 103/153, ENGL 111, BIOL 231, and GOVT 121.

This course transitions the Licensed Practical Nurse (LPN) into the Associate Degree Nursing Program. Students gain understanding of the role of the professional nurse. This course focuses on the development of critical thinking and clinical reasoning strategies. Students build upon previously learned knowledge and skills while learning introductory medical surgical concepts. Lecture 4 hours per week.

NURS 109 - Critical Thinking in Nursing (2 cr.)

Prerequisite(s): MATH 103/153, ENGL 111, BIOL 231, and GOVT 121.

Corequisite(s): NURS 116.

In this course, students explore concepts foundational to the development of critical thinking and clinical reasoning strategies. Focus is given to assembling these tools to be used in combination of gained knowledge to be a safe, competent nurse. Lecture 2 hours per week.

NURS 116 - Foundations of Nursing (7 cr.)

Prerequisite(s): MATH 103/153, ENGL 111, BIOL 231, and GOVT 121.

Corequisite(s): NURS 109.

In this course, the student is introduced to the basic concepts of nursing that create the foundation of the art and science of nursing practice. Emphasis is placed on the middle to older adult patient by introducing basic knowledge, skills, and attitudes. The student begins to utilize critical thinking in the clinical setting to safely care for the middle to older adult patients. Lecture 3.25 hours/Laboratory-Clinical 11.25 hours/Total 14.5 hours per week.

NURS 128 - Mental Health Nursing (3 cr.)

Prerequisite(s): NURS 109, NURS 116, and BIOL 232.

This course provides students with an introduction to concepts related to mental health. A focus is placed on providing evidence-based care to promote health of clients with mental disorders. Strategies for safe and therapeutic care are applied in the clinical setting. Lecture 2.25 hours/Clinical 2.25 hours/Total 4.5 hours per week.

NURS 129 - Medical Surgical Nursing I (6 cr.)

Prerequisite(s): NURS 109, NURS 116, and BIOL 232.

In this course students build upon previously learned knowledge and skills while learning introductory medical surgical concepts. Students use the nursing process to provide safe care for the patient with alterations in introductory medical surgical concepts. Students gain an understanding of the various roles in the healthcare team. Lecture 3.5 hours/Laboratory-Clinical 7.5 hours/ Total 11 hours per week.

NURS 135 - Pharmacology for Nurses (3 cr.)

Prerequisite(s): NURS 109, NURS 116, and BIOL 232.

In this course students establish a knowledge base of major drug classifications. The course focuses on pharmacotherapeutics with an emphasis on drug action, therapeutic effect, indications, contraindications, potential adverse reactions, and nursing implications for administration. Lecture 3 hours per week.

NURS 218 - Maternal and Child Health Nursing (3 cr.)

Prerequisite(s): NURS 128, NURS 129, and NURS 135.

This course focuses on the nurse's role in the care of the family, encompassing sexuality, reproduction, and development. The student utilizes the nursing process in assisting patients and their families to achieve or maintain their optimal level of wellness. The student applies pharmacological principles, focusing on safe dose medication ranges for the pediatric patient. Lecture 2.25 hours/Laboratory-Clinical 2.25 hour/Total 3 hours per week.

NURS 219 - Medical Surgical Nursing II (7 cr.)

Prerequisite(s): NURS 128, NURS 129, and NURS 135.

In this course students build upon previously learned knowledge and skills while learning advanced medical surgical concepts. Students use the nursing process to manage safe care for the patient with alterations in advanced medical surgical concepts. Students demonstrate an understanding of various roles in the healthcare team. Lecture 4.75 hours/Laboratory-Clinical 6.75/Total 11.5 hours per week.

NURS 238 - Medical Surgical Nursing III (5 cr.)

Prerequisite(s): NURS 218, NURS 219, and PSYC 243.

Corequisite(s): NURS 245.

In this course students build upon previously learned knowledge and skills while learning additional advanced medical surgical concepts. Students evaluate care and predict responses for patients with alterations in advanced medical surgical concepts. Students learn to be an effective member of the healthcare team. Lecture 4 hours/Clinical 6 hours/Total 10 hours per week.

NURS 239 – Preceptor in Nursing (3 cr.)

Prerequisite(s): NURS 218 and NURS 219.

This course incorporates previous knowledge, skills, clinical decision-making, and professional behaviors students have acquired throughout their nursing education. In this course, the student is provided the opportunity to synthesize new knowledge, apply previous knowledge, and gain experience managing the workflow in complex nursing situations through a variety of settings. Clinical 9 hours per week.

NURS 245 – Transition into Professional Nursing (4 cr.)

Prerequisite(s): NURS 218 and NURS 219.

Corequisite(s): NURS 238.

In this course, concepts are covered that assist students to transition into their role as professional nurses. The focus is placed on leadership and recognizing the nurse's role in improving quality processes that affect patient outcomes in the healthcare system. The course also prepares the student for success on the NCLEX-RN examination. At the completion of this course, the student will participate in a live NCLEX-RN review session. Hybrid-blended course. Lecture 4 hours per week.

Occupational Therapy

OTA 200 – Foundations of Occupational Therapy (4 cr.)

Prerequisite(s): One-Year Certificate Pre-Occupational Therapy Assistant; accepted admission into OTA program with a minimum GPA of 2.5.

This course presents an introduction to occupational therapy; including history, philosophical base, values, ethics, practice framework, and clinical reasoning. Students will learn selected theories and frames of reference as they pertain to interventions in mental health, physical disabilities, pediatrics, and community practice areas. An overview of the occupational therapy process, including assessment, treatment planning, treatment implementation, and discontinuation of intervention will be presented. Role delineation and collaboration of the occupational therapy assistant with other occupational therapy and health care personnel are discussed. Lecture 3 hours/Laboratory 3 hour/Total 6 hours per week.

OTA 205 – Medical Conditions in Occupational Therapy (3 cr.)

Prerequisite(s): One-Year Certificate Pre-Occupational Therapy Assistant; accepted admission into OTA program with a minimum GPA of 2.5.

This course will provide a framework for students to learn about common medical conditions seen by occupational therapy practitioners and to facilitate learning of these conditions from an occupational therapy perspective. It is not intended to emphasize treatment of a *diagnosis*, however students will learn about specific factors unique to given conditions that may impact an individual's occupational roles and functions. These factors must be understood and analyzed regarding the relative impact on the individual's occupational performance. The knowledge gained from this course is a necessary prerequisite to *Physical Disabilities Practice*. Lecture 3 hours per week.

OTA 210 – Analysis of Occupations (2 cr.)

Prerequisite(s): One-Year Certificate Pre-Occupational Therapy Assistant; accepted admission into OTA program with a minimum GPA of 2.5.

This course is designed to foster a beginning exposure to individuals experiencing a variety of physical or mental disabilities, including caregivers of individuals with disabilities, through community experiences. Through these experiences, students will develop skills in observation, analysis, interview, assessment and data collection, and relational skills. Students will complete writing assignments with an emphasis on their observations, analysis, and performance of human occupation across the lifespan, with an emphasis on contextual factors impacting occupational performance. Through the written assignments, students will learn the style of professional

writing required for OTAs. Professional and therapeutic relationships will be emphasized throughout the course. Lecture 1 hour/Laboratory 3 hours/Total 4 hours per week.

OTA 215 – Mental Health and Psychosocial Practice (4 cr.)

Prerequisite(s): One-Year Certificate Pre-Occupational Therapy Assistant; accepted admission into OTA program with a minimum GPA of 2.5.

This course presents the role of the occupational therapy assistant in the psychosocial area of Occupational Therapy practice. Students will learn selected frames of reference, and explore the effects of psychosocial dysfunction on areas of occupation. Students will learn skills necessary to assess, implement and document intervention in a variety of mental health settings. Client factors, including culture and diversity, therapeutic interactions and methods are studied. Students will develop skills in administering individual and group interventions, professional communication, conflict negotiation, and advocacy. Lab activities, in-class activities, and Level I fieldwork opportunities will enable students to participate in and apply psychosocial principles to practice. Lecture 3 hours/Clinical 4 hours/Total 7 hours per week.

OTA 220 – Pediatric and Adolescent Practice (4 cr.)

Prerequisite(s): One-Year Certificate Pre-Occupational Therapy Assistant; accepted admission into OTA program with a minimum GPA of 2.5.

Treatment of pediatric and adolescent conditions. Normal and delayed development of the infant, child, and adolescent are explored. The lab component incorporates theoretical principles and provides opportunities for students to develop assessment, intervention planning and implementation, and documentation skills to address a range of childhood sensory-motor, cognitive, and psychosocial performance deficits. Students will learn to adapt the environment, tools, materials, and occupations to meet the self-care, work/play, and leisure needs of the pediatric and adolescent population. Lab activities, site visits and Level I fieldwork opportunities will enable students to participate in and apply pediatric and adolescent treatment principles to practice. Lecture 3 hours/Laboratory 3 hours/Clinical 4 hours/Total 10 hours per week.

OTA 250 – Functional Kinesiology (2 cr.)

Prerequisite(s): OTA 200, OTA 205, OTA 210, OTA 215, and OTA 220.

In this course, students use and apply their knowledge of anatomy and physiology to study muscle groups and their function relative to performing various activities. Analysis of functional movement patterns required for work, self-care, play, and leisure activities is emphasized. Principles and techniques of manual muscle testing and range of motion are practiced, specifically as they relate to the impact on daily activities. Principles of energy conservation, joint protection, and work simplification are presented. Prevention, health maintenance, and safety procedures relevant to functional activities are reviewed. Lecture 1 hour/Laboratory 3/Total 4 hours per week.

OTA 255 – Physical Disabilities Practice (4 cr.)

Prerequisite(s): OTA 200, OTA 205, OTA 210, OTA 215, and OTA 220.

This course provides in-depth opportunities for students to develop assessment, intervention planning, intervention, and documentation skills to address a wide range of adult and geriatric physical disabilities and conditions typically treated by occupational therapy and occupational therapy assistants. Topics include, but are not limited to, stroke, spinal cord injury, fractures and joint replacement, head injury, and cardiopulmonary disorders. The use of splinting, orthotics, modalities, and assistive technology in treatment will also be presented. Students will learn to adapt the environment, tools, materials, and occupations to meet the self-care, work, play, and leisure needs of the adult and geriatric population. Lab activities and Level I fieldwork opportunities will enable students to participate in and apply physical disabilities treatment principles to practice. Lecture 3 hours/Laboratory 3 hours/Clinical 4 hours/Total 10 hours per week.

OTA 260 – Community Practice (3 cr.)

Prerequisite(s): OTA 200, OTA 205, OTA 210, OTA 215, and OTA 220.

Site visits and Level I fieldwork opportunities will enable students to participate in and apply occupational therapy assessment and intervention principles to a wide range of community settings including vocational, vocational rehabilitation, home health, and emerging community practice areas. Emphasis will be on community settings in the students' state and

geographic region. The course also provides a broad exposure to the social, political, legislative, economic and cultural factors that influence service delivery. Lecture 3 hours/Clinical 3 hours/Total 6 hours per week.

OTA 265 – Ethics, Management, and Leadership (3 cr.)

Prerequisite(s): OTA 200, OTA 205, OTA 210, OTA 215, and OTA 220.

This course focuses on the OTA role in managing and directing occupational therapy services. It covers ethical provision of services, departmental operations, program development, supervisory requirements, personnel development and supervision, professional team building, quality assurance, compliance with regulations, reimbursement, and national and state credentialing requirements. Techniques for developing a resume and job interview skills are practiced. The importance and responsibility for on-going OTA professional development, ethical practice, contributing to research and evidence based practice, attention to emerging practice issues and areas, and international perspectives are explored. Lecture 3 hours per week.

OTA 270 – Professional Skills (3 cr.)

Prerequisite(s): OTA 200, OTA 205, OTA 210, OTA 215, and OTA 220.

This course is designed to foster practical professional skills in critical thinking, using literature to make evidence-based practice decisions and recommendations, and using theory to guide practice, all through the completion of a professional portfolio. Lecture 3 hours per week.

OTA 290 – Level II Fieldwork A (8 cr.)

Prerequisite(s): OTA 250, OTA 255, OTA 260, OTA 265, and OTA 270.

Full-time clinical fieldwork experience in mental health, physical disabilities, geriatric, pediatric and/or community-based practice working under the supervision of an OTR and/or COTA. Focus is on achieving entry-level competence in planning and implementing interventions.

OTA 295 – Level II Fieldwork B (8 cr.)

Prerequisite(s): OTA 250, OTA 255, OTA 260, OTA 265, and OTA 270.

Full-time clinical fieldwork experience in mental health, physical disabilities, geriatric, pediatric and/or community-based practice working under the supervision of an OTR and/or COTA. Focus is on achieving entry-level competence in planning and implementing interventions.

Philosophy and Religion

PHIL 200 – Introduction to Philosophy (3 cr.)

MOTR PHIL 100

Prerequisite(s): ENGL 111 or equivalent.

Introduction to Philosophy provides an introduction to the basic concepts of metaphysics, knowledge, ethics, and politics based on selections from written works of notable philosophers. Students apply philosophical principles in a personal worldview and debate a variety of philosophical ideas and viewpoints. Lecture 3 hours per week. F, SP, S

PHIL 223 – Introduction to Biblical Studies (3 cr.)

Prerequisite(s): ENGL 111 or equivalent.

This course is a survey of the literature of the Bible, both Old and New Testaments, as the representation of a viable faith-based belief system. Students apply biographical, cultural, and historical contexts while they conduct literary research and evaluate and analyze various works within the canon. Lecture 3 hours per week. F, SP, S

PHIL 233 – Ethics (3 cr.)

MOTR PHIL 102

Prerequisite(s): ENGL 111 or equivalent.

Ethics is an introductory survey of the major philosophers and theories in the field of ethics. Students, through reading, writing, and group discussion, demonstrate how ethical philosophies apply to contemporary ethical situations, evaluate the possible outcomes of different ethical choices, and compose a personal ethical worldview. Lecture 3 hours per week. SP

PHIL 243 – Religions of the World (3 cr.)

MOTR RELG 100

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Religions of the World provides students with an introduction to today's five major religions: Hinduism, Buddhism, Islam, Judaism, and Christianity. Through reading, writing, and discussion, students recognize the importance of religion in human culture; identify the history, teachings, writings, and theologies of the selected religions; compare religions in terms of their comprehensive theologies; and demonstrate a critical appreciation of each faith studied. Lecture 3 hours per week. F, W, SP, S

Physics

PHYS 100 – Survey of Physics (3 cr.)

MOTR PHYS 100

Prerequisite(s): MATH 02 or ENGR 106

This course provides a study of the technical principles and applications of the basic laws of physics. Key terms and concepts applicable to physics are addressed. Problem-solving skills are also a focus for the course. This course is not open to students with credit in PHYS 101. Lecture 3 hours per week. F, SP

PHYS 101 – Physical Science (5 cr.)

MOTR PHYS 110L

Prerequisite(s): MATH 02 or placement of MATH 153.

Corequisite(s): Intermediate Algebra (MATH 103/153) or instructor consent.

The course provides a study of basic concepts of physics, chemistry, astronomy, geology, and meteorology and their interrelation in the physical world. The course includes a laboratory experience. The course is intended for non-science majors only. The course requires a basic understanding of elementary algebra. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F, SP, S

PHYS 150 – Environmental Geology (4 cr.)

This course provides an introduction to the relationship between geology, life, and society. The course explores the fundamental concepts of environmental geology, which includes Earth's systems, hazardous Earth processes, scientific knowledge and values, human population growth, and sustainability. Lecture 3 hours per week. F

PHYS 211 – General Physics I (5 cr.)

MOTR PHYS 200L

Prerequisite(s): MATH 171.

Corequisite(s): MATH 271.

This course is the first of a rigorous 2-course sequence in calculus-based physics for all science and engineering majors expecting to transfer to a four-year college or university. It may also be taken to transfer to other college or university programs requiring introductory physics. It covers the topics of properties of matter, mechanics, oscillation, and waves. The course requires prior completion of an introductory course in differential and integral calculus. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. F

PHYS 212 – General Physics II (5 cr.)

Prerequisite(s): PHYS 211.

Corequisite(s): MATH 272.

This course is the second of a rigorous 2-course sequence in calculus-based physics for all science and engineering majors expecting to transfer to a four-year college or university. It may also be taken to transfer to other college or university programs requiring introductory physics. It covers the topics of waves, light, electricity, and magnetism. The course requires prior completion of an introductory course in differential and integral calculus. Lecture 4 hours/Laboratory 2 hours/Total 6 hours per week. SP

Plumbing

PLUM 105 – Basic Plumbing (3 cr.)

Fundamentals of plumbing are explored in this course. Study of the industry survey, occupational information, and career information. Occupational hazards, along with health and safety practices as they relate to applicable local, state, and national regulations are studied. This course develops knowledge and skills in the fundamentals of plumbing, mathematics, and elementary drawings for beginners. Instruction is given in the principles and design of water supply and distribution. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP

PLUM 106 – Plumbing Materials and Methods (3 cr.)

This course emphasizes principles of sizing and layout of hot and cold water systems, sanitary waste and vent systems, selection and specification of fixtures, and plumbing system accessory devices. Instruction is given in layout procedures involving applied mathematics concerning the plumbing trades. Instruction is given in both layout and design criteria. This course covers introductory fabrication and erection of plumbing systems. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP

PLUM 107 – Plumbing Construction (3 cr.)

This course provides students with practical experience in the safe installation of drain, waste, and vent piping systems, residential plumbing fixtures, and appliances. This course provides students with the technical understanding and skills in blueprint reading needed by plumbers. Topics include drawing interpretation, isometric sketches of piping installations, and sketching mechanical plans of piping for residential construction. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. F, SP

PLUM 115 – Plumbing II (3 cr.)

Prerequisite(s): PLUM 105, PLUM 106, and PLUM 107 or instructor consent.
This course provides students with the technical knowledge and skills for completing copper and cross-linked polyethylene (PEX) piping procedures. Topics include safety, appropriate usage, properties of copper/PEX, sizes and weights of pipe, tubing, and fittings including flared and compression types, soldering and brazing techniques for copper pipe-work and PEX crimp fittings. Additionally, this course provides students with an understanding and skills for completing plastic piping procedures. Topics include safety, joining drainage, waste, vent, water, and distribution piping, chemical usage, and applicable codes for plastic piping procedures. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. SP

PLUM 116 – Basic Electrical Technology for Plumbing (3 cr.)

Prerequisite(s): PLUM 105, PLUM 106, and PLUM 107 or instructor consent.
This course provides students with knowledge and skill in the areas of electrical safety, electrical terminology, and the use of a meter to measure voltage, current, and resistance. This course also covers types of wire, wire sizing, wiring methods, and problem-solving with Ohm's Law. Instruction is provided in sizing wire, proper grounding methods, single-phase and three-phase circuits, circuit breakers, and fuses. Students practice methods of stripping, splicing, and terminating wires for installation of common appliances requiring electricity, such as a garbage disposal or water heater. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. SP

PLUM 215 – Plumbing III (3 cr.)

Prerequisite(s): PLUM 105, PLUM 106, and PLUM 107 or instructor consent.
This course includes basic pipe-fitting projects, including proper assembly, measurement, and testing of all piping systems. Lab activities include fixture installations such as wall-hung lavatories, water closets, bathtub installations, and kitchen sink installations. This course also provides students with skills for completing steel pipe and corrugated stainless steel gas pipe procedures. Topics include appropriate usage, fittings, safety, tools, equipment, and skill development in cutting, threading, fabricating steel piping systems, and termination of corrugated stainless steel piping. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. SP

PLUM 216 – Plumbing System Service and Repair (3 cr.)

Prerequisite(s): PLUM 115, PLUM 116, and PLUM 215 or instructor consent.
This course focuses on proper methods of repairing all forms of plumbing piping, fixtures, and some appliances. Students are trained in preparing for the repair job and estimating cost of the job. Emphasis placed on the integration of new materials, methods, and equipment in existing plumbing systems. Remodeling of existing plumbing is also presented in this course. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/Total 5 hours per week. S

PLUM 217 – Advanced Plumbing Systems (3 cr.)

Prerequisite(s): PLUM 115, PLUM 116, and PLUM 215 or instructor consent.
Energy conservation, water conditioning, and the latest innovations in appliances and accessories are covered in this overview course. Students study tankless water heaters, water softening systems, sump pumps, and other appliances and accessories in use in both residential and commercial building systems. Course is designed to assist students in preparing for related portion of NOCTI exam. Lecture 3 hours/Laboratory 2 hours/ Total 5 hours per week. S

Power Plant

PPIT 115 - Introduction to Power Plant Systems (3 cr.)

This introductory course defines the core concepts of power plant operations. Theory of power generation is addressed in the course. Development of skills necessary to identify major components and their function is a focus for student learning. Key terms associated with power plant systems and safety issues are addressed in the course. Lecture 3 hours per week. F

PPIT 125 - Power Plant Boilers and Operations (3 cr.)

The course addresses operations of most power plant boiler systems and terminology associated with those systems. Theory of boiler operations is addressed in the course. Development of skills necessary to identify major components in power plant boiler systems and their function is a focus for student learning. Safety issues specific to boiler systems are addressed in the course. Lecture 3 hours per week. SP

PPIT 127 - Power Plant Cycles (3 cr.)

The course is designed to provide an in-depth knowledge of the steam water cycle in a steam generation plant. Theory of steam generation is addressed in the course. Development of skills necessary to identify major components in a steam generation plant and their function is a focus for student learning. Safety issues specific to steam generation are also addressed in the course. Lecture 3 hours per week.

PPIT 129 - Power Plant Chemistry (3 cr.)

The course is designed to provide an introduction to the water treatment and environmental protection systems for power plants. Theory of water treatment operations is addressed in the course. Development of skills necessary to identify major components in a water treatment operation and their function is a focus for student learning. Terminology and safety issues specific to water treatment also are addressed in the course. Lecture 3 hours per week.

PPIT 235 - Steam Turbines and Generators (3 cr.)

The course is designed to provide a basic understanding of the operation of turbines within a power generation plant. Theory of steam turbine and generator operations is addressed in the course. Development of skills necessary to identify major components in steam turbines and generators along with their function is a focus for student learning. Terminology and safety issues specific to steam turbines and generators also are addressed in the course. Lecture 3 hours per week. SP

Practical Nurse

PNRS 105 - Personal and Vocational Concepts (3 cr.)

Prerequisite(s): Admission to the Practical Nursing Program.

This course is designed to help the adult learner adjust to the role of a student and to understand the role of the practical nurse. The course includes strategies to promote student success and focuses on practical nursing concepts that are required by the Missouri State Board of Nursing. Lecture 3 hours per week.

PNRS 107 - Body Structure and Function (5.5 cr.)

Prerequisite(s): Admission to the Practical Nursing Program.

This course is designated to provide the student with basic knowledge of human anatomy and physiology applicable to practical nursing. Lecture 5.5 hours per week.

PNRS 115 - Fundamentals of Nursing (12.25 cr.)

Prerequisite(s): Admission to the Practical Nursing Program.

This course teaches fundamental nursing knowledge and basic nursing skills needed to provide safe nursing care. Nursing skills are taught in the laboratory setting. Students will apply knowledge and learned skills in the clinical setting. Lecture 10 hours/Laboratory 5 hours/Clinical 4 hours/Total 19 hours per week.

PNRS 116 - Pediatric Nursing (3 cr.)

Prerequisite(s): PNRS 115.

This course includes normal growth and development of children from infancy through adolescence. Nursing care is discussed for selected pediatric disease and conditions. Clinical experience is included in this course. Lecture 2.8 hours/Clinical .8 hours/Total 3.6 hours per week.

PNRS 117 - Intravenous Therapy (.75 cr.)

Prerequisite(s): Admission to the Practical Nursing Program.

This course prepares the student to become IV-certified as a practical nurse in accordance with the Missouri Rule 20 CSR 2200-6.030. Lecture .75 hours per week.

PNRS 118 - Medical Surgical Nursing I (7 cr.)

Prerequisite(s): PNRS 115.

This course builds upon previously learned knowledge and skills. The course focuses on nursing care of the client with alterations in health. Specific focus is placed on immunity; fluid and electrolytes; surgical care; digestive; skin; urologic; musculoskeletal; eyes, ears, nose, and throat disorders. Clinical experience is included in this course. Lecture 6 hours/Clinical 4 hour/Total 10 hours per week.

PNRS 119 Medical Surgical Nursing II (7 cr.)

Prerequisite(s): PNRS 115.

This course builds upon previously learned knowledge and skills. The course focuses on nursing care of the client with alternations in health. Specific focus is placed on cardiovascular; neurological; respiratory; shock, cancer, and endocrine disorders. Clinical experience is included in this course. Lecture 6 hours/Clinical 4 hour/Total 10 hours per week.

PNRS 125 - Maternal/Newborn Nursing (3 cr.)

Prerequisite(s): PNRS 115.

This course focuses on safe nursing care for the maternal and newborn client. The student will learn about maternal care, conception through delivery, and newborn care. Clinical experience is included in this course. Lecture 2.8 hours/Clinical .8 hours/Total 3.6 hours per week.

PNRS 126 – Pharmacology (4 cr.)

Prerequisite(s): PNRS 115.

This course provides the student with knowledge of basic pharmacological principles. Lessons are categorized by pharmacological classifications with representative medications. Focus is placed on safe nursing care related to pharmacological therapy. Lecture 4 hours per week.

PNRS 127 - Mental Health (3 cr.)

Prerequisite(s): Admission to the Practical Nursing Program.

This course is designed to provide the student with the basic mental health concepts. Focus is placed on care of clients with common mental health

illnesses. Mental health issues throughout the lifespan are discussed. Clinical experience is included in this course. Lecture 2.8 hours/Clinical .8 hour/Total 3.6 hours per week.

PNRS 128 - Leadership and Management (3.5 cr.)

Prerequisite(s): PNRS 119.

This course focuses on the role of a Licensed Practical Nurse as a part of the dynamic healthcare system. Preceptor clinical experience is included in this course. In addition, the course will prepare the student to take the NCLEX-PN. Lecture 2 hours/Clinical 6 hours/Total 8 hours per week.

Psychology

PSYC 111 - General Psychology (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

General psychology addresses the basics of human development. The course analyzes psychological concepts and the various types of learning. Students will assess the relationship between brain development and behavior as it relates to psychological concepts. Lecture 3 hours per week. F, W, SP, S

PSYC 112 - Psychology of Personal Adjustment (3 cr.)

Prerequisite(s): PSYC 111.

Psychology of Personal Adjustment continues from General Psychology by completing the discussion on the basics of behavior and mental processes of organisms. The course reviews thinking, motivation, emotion, stress, personality, and psychological disorders. Students assess the relationship between behavior and mental processes as it relates to psychological concepts. Lecture 3 hours per week. SP

PSYC 223 - Child Psychology (3 cr.)

Prerequisite(s): ENGL 111.

Child Psychology looks at the physical, cognitive, and social development of the child through adolescence. The course reviews the major theories of child and adolescent development. This course also examines the child through adolescence in the context of the family, school, media, culture, and/or psychopathy. Lecture 3 hours per week. F, SP, S

PSYC 233 - Adolescent Psychology (3 cr.)

Prerequisite(s): ENGL 111.

Adolescent Psychology looks at the physical, cognitive, and social development of the adolescent. The course reviews the major theories of adolescent development. This course also examines the adolescent in the context of the family, school, media, culture, and/or psychopathy. Lecture 3 hours per week. F

PSYC 243 - Human Development Across the Life Span (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

Human Development Across the Lifespan defines the systematic changes and continuities that fall into three broad domains: physical development, cognitive development, and psychosocial development. The course reviews the major theories of human development. This course also examines the individual in the context of the family, school, media, culture, and/or psychopathy. Lecture 3 hours per week. F, W, SP, S

PSYC 255 – Abnormal Psychology (3 cr.)

Prerequisite(s): BHS 206 and PSYC 111.

Abnormal Psychology emphasizes terminology, classification, etiology, assessment, and treatment of the major disorders. Upon completion of this course, students should be able to distinguish between normal and abnormal behavior patterns as well as demonstrate knowledge of etiology, symptoms, and therapeutic techniques. Lecture 3 hours per week. SP

Reading

READ 01 – Transitional College Reading I (4 cr.)

Prerequisite(s): Appropriate placement score on the ACCUPLACER or ACT exam.

Corequisite(s): ACAD 101, if course requirement has not previously been met.

This course is the first of 2 courses to assist students in developing the skills required for college-level reading. With emphasis on building vocabulary, improving reading comprehension, and increasing reading rate, this course aims to empower students with independent learning techniques and effective study skills. Lecture 3 hours per week. F, SP, S

READ 02 – Transitional College Reading II (4 cr.)

Prerequisite(s): READ 01 or placement score of READ 02.

Corequisite(s): ACAD 101, if course requirement has not previously been met.

This course specifically focuses on advancing skills such as vocabulary, main idea, supporting details, inferences, organization, and textbook annotation. In addition, digital literacy, critical reading, and critical thinking skills are developed, specifically through the use of contextualized reading passages from a wide variety of disciplines and sources. Lecture 3 hours per week. F, SP, S

Social Work

SWRK 100 – Social Work (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

Social Work 100 introduces students to the discipline of social work (its origins, career potential, practice settings, and future trends) and provides a broad-based knowledge of social work generalist practice in diverse settings. Lecture 3 hours per week. F

SWRK 201 – Social and Economic Justice (3 cr.)

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course introduces students to the concepts and issues of social and economic justice as they relate to the field of social work. Lecture 3 hours per week. SP

SWRK 221 – Interviewing Skills for Generalist Practice (3 cr.)

Prerequisite(s): SWRK 100 or BHS 206.

This course provides an introduction to basic interviewing skills for generalist social work practice. Lecture 3 hours per week. FP

Sociology

SOCI 111 – General Sociology (3 cr.)

MOTR SOCI 101

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

Sociology is the scientific study of human groups. General Sociology provides sociological information (viewed from various sociological perspectives) about the foundations of society, social inequality, social institutions, and social change at both national and international levels. Lecture 3 hours per week. F, W, SP, S

SOCI 221 – Race and Ethnicity (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

Race and Ethnicity examines subordinate group experiences in American society and on a global scale. Race, ethnicity, and gender are the minority groups targeted for study. The sociocultural history, immigration, patterns of intergroup relations, and current status of various groups are explored. Lecture 3 hours per week. SP

SOCI 223 – Marriage and the Family (3 cr.)

Prerequisite(s): SOCI 111.

This course is an examination of various aspects of current family systems with an emphasis on their strengths and diversity. Five significant aspects are examined: the social context of intimate relationships, development and dynamics of intimate relationships, stages of marriage and family life, and challenges and opportunities facing families. Lecture 3 hours per week. F

SOCI 230 – Criminology (3 cr.)

Prerequisite(s): ENGL 111.

Criminology offers an introductory look at crime, crime patterns, crime causation, and societal reactions to crime. A multidisciplinary approach is used to examine crime from biological, psychological, and sociological theoretical perspectives. Lecture 3 hours per week. SP, S

SOCI 234 – Social Problems (3 cr.)

Prerequisite(s): SOCI 111.

The social problems course is designed to stimulate thinking, as well as furnish a body of knowledge concerning significant social problems facing modern American society and the world today. Social problems are explored from various sociological perspectives providing insights as to their possible causes and potential solution. Lecture 3 hours per week. F, SP

Spanish

SPAN 101 – Elementary Spanish I (3 cr.)

MOTR LANG 103

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This is an introductory course in the Spanish language. Students learn beginning vocabulary and develop basic listening, speaking, reading, and writing skills in the present tense in Spanish. Students are given the opportunity to actively communicate in Spanish as much as possible. They also gain knowledge about Spanish-speaking countries and culture. Lecture 3 hours per week. F, SP, S

SPAN 102 – Elementary Spanish II (3 cr.)

MOTR LANG 104

Prerequisite(s): SPAN 101 with a minimum letter grade of C.

Students learn more common vocabulary and continue to develop listening, speaking, reading, and writing skills in the present, future, and past tenses in Spanish. In-class exposure to Spanish is increased and opportunities to communicate in Spanish are more extensive. They obtain further knowledge of Hispanic cultures, as well. Lecture 3 hours per week. SP, S

SPAN 201 – Intermediate Spanish I (3 cr.)

Prerequisite(s): SPAN 102 or equivalent.

While students continue to learn vocabulary and culture relevant to life in the 21st century Spanish-speaking world, they also learn methods of communication in the past in Spanish, including the reiterate, imperfect, and present perfect tenses. In addition, they are given more frequent opportunities to carry on conversations in role-plays in order to increase their oral confidence and fluency. Lecture 3 hours per week. F

SPAN 202 – Intermediate Spanish II (3 cr.)

Prerequisite(s): SPAN 201 or equivalent.

Students learn vocabulary and culture relevant to health, professions, and tourism. Methods for utilizing Spanish persuasively are given and exercised as students learn the imperative and subjunctive moods, as well as the conditional and future tenses. They are again given opportunities to converse in role-plays. Students will be able to further their Spanish subsequently either at the 300 level at university or by traveling abroad. Lecture 3 hours per week. SP

Speech Communication

SCOM 101 - Human Communication (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course is designed to introduce students to both the theories and application of oral communication. Students are instructed in interpersonal, group, organizational, and public communication contexts. A variety of exercises give students the opportunity to recognize and advance basic communication skills. Lecture 3 hours per week. SP, S

SCOM 110 - Public Speaking (3 cr.)

MOTR COMM 110

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

This course is designed to introduce students to both the theories and application of oral communication. Students are instructed in the areas of purpose, content, organization, and presentation. In addition, instruction is provided in general concepts, including, but not limited to, interpretation, critical listening, evaluation, ethics, and nonverbal communication. A variety of learning exercises are employed to assist students in developing and enhancing public speaking skills accordingly. Lecture 3 hours per week. F, W, SP, S

SCOM 125 - Communication in the Workplace (3 cr.)

A study in communication concepts, strategies, and rules that govern human interaction in the workplace. Lecture 3 hours per week. F, SP

SCOM 210 - Interpersonal Communication (3 cr.)

Prerequisite(s): ENGL 02 and READ 02 or Writing and Reading placement of ENGL 111.

A study in the theory and practice of interpersonal communication within a variety of contexts. This course is designed to promote awareness and understanding, of how human communication processes impact perception, understanding, and the assignment of meaning. Students explore and participate in principles of self-realization, behavioral communication, effective listening, conflict management, climates, and gender and cultural implications on communication. Lecture 3 hours per week. F

SCOM 213 - Advanced Public Speaking (3 cr.)

Prerequisite(s): SCOM 110.

This course provides increased experience and extended coverage of what is learned in Public Speaking. Exceptional use of language, alternate delivery styles and techniques, alternate audiences, and advanced forms of evaluation and criticism is emphasized. Lecture 3 hours per week. SP

SCOM 243 - Argumentation and Debate (3 cr.)

Prerequisite(s): SCOM 110.

This is a basic course that introduces students to the principles and foundations of argumentation. The course is centered on argumentative analysis, evidence, reasoning, and presentation. Lecture 3 hours per week.

Theater Arts

THEA 120 - History and Appreciation of Theater (3 cr.)

MOTR THEA 100A

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course examines the development of theatre and its cultural significance throughout history. The course study includes the artistic and technical elements of theatre, significant movements in the history of theatre, different styles and genres of plays, and theatre criticism. Lecture 3 hours per week. F, SP

THEA 122 - History and Appreciation of Film (3 cr.)

MOTR FILM 100

Prerequisite(s): READ 02 or Reading placement of ENGL 111.

This course examines the development of motion pictures as an art form throughout its history. The course study includes the artistic elements of cinema, domestic and international cinema, significant movements in cinema's history, and different styles, forms, and genres of cinema. Lecture 3 hours per week. F, SP, S

Welding

WELD 156 – Introduction to SMAW (Shielded Metal Arc Welding) (4 cr.)

This introductory course is designed to develop knowledge, skills, and behaviors in welding safety, operation of welding power sources, and accessories, and using the Arc welding process. Lecture 2 hours/Laboratory 4 hours/Total 4 hours per week. F, SP

WELD 157 – Introduction to GTAW (Gas Tungsten Arc Welding) (4 cr.)

Prerequisite(s): READ 01 or placement score of READ 02.

This introductory course is designed to develop knowledge, skills, and behaviors in welding safety, gas cylinder usage, and storage. The course covers welding power sources, accessories, and welding positions. Lecture 2 hours/Laboratory 4 hours/Total 4 hours per week. F, SP

WELD 158 – Introduction to GMAW (Gas Metal Arc Welding) (4 cr.)

This introductory course is designed to develop knowledge, skills, and behaviors in welding safety, gas cylinder usage, and storage. The course covers Gas Metal Arc Welding fundamentals, equipment set up, adjustment, and metal transfer with shielded gases. Lecture 2 hours/Laboratory 4 hours/Total 4 hours per week. F, SP

WELD 159 – Introduction to FCAW (Flux Cored Arc Welding) (4 cr.)

This introductory course is designed to develop knowledge, skills, and behaviors in welding safety, gas cylinder usage, and storage. This course covers use of semi-automatic flux core welding machine power sources, equipment, and accessories, machine adjustments, and recognition of weld quality. The student develops skills to make multi pass welds in all welding positions. Lecture 2 hours/Laboratory 4 hours/Total 4 hours per week. F, SP

WELD 165 – Welding Blueprint Reading (3 cr.)

The advanced level course is designed to reinforce concepts such as welding safety, gas cylinder usage and storage, and equipment maintenance. Best practices in the advanced techniques of GMAW (Gas Metal Arc Welding) including operation of welding machine power sources with accessories, material information, and selection of welding fillet gauge is studied. The student develops the ability to make welds in positions 1F – 4F, on fillet and butt joints using hard MIG wire. Lecture 2 hours/Laboratory 2 hours/Total 3 hours per week. F, SP

WELD 167 – Thermal Cutting (2 cr.)

Prerequisite(s): READ 01 or placement score of READ 02.

This course is designed for the student to learn a variety of cutting techniques using an oxygen and acetylene torch, plasma torch, track torch, pipe torch, and arc gouge. Lecture 1 hour/Laboratory 2 hour/Total 3 hours per week. F

WELD 169 – Pipe Fitting (3 cr.)

Prerequisite(s): READ 01 or placement score of READ 02.

Corequisite(s): WELD 165.

This course is designed to develop the skills learn pipe fitting. The student will learn to cut, prep, and fit pip and develop skills to fabricate a fit up in most positions in additions to tacking the pipe to prepare it for the welder. Lecture 1 hour/Laboratory 4 hours/ Total 5 hours per week. SP

WELD 175 – Introduction to Metallurgy (2 cr.)

Prerequisite(s): READ 01 or placement score of READ 02.

Recognize fundamental principles related to welding metallurgy. This includes identifying stress and distortion and how to correct distortion with stainless, aluminum, and carbon steel. Lecture 1 hour/Laboratory 2 hours/Total 3 hours per week. SP

WELD 256 – Advanced SMAW (Shielded Metal Arc Welding) (4 cr.)

Prerequisite(s): WELD 156.

This advanced level course is designed to apply welding skills to construct multi-pass fillet welds on inside corner joints, flat lap, butt joints, and stringer and weave beads in all welding positions using various diameter electrodes. Lecture 2 hours/Laboratory 4 hours/Total 4 hours per week. F, SP

WELD 257 – Advanced GTAW (Gas Tungsten Arc Welding) (4 cr.)

Prerequisite(s): WELD 157.

This course is designed to learn proper skills in welding safety, gas cylinder usage and storage, and to develop deeper skills with gas tungsten metal arc welding, operation of welding power sources, and mechanical accessories. Metallurgy principles, proper heat and wire speed selection for a variety of material will be taught. Lecture 2 hours/Laboratory 4 hours/Total 6 hours per week. SP

WELD 258 – Advanced GMAW (Gas Metal Arc Welding) (4 cr.)

Prerequisite(s): WELD 158.

This advanced level course is designed to apply knowledge, skills, and behaviors in the advanced techniques of GMAW welding. This course covers material information, selection of welding fillet gauge, weld in all welding positions on fillet and butt joints. Lecture 2 hours/Laboratory 4 hours/Total 4 hours per week. F, SP

WELD 259 – Advanced FCAW (Flux Cored Arc Welding) (4 cr.)

Prerequisite(s): WELD 159.

This course is designed to deepen the knowledge of the student with regard to welding safety, gas cylinder usage, and storage. The course will cover welding power sources, accessories, and welding positions. Lecture 2 hours/Laboratory 4 hours/Total 6 hours per week. SP

WELD 265 – Welding Fabrication (3 cr.)

This course is a comprehensive study of welding technology and applications. The course covers welding and cutting processes, welding assemblies, fabrication cutting, metallurgy, material conformity, measurement, and layout. Lecture 2 hours/Laboratory 2 hours/Total 3 hours per week. F, SP

COLLEGE PERSONNEL

COLLEGE PERSONNEL

Abney, Robert

Director, Tinnin Center

B.S., Hannibal LaGrange University

Adams, Chris

Director of Enrollment Services/Student Development

B.S., Western Illinois University; M. Ed., University of Missouri – St. Louis

Alford, Jason

Controller

A.A.S., Three Rivers College; B.S., Central Methodist University

Allen, Kimberly

Instructor in Nursing

A.A., Freewill Baptist Bible College; B.S., Sterling College; B.S.N., Arkansas State University; M.B.A., William Woods University; M.S.N., Central Methodist University

Allen, Larry Todd

ACHIEVE Program Director

B.C.E., Ozark Christian College; M.Ed., Lincoln University

Allen, Melissa

Administrative Assistant/Career Studies and Workforce Development

A.S. Missouri Southern State University; B.S. Central Methodist University

Armor, Jack

Coordinator, Fire Training

Missouri Division of Fire Safety Service
Instructor

Atwood, Steve

Chief Technology Officer

A.A., A.A.S., Three Rivers College; B.S., Hannibal-LaGrange University

Avery, Debra

Associate Professor in Nursing

A.A.S., Three Rivers College; B.S.N., Southeast Missouri State University; MSN, Walden University

Ballard, Kathy S.

Director, Kennett

B.S.E., Arkansas State University; M.S., University of Tennessee

Becker, Julie G.

Professor in Information Systems Technology

B.S., M.S.E., Sp.Ed., Southeast Missouri State University

Bess, Brian K.

Assistant Men's Basketball Coach/Professor in Physical Education

A.A., Three Rivers College; B.A., Arkansas College; M.S., Arkansas State University

Bess, Gene V.

Men's Basketball Coach/Professor in Physical Education

B.S.E., Southeast Missouri State University; M.S., University of Missouri; S.C.T., Murray State University

Bixby, Davina

Student Services Advisor II

B.A., Slippery Rock University; M.A., Ohio State University

Bixby, Ryan C.

Instructor in Social Science

B.A., M.A., Slippery Rock University; Ph.D., University of Akron

Brasher, Morgan

Instructor in Nursing, Sikeston

LPN, Pemiscot Memorial Vocational School of Practical Nursing; A.A.S., Three Rivers College; B.S.N., Southeast Missouri State University; M.S.N., Central Methodist University

Brooks, Brandi

Director, Educational Talent Search

B.S., M.A., Southeast Missouri State University

Brown, Larissa

Practical Nursing Coordinator/Instructor

B.S.N., Southeast Missouri State University; M.S., University of Central Missouri

Bubanovich, Gina

Assistant Director, Enrollment Services

A.S., John A. Logan Community College; B.S., Southern Illinois University; M.A., Southeast Missouri State University

Bullington, Kenny D.

Professor in Mathematics

A.A., Mississippi County Community College; B.S., M.S., Arkansas State University

Burchard, April

Instructor in Mathematics

A.A., Three Rivers College, B.S., Central Methodist University; M.Ed., Concordia University

Burge, Valjeane

Secretary, ACHIEVE

A.A., Three Rivers College

Burkey, R. Stacey

Baseball Coach/Professor in Physical Education

A.A., Three Rivers College; B.S.E., Southwest Missouri State University; M.S.E., Arkansas State University

Cagle, Gina L.

Associate Professor in Psychology

A.A., Kaskaskia College; B.S., M.S., Southern Illinois University

Calvert, Robby

Coordinator of Disability Services

A.A., Del Mar College; B.A., Howard Payne University; MACOMM, Southwest Baptist Theological Seminary

Carlton, Heather

Associate Professor in Information System Technology

A.A., Three Rivers College; B.S., Hannibal-LaGrange University; M.B.A., William Woods University

Cates, Cassandra

College Store Coordinator

Clanahan, Matthew

Director, Developmental Education Program

A.A., Three Rivers College; B.S., Southeast Missouri State University; M.Ed., Central Methodist University

Clyburn, Adrian

Admissions Specialist

A.A., Three Rivers College; B.G.S., Southeast Missouri State University

Cooper, William

Director, Workforce Development

A.A., Three Rivers College; B.S., Central Methodist University; M.B.A., William Woods University

Cornman, Heather

Instructor in Early Childhood

Development/Program Coordinator

A.A., Three Rivers College; B.S., Missouri State University; M.Ed., Central Methodist University

Cowan, Jason

Assistant Professor in English

B.S., M.A., Southeast Missouri State University

Crafford, Kevin

Assistant Network Administrator

A.A.S., Iowa Central Community College

Crocker, Traven

Science Lab Assistant

A.A., Three Rivers College; B.S., Arkansas State University; M.S., Arkansas State University

Cunningham, Tami

Assistant Professor in EMS

EMT; Paramedic; B.A.S., Hannibal-LaGrange University; M.B.A., William Woods University

Davis, Judith

Instructor, Social Science

B.S., M.A., Southeast Missouri State University

Davis, Melissa

Department Chair, Languages, Communication, Fine Arts, and Agriculture

B.S., Roanoke College; Ph.D., Virginia Tech

Davis, Suzanne
Outreach Specialist, Educational Talent Search
B.S., University of Arkansas

DeAngelo, Lisa
Welcome Center Facilitator

DeAngelo, Michael
Associate Professor in Chemistry
A.S., Adirondack Community College; B.A.,
M.A., Plattsburgh State University of New York

Dilbeck, Edie
Executive Assistant to the Chief Academic Officer
A.A., Three Rivers College; B.S., Arkansas
State University - Jonesboro

Dodson, Sherri
Practical Nursing Instructor
P.N., Sikeston Public Schools/Practical Nurse
Program; A.S.N., Park University; B.S.N.,
Southeast Missouri State University

Dougherty III, William John
Information System Specialist
A.A.S., Three Rivers College; B.A., B.S., Central
Methodist University

Dow, James
Instructor in Industrial Technology
Southeast Missouri State University
Coursework

Eaton, Marsha J.
Associate Professor in Nursing
B.S.N., Murray State University; M.S.N.,
University of Phoenix

Eriksson, Mark
Assistant Professor in Mathematics
B.S., University of Illinois at Champaign;
M.S., Northern Illinois University

Eubank, Charlotte
Chief Financial Officer
B.B.A., University of Central Arkansas;
M.B.A., William Woods University

Fielding, David G.
Professor in Art
B.F.A., Kansas City Art Institute; M.F.A., Fort
Hays State University

Fincher, Haley
Student Services Advisor II
A.A., Three Rivers College; B.S., M.S.,
Arkansas State University

Fisher, Michelle A.
Associate Professor in Biology
A.A., Shawnee Community College; B.S.,
M.N.S., Southeast Missouri State University

Foster, Staci
**Department Chair/Assistant Professor, Nursing
and Allied Health**
B.S.N., University of Central Arkansas; M.S.N.,
University of Phoenix; Ph.D., Capella University

Fox, Melissa
Academic Records Clerk

Franklin, Carrie
Communications Coordinator-Content
A.A., Three Rivers College; B.S., Missouri State
University

Freeman, Anita
Executive Assistant to the Chief Financial Officer
A.A., A.A.S., Three Rivers College; B.S.,
Hannibal La Grange University

Giossi, Joseph
Instructor in Life Science
B.S., South Dakota State University; M.S., The
Pennsylvania State University

Gordon, Benjamin
Coordinator, Distance Learning Services
B.S., DeVry University

Gragg, Leslie
**Department Chair, Math, Science, Social Science,
and Physical Education**
A.A., Three Rivers College; B.S., D.C., Logan
College of Chiropractic

Gray, Lisa A.
Instructor in Reading
A.A., Mineral Area College; B.A., B.S., Southeast
Missouri State University

Greer, Sara
Facilitator, Sikeston
B.A., Randolph-Macon Woman's College; M.A.,
Webster University

Grissom, Brandy
Instructor in Nursing
B.S.N., Southeast Missouri State University;
M.S.N., Central Methodist University

Gwin, Jason
Assistant Softball Coach

Halcumb, Cambrea
**Director of Procurement Services and Risk
Management**
A.A., Three Rivers College; B.S., William Woods
University

Hale, Elizabeth
College Store Coordinator
A.A., Three Rivers College

Hall, Michelle
Assistant Professor in Nursing, Sikeston
A.A.S., Three Rivers College; B.S.N., Central
Methodist University; M.S.N., Central
Methodist University

Hamann, Melanie
Registrar
A.A., Three Rivers College; B.S., Hannibal-
LaGrange University

Heath, Janine
Executive Assistant to the President
B.S., Southwest Missouri State University

Herring, Brandy
Instructor in Nursing
B.S.N., Southeast Missouri State University;
M.S.N., Central Methodist University

Hicks, Amanda
Director, Student Accounts & Billing Services
A.A., Three Rivers College; B.S., M.A., Hannibal-
LaGrange University

Hilburn, William
Athletic Facilities and Equipment Manager
A.A.S., Three Rivers College

Hoggard, Justin O.
Dean of Instruction
B.S.Ed., M.A., SCCT, Arkansas State
University; Ed.D., William Woods University

Hoggard, Lori
Behavior Health Support Program Coordinator
B.A., Arkansas State University; M.S.W.,
University of Arkansas, Little Rock

Holifield, Demetra
Facilitator, Kennett
A.A.S., Mississippi County Community College

Holmes, Kellee
Instructor in Nursing, Sikeston
B.S.N., Southeast Missouri State University

Hopper, Mark
HVAC Maintenance Technician
Associate of Occupational Studies, Vatterott
College

Horne, Claudia
Director, Piedmont
B.S.E., M.A., Southeast Missouri State University

Howell, Shane
Student Services Advisor II/Kennett and Sikeston
A.A., Jefferson College; B.S., Missouri Baptist
University

Hunsberger, Kevin
Purchasing Agent
A.A., Three Rivers College; B.S., Central
Methodist University

Huskey, James
Assistant Coordinator, Distance Learning Services
A.A., Three Rivers College

Inman, Jennifer
Assistant Director, Human Resources/Payroll
A.A., Three Rivers College; B.S., William
Woods University; B.S., Central Methodist
University

Inman, Shelia
Coordinator, Career Services
A.A., Three Rivers College; B.S., Southeast
Missouri State University; M.B.A., William
Woods University

Jameson, Alexander
Financial Aid Specialist
A.A.T., Three Rivers College

Jansen, Robert
Executive Director of Retail Operations
B.A., M.B.A., Southern Illinois University

Johnson, Teresa
Director, Communications
B.J., University of Texas

Joplin, Derek
Instructor in Welding
Master Diploma, Missouri Welding Institute

Julian, Casey
Assistant Director, Housing
A.A.; Certificate, Three Rivers College; B.S.,
Central Methodist University

Kearbey, J. Wayne
Maintenance Specialist-Off Campus

Kenley, Joseph
Director, Dexter
B.S., Virginia State University; M.A., Argosy
University

King, Tracy
Executive Assistant, Dean of Student Services
A.A., A.A.S., Three Rivers College, B.S., Hannibal
LaGrange University

Kirkman, Martha K.
Associate Professor in Business Management
B.S., M.A., Southeast Missouri State
University; Ed.D., University of Missouri

Knox, Cassie
Student Services Advisor II
A.A., Three Rivers College; B.S., Southeast
Missouri State University; M.Ed., University of
Missouri-Columbia

Kopf, Amy
Associate Professor in Chemistry
B.S., Michigan State University; Ph.D.,
Northwestern University

Lamb, Christopher
HVAC Technician/Electrician
Type I and II Refrigeration, Mainstream
Engineering/EPA

Lane, Michelle
Assessment Coordinator
A.A., Three Rivers College; B.S., Central
Methodist University; M.A., Southeast Missouri
State University

Larson, Paul
Instructor in Physics
B.A., St. Olaf College; Ph.D., Michigan State
University

Lauder, Daniel
**Department Chair, Career Studies and Workforce
Development**
A.A.S., College of Dupage; B.S., M.S., Cardinal
Stritch University; Ed.D., Maryville University;
M.A., Southeast Missouri State University

Laxton, Jamie
Outreach Specialist, Educational Talent Search
A.A., Three Rivers College; B.G.S., Southeast
Missouri State University

Lewis, Steven D.
**Associate Professor in Communications and
Language**
B.S.Ed., M.A., Arkansas State University;
M.Ed., University of Missouri St. Louis

Libla, Nicholas
**Technology & Computer Services Project
Specialist**
A.A.S., A.A.S., Three Rivers College

Macke, Marsha
Practical Nursing Instructor, Sikeston
B.S.N., University of Phoenix

Morris, Regina
Director of Financial Aid
A.A., Three Rivers College; B.S., Hannibal-
LaGrange University

Musser, Alysia
Student Loan Management Specialist
A.A., A.S., Three Rivers College

Niblock, Kristy
Assistant Professor in Social Science
B.S., Ferris State University; M.A., Western
Michigan University

Nicholson, Guy
Finishing Carpenter

Null, Jeffrey
Head Softball Coach
A.A., North Arkansas Community College; B.S.,
Southwest Baptist University

O'Neal, Kayla
Facilitator, Dexter

Orlando, Margaret
Assistant Professor in Speech Communication
A.A., Three Rivers College; B.A., M.A.,
Missouri State University

Patterson, Diane M.
Coordinator of Testing Services
A.A.S., A.A., Three Rivers College; B.S.,
M.B.A., William Woods University

Payne, Maribeth
Dean, Institutional Effectiveness
B.S., M.S., Palm Beach Atlantic University;
Ed.D., Nova Southeastern University

Payne, Wesley A.
President
A.A., Northwest Mississippi Community
College; B.P.S., University of Memphis;
M.B.A., Embry-Riddle Aeronautical
University; Ph.D., Mississippi State
University

Pearson, Robin
Financial Aid Verification Specialist
A.A., Three Rivers College

Phipps, D. Chad
Head Rodeo Coach
B.U.S., The University of Tennessee at Martin

Pickens, Derek
Library Technology Coordinator
A.A.S., Three Rivers College; B.A.S., Central
Methodist University; MLIS, Indiana
University

Pierce, Andrea
Practical Nursing Instructor
A.A.S., Three Rivers College; B.S.N. Central Methodist University; M.S.N., Central Methodist University

Prejean, Kathleen
Assistant Professor in Biology
B.S., M.A., Ph.D., University of Arkansas

Price, Marsha Dawn
Outreach Specialist, Educational Talent Search
B.S.E., Central Michigan University

Quick, Zachary
Library Specialist
A.A., St. Louis Community College; B.A., Southeast Missouri State University

Reed, Erick
Grounds Keeping/Maintenance

Reynolds, Michelle
Director, Development
B.J., University of Missouri at Columbia

Richardson, Kathy T.
System Administrator
A.A., B.S., Southeast Missouri State University

Rivetti, Andrew F.
Professor in Foreign Language
B.A., Wright State University; M.A., Miami University

Ross, Deanna
Learning Specialist, ACHIEVE Program
A.A., Three Rivers College; B.S., Hannibal LaGrange University

Rossi, Richard
SkillUP Recruitment/Retention Specialist
A.A., Three Rivers College

Rundquist, Stefanie
Instructor in Nursing
E.M.T., A.A.S., Arkansas Northeastern College; B.S.N., Southeast Missouri State University; M.S.N., Central Methodist University

Ryan-Anderson, Mairead
Professor Emeritus
B.S., Ph.D., National University of Ireland

Samuell, Tiechera
Associate Professor in English
B.A., Southeast Missouri State University; M.A., Western Illinois University

Sanders, Alice Faye
Instructor in Teacher Education/Program Coordinator
A.A., Three Rivers College; B.S., Southeast Missouri State University; M.A., William Woods University; Ed.D., Lindenwood University

Sanders, Mark J.
Associate Professor in English
B.J., M.A., University of Missouri

Shackleford, Kimberly
Director of Nursing/Assistant Professor
A.A.S., Mississippi County Community College; B.S.N., Southeast Missouri State University; M.S.N., University of Phoenix

Shepherd, Hattie
Admissions Specialist
A.A.T., Three Rivers College

Sherrer, Bryan
Player Development Coordinator
A.A., Three Rivers College; B.A., University of South Alabama; M.S., Murray State University

Sisco, Tara
Administrative Assistant/Athletics

Sitzes, Penny
Administrative Assistant/Technology and Computer Services
B.S., Harding University

Smith, Tyler
Assistant Baseball Coach/Academic Advising & Planning
A.A., Three Rivers College; B.S., Arkansas State University; M.S., Emporia State University

Snell, Gregory
Assistant Professor in English
B.A., M.A., Andrews University

Sparkman, Kayla
Spirit Squad Coach
B.G.S., Southeast Missouri State University

Spradling, Wendy
Data Entry Clerk

Stratton, Charles
Director of Public Safety

Stiriz, Barbara
Administrative Assistant, Physical Plant
A.A., A.S., Brevard Community College; B.A.S., Hannibal LaGrange University

Taegtmeyer, Amanda
Practical Nursing Coordinator/Instructor, Sikeston
A.A., Three Rivers College; B.S.N., Southeast Missouri State University

Taylor, Adam
Maintenance-Skilled Construction Specialist

Taylor, Amanda
Coordinator, Academic and Career Outreach Services
A.A., Three Rivers College; B.G.S., Southeast Missouri State University

Thompson, Dionne W.
MLT Program Director/Professor in Medical Laboratory Technology
B.S., Arkansas State University; MT (ASCP); M.S.E., William Woods University

Tinsley, Gail
Director, University Center
A.A., Al Camino College; B.S., Hannibal LaGrange University

Tomlinson, Robert
Director of Physical Plant
A.A.S., Three Rivers College; B.A.S., Hannibal LaGrange University

Tutor, Dawn
Technology & Computer Services External Locations Specialist
A.A.S., Three Rivers College

Ursery, Sheila
Library Outreach Coordinator

Vazquez, Amanda
Communications Coordinator-Visual
A.A. Three Rivers College; B.S., Central Methodist University

Walk, Jeff
Co-Head Coach, Women's Basketball
A.A., Three Rivers College; B.S., M.S., Southeast Missouri State University

Ward, Stacey
Library Public Services Coordinator
A.A., Three Rivers College

Watson, Virginia
Senior Administrative Assistant/Department of Nursing & Allied Health
A.A.S., Three Rivers College; B.A.S., Hannibal LaGrange University

Wesemann, Lee Ann
Student Account Specialist
A.A., East Central College

Westbrooks, Shawn
Associate Professor in Criminal Justice
A.A., Eastern Oklahoma State College; B.S., M.S., Oklahoma State University

Wheeler, Kevin W.
Associate Professor in Mathematics
B.Ed., Lock Haven University; M.Ed., Delta State University

White, Cindy J.
Professor in Music
B.M., B.M.E., M.A.T., Southeast Missouri State University

DISCLAIMERS AND LEGAL NOTICES

THREE RIVERS COLLEGE CATALOG 2019-2020

This catalog is effective beginning July 1, 2019, and is in effect for the 2019-20 academic year. While every effort has been made to make this publication accurate, the information is subject to change. Please refer to the College website at www.trcc.edu for the most current information. The catalog does not constitute a contract, explicit or implied, and the College reserves the right to make changes in the best interests of our students and the College.

Students are responsible for fully meeting the requirements for graduation listed in this catalog.

Information that the College is required to make available under the Student Right to Know and Campus Security Acts may be obtained from the Office of Student Services at 573-840-9669 or in writing at 2080 Three Rivers Blvd., Poplar Bluff, MO 63901.

In compliance with the Digital Millennium Copyright Act, Three Rivers College has appointed Steve Atwood, Chief Technology Officer, as the College's agent to receive notification of claimed infringement from a copyright owner.

Three Rivers College prohibits discrimination on the basis of race, color, religion, disability, age, gender, or national origin in any phase of its admission to or employment in its education programs or activities.
