Three Rivers College will fund the cost of meals or food served at college meetings, events, or activities as follows:

1. When the College hosts invited guests from outside the college.
2. With prior approval of the college president, when the college hosts a candidate for a position. (This does not apply to candidates in travel status for which only the candidate’s meals will be reimbursed in accordance with the College Employment Selection/Screening Committee Handbook.)
3. When there is a clear, documented, business related purpose.
4. When the meal is necessary for the continuity of the meeting.
5. When approved in advance by the college president.

According to Generally Accepted Accounting Principles (GAAP), for all events, a list of invited attendees along with a statement of the business related purpose and an **itemized receipt** are required documentation to process payment or reimbursement. For groups of more than 10 individuals, a general statement describing those invited (e.g. members of the community; all faculty and staff) may be used in lieu of a list of invited attendees. Meal costs shall not exceed $25 per person (including tax and gratuity) for breakfast or lunch and $50 per person (including tax and gratuity) for dinner events. Under no circumstance will the cost of alcoholic beverages be covered by college funds.

**Food Services Provider Exclusivity**

The college contract with its food services provider grants certain rights of exclusivity with regard to sales of food on the Poplar Bluff campus. As such, the provider has the right of first refusal to provide any and all catering and other food events on the Poplar Bluff campus. College units wishing to use college funds for the purchase of food from another vendor must obtain written approval from the college’s food services provider to the purchase of such items. This provision relates solely to purchases of commercially prepared food items using college funding and
includes all on-campus delivery or pick up of prepared food items for consumption on the Poplar Bluff campus.

**Methods of Purchase**

Proper purchasing procedures must be followed when incurring costs for food and food services, regardless of the vendor used, including the college contracted food services provider. Meal expenses for employees in travel status are governed under the terms of the travel policy and regulation and not this policy. Any of the following methods are acceptable for incurring food and food services related costs:

1. A purchase requisition to generate a one-time purchase order may be issued to the vendor for an estimated amount of the food and related costs and is the desired method for all food purchases. This method must comply with the quotation and bid requirements of the College - Bidding Thresholds Regulation, FR3150. Documentation of business related purpose and a list or identifying statement of proposed attendees must be provided at the time of the requisition.

2. A blanket type of purchase order may be used to incur food and food services related expenses when the request is for recurring meetings or when approval is being requested for entities that will not bill the college and must have prepayment. Supporting estimates must be submitted with the request along with justification as to why prepayment is required. A check can be issued from the Blanket Purchase Order to either the entity providing the food and services or the individual that will be paying at the time of the event. This must be clearly noted on the request form.
