Three Rivers College subscribes to an open access concept in order to provide full educational opportunities. The Board of Trustees authorizes the College President to establish policy and regulations for admission which encourages the enrollment of all persons who can benefit from the educational programs of the College. The College strictly adheres to all local, state, accreditation and federal policy and rules that may apply to college admissions. The College commits itself to the policy that there shall be no unlawful discrimination against any person because of race, color, religion, sexual orientation, disability, age, gender, or national origin.

The College may restrict or deny admission to any applicant based on criteria which the College may or may not have in its direct control. The College may deny admission to any student based on a review of the student's intake information and whose record of behavior indicates that his or her admission would disrupt the orderly process of the College's programs, would interfere with the rights and privileges of other students, creates a threat or potential danger to the college community, is statutorily barred from the College, or if such denial of access is considered to be in the best interest of the College.

The College complies with Missouri House Bill 1606 regarding accessibility to prospective students of all program information through the College Scorecard disclosure that includes the number of credit hours, program length, employment rate, wage data, and graduates employed in careers related to their program of study found on the [Consumer Information Page](#).
